TABLE OF CONTENTS

INVITED LECTURES, CONTINUING EDUCATION, FRIDAY

Estrel Saal A

Fetlock

VAN WEEREN, R. (Utrecht, NL):	1
Pathogenesis of fetlock joint osteoarthritis	
WELLER, R. (Hatfield, UK):	4
Fetlock: How to improve radiographic diagnostics?	
HELLIGE, M. (Hannover, DE):	8
Indications for ultrasonography of the fetlock joint	
WELLER, R. (Hatfield, UK):	11
Fetlock: Advanced imaging: What, when, why?	
VAN WEEREN, R. (Utrecht, NL):	14
Update on intraarticular medication of fetlock OA	
MARTENS, A. ET AL. (Ghent, BE):	18
Indications for fetlock immobilization	
LISCHER, C. (Berlin, DE):	21
Management of intraarticular fractures	
MARTENS, A. ET AL. (Ghent, BE):	25
Is arthroscopy of the fetlock always simple?	

Update on Diagnosis of Neck Problems

MÜLLING, C. (Leipzig, DE):	28
Anatomy and biomechanic of the neck	
DELLING, U. ET AL. (Hannover, DE):	29
Neck: Is it ataxia or lameness?	
WELLER, R. (Hatfield, UK):	32
Neck: Radiography of the neck	
HELLIGE, M. (Hannover, DE):	36
Advanced imaging modalities of the neck	

Management of Neck Problems

WIJNBERG, I. (Utrecht, NL):	39
Electromyography and other techniques	
FÜRST, A. ET AL. (Zürich, CH):	47
How to differentiate neck and back problems	
VAN WEEREN, R. (Utrecht, NL):	50
Medical management of neck problems	
FÜRST, A. ET AL. (Zürich, CH):	53
Management of neck problems: When is surgical intervention indicated?	
WIJNBERG, I. (Utrecht, NL):	56
Rehabilitation in horses with neck lesions	

INVITED LECTURES, CONTINUING EDUCATION, SATURDAY

Estrel Saal A

Emerging Diseases

LEBLOND, A. ET AL. (Lyon, F):	62
West Nile Fever – A European perspective	
SLATER, J. (Hatfield, UK):	66
A global view on Equine Herpesvirus infections	
LEBLOND, A. ET AL. (Lyon, F):	70
Is African Horse Sickness a threat for Europe?	
SLATER, J. (Hatfield, UK):	74
Update on Streptococcus equi infections	
LEBLOND, A. ET AL. (Lyon, F):	78
Management of Piroplasmiasis	

Acute Abdomen

FEIGE, K. ET AL. (Hannover, DE):	82
Principles of fluid therapy – Enteral versus intravenous	
SOUTHWOOD, L. L. (Pennsylvania, USA):	85
Metabolic pitfalls in the postoperative colic patient	
VAN GALEN, G. (Copenhagen, DK):	89
Fast localized abdominal sonography of horses (flash)	
SOUTHWOOD, L. L. (Pennsylvania, USA):	92
Are prokinetic drugs effective?	
RÖTTING, A. (Hannover, DE):	96
Intestinal biopsies in colic patients	

How to Manage Complications

LEPAGE, O. (Lyon, F):	99
How to reach better wound treatment results	
WELLER, R. (Hatfield, UK):	102
Neck: How to prevent common misinterpretations?	
VERWILGHEN, D. (Copenhagen, DK):	106
Surgical site prevention in equine medicine	
VERWILGHEN, D. (Copenhagen, DK):	110
How to manage ventral midline infections	

SCIENTIFIC PROGRAM, FRIDAY

Estrel Paris

Gastroenterology

VENNER, M. ET AL. (Destedt, DE):	117
Effects of two alfalfa preparations with different particle sizes on the gastric mucosa in weanlings: Alfalfa chaff versus alfalfa pellets	
ERTELT, A. ET AL. (Berlin, DE):	118
Evaluation of management factors and their impact on strongyle infections in horses	
BREITENSTEIN, M. ET AL. (Leipzig, DE):	119
Alcohol dehydrogenase activity as a predictor of intestinal epithelial alteration and of colic surgery outcome	
FEY, K. ET AL. (Gießen, DE):	120
Randomised controlled comparison of Flunixin and Firocoxib after colic surgery	
GAUS, M. ET AL. (Hannover, DE):	121
Vacuum therapy after ventral midline incisions in horses	

Neurology and Metabolic Disorders

FEY, K. ET AL. (Gießen, DE):	122
Influence of once versus twice daily application of Pergolide on ACTH levels in Pituitary Pars Intermedia Dysfunction (PPID)	
WINTER, J. C. ET AL. (Berlin, DE):	123
Is the TRH-stimulation test influenced by pain in horses without PPID?	
WARNKEN, T. ET AL. (Hannover, DE):	124
Dynamic endocrine and metabolic responses to oral glucose test and combined glucose/insulin test in horses	
MAY, A. ET AL. (München, DE):	125
Transcranial magnetic evoked potentials (TcMEP) - A valuable tool for evaluation of ataxic horses	
FUCHS, C. ET AL. (München, DE):	126
Narcolepsy in adult horses: Neurological disorder or recumbent sleep deprivation/rem-sleep deficiency?	

Head and Upper Airways

ADAMS, K. ET AL. (Gießen, DE):	127
Anatomy and biomechanics of the equine temporomandibular joint: Organization of the collagen fiber system of the articular surfaces	
BRANDENBERGER, O. (Boissy St. Léger, F):	129
Anatomical description of the boundary of the proximal equine esophagus and its surgical implications on prosthetic laryngoplasty in horses	
ROSSIGNOL, F. (Boissy St. Léger, F):	131
Modified nerve transplantation technique for treatment of recurrent laryngeal neuropathy in horses using tunneling of the first or second cervical nerve through the crico-arytenoideus dorsalis muscle	
MARZOK, M. A. ET AL. (Kafr El-Sheikh, EG):	133
Comparison of anti-nociceptive and sedative effects of tramadol, tramadol-lidocaine and lidocaine for caudal epidural analgesia in horses	

Infectious Diseases

LÜTKE-BESSELMANN-GROWE, C. ET AL. (Hannover, DE):	134
Epidemiological investigation of the nonprimate hepacivirus seroprevalence in Thoroughbreds	
PUSCHMANN, T. ET AL. (Hannover, DE):	135
Impact of needle size/type and injection site preparation protocol on microbiological and histological evaluation of equine cadaver skin cores	
KLEIN, K.-S. ET AL. (Berlin, DE):	136
Implementation of a targeted hygiene management system: Rapid beneficial effects	
VAN SPIJK, J.N. ET AL. (Zürich, CH):	137
Infections caused by multidrug-resistant bacteria in an equine hospital (2012 – 2015)	
WALTHER, B. ET AL. (Berlin, DE):	138
Multi-drug resistant bacteria entering an equine clinic via colonized patients	

Orthopaedics

HÜPPLER, M. ET AL. (Leipzig, DE):	139
"Hoof explorer" – A novel, high-quality 3D model to teach and learn the anatomy of the equine distal limb	
HAGEN, J. ET AL. (Leipzig, DE):	141
The influence of toe conformation and the application of wedges on the equine fetlock joint in stance and walk	
EHRLE, A. ET AL. (Liverpool, UK):	143
Investigation of the myofascial attachment and innervation of the supraspinous and interspinous ligaments in the equine thoracolumbar spine	
LEELAMANKONG, P. ET AL. (Berlin, DE):	144
Use of body-mounted inertial sensors to objectively evaluate the response to perineural analgesia of the deep branch of lateral plantar nerve and intra-articular analgesia of the tarsometatarsal joint in horses with lower hock pain	
ROSSIGNOL, F. (Boissy St. Léger, F):	145
Carpal arthrodesis using a minimally invasive approach: Three cases	
KÜHNLE, C. ET AL. (Zürich, CH):	147
Outcome of ventral fusion of 2 or 3 cervical vertebrae with a locking compression plate in 8 horses	
SCHÖNGART, C. ET AL. (Hannover, DE):	148
Comparison of computed tomography and standing cervical radiographs in horses at C3-C4 and assessment of vertebral canal diameter in non-affected Warmblood horses	
WASELAU, M. ET AL. (Aschheim, DE):	150
Magnetic resonance imaging of equine tarsal disorders – 36 clinical cases	
GEBUREK, F. ET AL. (Hannover, DE):	151
Diagnostic value of B-mode ultrasonography and ultrasound tissue characterization for monitoring equine tendinopathies	
HORSTMEIER, C. ET AL. (Leipzig, DE):	152
Longitudinal cell tracking by magnetic resonance imaging following treatment of induced tendon lesions	
FEDERICI, M. ET AL. (Zürich, CH):	153
Luxations of the superficial digital flexor tendon from the calcaneal tuber: Treatment and outcome	

Dentistry

SCHOPPE, C. ET AL. (Hannover, DE):	154
Comparison of computed tomography and high field (3.0 t) magnetic resonance imaging of age-related variances in selected equine maxillary cheek teeth, their periodontal tissues and adjacent structures	
FLORCZYK, A. ET AL. (Wien, A):	155
Hypothermia prevention in long standing equine dental procedures	
RINGEISEN, H. ET AL. (Gießen, DE):	156
Influence of dental materials on cells of the equine periodontium	
SIMHOFFER, H. (Wien, A):	158
Surgical extension of the nasomaxillary aperture: A surgical technique to improve sinus drainage in standing, sedated horses	

POSTERS

Foyer Estrel Saal

ABOLING, S. ET AL. (Hannover, DE):	161
Horse-maple interaction on pastures with reported occurrence of atypical myopathy	
AL SALIHI, K. (Samaw, IRQ):	162
Cutaneous habronemiasis "summer sores" of equidae in Iraq: Clinical and molecular study	
BARTON, A.K. ET AL. (Berlin, DE):	163
Influence of respiratory disease and mode of inhalation on detectability of inhaled budesonide	
BRANDENBERGER, O. ET AL. (Boissy St. Léger, F):	164
Comparison of anatomic distribution of topical medication in the upper respiratory tract after "throat spray" and oral application in horses	
BREU, D. ET AL. (Bad Kissingen, DE):	166
Qualitative analysis of immune responses to <i>Borrelia burgdorferi</i> infection in horses using a Western Blot test with C ₆ peptide and VlsE protein	
CEHAK, A. ET AL. (Hannover, DE):	167
Prebiotics – Does oral administration of inulin diminish antibiotic-induced disturbances in caecal microbial fermentation?	
ESPINA, M. (Leipzig, DE):	168
A randomised, vehicle-controlled, double-blind, parallel study on the effects of intravenous WF10 in horses with recurrent airway obstruction (RAO)	

KLEIN, C.C. ET AL. (Bad Langensalza):	169
Analysis of exhaled breath using gas chromatography-ion mobility spectrometry (GC-IMS) after administration of xylazine in eight horses	
KRÄGELOH, T. ET AL. (Hannover, DE):	170
Atypical myopathy - A new metaphylactic approach	
LEHMANN, B. ET AL. (Berlin, DE):	171
Statistical analysis of data on chronic obstructive bronchitis in Warmblood horses through the use of a questionnaire homepage	
LOSCHELDER, J. ET AL. (Berlin, DE):	172
Traumatic atlantoaxial luxation in a Quarter Horse foal	
NORDEMANN, E. ET AL. (Hannover, DE):	173
Detection of intraocular leptospiral DNA, antibodies and Leptosira spp. in horses with equine recurrent uveitis in different laboratories	
RIJCKAERT, J. ET AL. (Merelbeke, BE):	174
Agreement between needle and surface electrodes for magnetic motor evoked potential recording in horses	
SCHOSTER, A. ET AL. (Zürich, CH):	175
Validation of a point of care quantitative equine IgG turbidometric immunoassay (TIA)	
SOMMERFELD, T. ET AL. (Gießen, DE):	176
Radiation exposure of veterinary personnel during equine bone scintigraphy	
WASELAU, M. ET AL. (Aschheim, DE):	177
Diagnosis and treatment of equine cervical vertebral stenotic myelopathy – Clinical experiences and observations
