Preface	viii
Acknowledgments	ix
1 Shoulder	1
1.1 Introduction	1
1.2 Pathologies Treated by Shoulder Arthroscopy	1
1.3 External Anatomical Landmarks and Portals	1
1.4 Patient Positioning	1
1.5 Suggested Arthroscopic Sequence	3
1.6 Glenohumeral Joint	4
1.7 Subacromial Space	20
1.8 Acromioclavicular Joint	23
1.9 Superior Portal (Supraclavicular or Suprascapular)	24
2 Elbow	27
2.1 Introduction	27
2.2 Anatomy	27
2.3 General Indications for an Elbow Arthroscopy	37
2.4 External Anatomical Landmarks	37
2.5 Patient Positioning	38
2.6 Portals	39
2.7 Suggested Sequence for an Elbow Arthroscopy	53
2.8 Arthroscopy of the Anterior Compartment of the Elbow	53
2.9 Arthroscopy of the Posterior Compartment of the Elbow	57
2.10 Arthroscopy of the Lateral Recess of the Elbow	58
3 Wrist	61
3.1 Introduction	61
3.2 Patient Positioning	61
3.3 Basic Technique for an Arthroscopic Examination of the Wrist	61
3.4 General Indications for a Wrist Arthroscopy	62
3.5 Dorsal Arthroscopic Portals of the Wrist ...	65
4 Hip	103
4.1 Introduction	103
4.2 Anatomy	103
4.3 Arthroscopic Compartments	106
4.4 Pathologies Treated by Hip Arthroscopy ...	108
4.5 Patient Positioning	108
4.6 Arthroscopic Portals	108
4.7 Suggested Sequence for a Diagnostic Arthroscopy of the Central Compartment ...	118
4.8 Suggested Sequence for a Diagnostic Arthroscopy of the Peripheral Compartment	123
5 Knee	127
5.1 Introduction	127
5.2 Patient Positioning	127
5.3 Portals	127
5.4 Arthroscopy of the Knee: Anterior	130
5.5 Arthroscopy of the Knee: Posterior	144
6 Ankle	159
6.1 Introduction	159
6.2 Anterior Ankle	159
6.3 Posterior Ankle	174
Index	187
