

Contents

Part I Embryology and Anatomy

- 1 Embryology of the Kidney** 3
Marina Zweyer
- 2 Normal Radiological Anatomy
and Anatomical Variants of the Kidney** 17
Emilio Quaia, Paola Martingano, Marco Cavallaro,
and Roberta Zappetti
- 3 Normal Radiological Anatomy of the Retroperitoneum** 79
Emilio Quaia

Part II Imaging and Interventional Modalities

- 4 Ultrasound of the Kidney** 87
Emilio Quaia
- 5 Computed Tomography** 129
 - 5.1 General Concepts** 129
Emilio Quaia, Paola Martingano, and Marco Cavallaro
 - 5.2 Multidetector CT Urography and CT Angiography** 160
Roberto Pozzi Mucelli, Giulia Zamboni,
Livia Bernardin, and Alberto Contro
- 6 Magnetic Resonance Imaging of the Kidney** 179
Maria Assunta Cova, Marco Cavallaro, Paola Martingano,
and Maja Ukmar
- 7 Renal Angiography and Vascular Interventional Radiology** 197
Fabio Pozzi-Mucelli and Andrea Pellegrin
- 8 Nuclear Medicine** 229
Egesta Lopci and Stefano Fanti

9	The Role of Kidney Biopsy in the Diagnosis of Renal Disease and Renal Masses	257
	Michele Carraro and Fulvio Stacul	
10	Nonvascular Interventional Radiology Procedures	271
	Raul N. Uppot	
Part III Non-Tumoral Pathology		
11	Congenital and Development Disorders of the Kidney	291
	Veronica Donoghue	
12	Renal Cystic Disease	311
	Kyongtae T. Bae, Alessandro Furlan, and Fadi M. El-Merhi	
13	Renal Parenchymal and Inflammatory Diseases	339
	Emilio Quaia	
14	Obstructive Uropathy, Pyonephrosis, and Reflux Nephropathy in Adults	357
	Emilio Quaia, Paola Martingano, and Marco Cavallaro	
15	Nephrocalcinosis and Nephrolithiasis	395
	Siân Phillips and Gareth R. Tudor	
16	Acute Renal Infections	417
	Alfredo Blandino, Silvio Mazziotti, Fabio Minutoli, Giorgio Ascenti, and Michele Gaeta	
17	Chronic Renal Infections and Renal Fungal Infections	445
	Emilio Quaia, Leonardo Giarraputo, Paola Martingano, and Marco Cavallaro	
18	Renal Vascular Abnormalities	475
	Therese M. Weber and Mark E. Lockhart	
19	Imaging of Renal Trauma	487
	Stuart E. Mirvis	
Part IV Tumoral Pathology		
20	Benign Solid Renal Tumors	509
	Emilio Quaia	
21	Renal Cell Carcinoma	543
	Nagaraj-Setty Holalkere, Daichi Hayashi, and Ali Guermazi	
22	Rare and Secondary Tumors of the Kidney and Renal Pseudotumors	573
	Annelies Rappaport and Raymond H. Oyen	

23	Radiofrequency Ablation and Cryoablation for Renal Cell Carcinoma.	595
	Andrew Hines-Peralta and S. Nahum Goldberg	
24	Upper Urinary Tract Tumors	605
	Emilio Quaia and Paola Martingano	
25	Renal Lymphoma and Renal Sarcoma	631
	Annelies Rappaport and Raymond H. Oyen	
26	Cystic Renal Masses	645
	Olivier H��l��non, J.M. Corre��s, S. Merran, E. Dekeyser, and A. Vieillefond	
Part V Special Topics		
27	The Pediatric Kidney	675
	Michael Riccabona	
28	The Kidney in the Elderly	715
	Emilio Quaia and Marco Cavallaro	
29	Renal Failure	745
	Emilio Quaia	
30	Renal Transplantation	763
	Nicolas Grenier	
31	Imaging of Dialysis	793
	Emilio Quaia and Salvatore Sammartano	
32	Imaging of the Postoperative Kidney	811
	Emilio Quaia	
33	Contrast Media-Induced Nephropathy and Nephrogenic Systemic Fibrosis.	831
	Fulvio Stacul	
34	Functional Imaging of the Kidney.	845
	Nicolas Grenier	
35	Molecular Imaging and Tumoural Antigen Targeting	871
	Cristina Nanni and Stefano Fanti	
36	Research Perspectives and Future Trends in Renal Imaging	879
	Nicolas Grenier	
	Index	897
