

Contents

Part I General

1	History of Surgical Repairs of Chest Wall Deformities.	3
	Amulya K. Saxena	
2	Classification of Chest Wall Deformities.	19
	Amulya K. Saxena	
3	Surgical Anatomy of the Chest Wall.	37
	Atulya K. Saxena and Yassen Fayez Alalayet	
4	Sternalis Muscle	55
	Athanasios Raikos and Panagiota Kordali	
5	Cartilage Histology in Chest Wall Deformities	63
	Felix Muller, Christoph Brochhausen, Volker H. Schmitt, and Salmal Tural	
6	Bone Mineral Density as a Marker for Pectus Correction	75
	Manabu Okawada, Geoffrey J. Lane, and Atsuyuki Yamataka	
7	Biochemical and Histological Differences Between Costal and Articular Cartilages.	81
	Michael W. Stacey	
8	Syndromes Associated with Pectus Deformities.	101
	Eva E. Amerstorfer and Amulya K. Saxena	
9	Chest Wall Deformities and Musculoskeletal Defects in Congenital Diaphragmatic Hernia	141
	Elke Zani-Ruttenstock and Amulya K. Saxena	
10	Idiopathic Scoliosis	149
	Christine Wibmer and Vinay Saraph	
11	Psychologic Effects, Body Image, and Pectus Excavatum and Carinatum	169
	Robert E. Kelly Jr. and Michele L. Lombardo	
12	Anesthesia and Pain Therapy for Surgery of Chest Wall Deformities.	175
	Maria Vittinghoff and Anton Gutmann	

Part II Clinical Investigations

13	Preoperative Assessment of Chest Wall Deformities	191
	Seth D. Goldstein and Paul M. Colombani	
14	Index for Measurement of Pectus Excavatum	197
	Shawn D. St. Peter	
15	Anthrometric Index for <i>Pectus Excavatum</i>	203
	Eduardo Baldassari Rebeis and José Ribas Milanez de Campos	
16	Spiral Computed Tomography	213
	Erich Sorantin and Sabine Weissensteiner	
17	Structured Light Technique for Measurement of Pectus Excavatum	227
	Marcin Witkowski and Wojciech Glinkowski	
18	Breast and Chest Wall Asymmetries	237
	Allen Gabriel, Craig N. Creasman, and G. Patrick Maxwell	
19	Exercise Performance Testing in Pectus Excavatum Patients.	245
	Christoph Castellani, Jana Windhaber, and Peter H. Schober	
20	Correlating Haller Index and Cardiopulmonary Disease in Pectus Excavatum	253
	Meera Kotagal, Jordan W. Swanson, and Jeffrey R. Avansino	
21	Cardiological Aspects of Symptomatic Pectus Excavatum in Adults.	261
	Paul F. Höppener, Hans A. Kragten, and Ron Winkens	
22	Assessment of Right Ventricular Function in Pectus Excavatum	279
	Haritha Reddy, Prashant Vaishnav, and Rajeev L. Narayan	
23	Long Term Cardiopulmonary Effects After Surgery	289
	David Sigalet	
24	Rib Cage Anomalies in Severe Osteogenesis Imperfecta – Functional Investigations.	297
	Andrea Aliverti and Antonella Lo Mauro	
25	Concepts in Allergy to Pectus Metal Implants	307
	Savina Aneja, James S. Taylor, Apra Sood, Golara Honari, and John D. DiFiore	
26	Instruments for Correction of Chest Wall Deformities	313
	Silvia Zötsch and Amulya K. Saxena	

Part III Pectus Excavatum: General Aspects- Pectus Excavtum

27	Overview of Repair of Pectus Excavatum Type of Deformities.	329
	Amulya K. Saxena	

28	The Vacuum Bell Treatment	351
	Frank-Martin Haecker	
29	Thoracoscopic Aspects in Minimal Access Repair of Pectus Excavatum	361
	Amulya K. Saxena	
30	Complications of Minimally Access Pectus Excavatum Repair.	373
	Frazier Frantz and Michael J. Goretsky	
31	Pleural and Pericardial Associations After Minimal Access Pectus Repair.	383
	Christoph Castellani and Amulya K. Saxena	
32	Management of Postoperative Infections Following the Minimally Access Repair for Pectus Excavatum	389
	Sohail R. Shah and George W. Holcomb III	
33	Recurrent Pectus Excavatum Repair	395
	Michele L. Lombardo and Donald Nuss	
34	Techniques and Instruments for Pectus Bar Removal.	403
	Amulya K. Saxena	

Part IV Pectus Excavatum: Surgical Techniques

35	Minimal Access Repair of Pectus Excavatum	417
	Michael Höllwarth and Amulya K. Saxena	
36	Surgical Techniques- Pectus Excavatum: The Modified Ravitch Procedure.	431
	Julia Funk and Christian Gross	
37	Welch Procedure	437
	Juan C. de Agustín-Asensio	
38	The Willital-Hegemann Procedure	447
	Günter H. Willital and Amulya K. Saxena	
39	Minimal Access Repair of Pectus Excavatum (MARPE)- Pilegaard Modification	457
	Hans K. Pilegaard	
40	Sternum Elevators for Minimal Access Pectus Excavatum Repair.	467
	Satoshi Takagi and Hiroyuki Ohjimi	
41	Minimally Access Repair of Pectus Excavatum- with Sternotomy in Adults	475
	David Pérez, Gara Torrent, and Santiago Quevedo	
42	Free Fat Transplantation for the Aesthetic Correction of Mild Pectus Excavatum	485
	Aris Sterodimas and Luiz Haroldo Pereira	

43	Customised Silicone Prostheses	495
	Samer Saour and Pari-Naz Mohanna	

Part V Pectus Carinatum: General Aspects

44	Overview of Repair of Pectus Carinatum	
	Type of Deformities	505
	Amulya K. Saxena	
45	Nonoperative Management of	
	Chest Wall Deformities	517
	Richard G. Azizkhan and Aliza P. Cohen	
46	Dynamic Compressor System for	
	Pectus Carinatum Repair	523
	Marcelo Martinez-Ferro and Carlos Fraire	

Part VI Pectus Carinatum: Surgical Techniques

47	Minimally Access Repair of Pectus Carinatum	545
	Horacio Abramson and Leonardo Abramson	
48	Minimal Access Repair of Pectus Carinatum	571
	Andras Hock	
49	Thoracoscopic Approach for Surgical Repair	
	of Pectus Carinatum	581
	David Pérez, José Ramón Cano, and Luis López	
50	Minimal Access Repair of Pectus Carinatum:	
	Istanbul Technique	591
	Mustafa Yuksel	
51	Thoracoscopic Repair of Pectus Carinatum:	
	Complete Cartilage Resection with Perichondrial	
	Preservation Technique	599
	Michele Torre, Marcello Carlucci,	
	Luca Pio, and Patricio Varela	

Part VII Surgical Techniques Common for Pectus Excavatum, Pectus Carinatum, and Complex Chest Wall Deformities

52	Non-prosthetic Surgical Repair for Pectus Deformities	605
	Ida Giurin and Ciro Esposito	
53	Minimally Access Open Repair of Pectus Excavatum	
	and Carinatum (Robicsek Procedure)	611
	Francis Robicsek and Benjamin B. Peeler	
54	Pectus Less Invasive Extrapleural Repair (PLIER): Saxena	
	Technique	627
	Amulya K. Saxena	

**Part VIII Other Chest Wall Deformities:
Rare Chest Wall Deformities**

55 Poland’s Syndrome	643
Amulya K. Saxena	
56 Asphyxiating Thoracic Dystrophy (Jeune’s Syndrome): Congenital and Acquired	655
J. Duncan Phillips	
57 Post-traumatic and Post-surgical Chest Wall Deformities (Acquired Chest Wall Deformities)	667
Helmut Wegmann and Amulya K. Saxena	
58 Thoracic Reconstruction in Chest Wall Tumors	675
Alireza Basharkhah and Amulya K. Saxena	
59 Operative Options in the Management of Cleft Sternum	697
Jose Ribas Milanez de Campos and Manoel Carlos Prieto Velhote	

**Part IX Other Chest Wall Deformities: Surgical Techniques- Rare
Chest Wall Deformities**

60 Repair of Cleft Sternum	707
Laura Jackson and Dakshesh Parikh	
61 Poly-Lactic Acid Plate for Chest Wall Repair in Pentalogy of Cantrell	717
Hui-Ling Chia and Vincent Kok-Leng Yeow	
62 Poland’s Syndrome Treatment with Omentum Flap	723
Sirlei dos Santos Costa and Rosa Maria Blotta	
63 Bilateral Sternal Bar Turnover Flaps for Reconstruction of Inferior Sternal Cleft	731
Hui-Ling Chia and Vincent Kok-Leng Yeow	

Part X Comments on Pectus Repairs

64 Pros and Cons of the Nuss-Procedure	737
Amulya K. Saxena and Francis Robicsek
