Foreword 7

DSCT Technology / Contrast Medium

Dual Source CT Technology
Bernhard Schmidt, Christiane Koch, Thomas Flohr 11
Ultravist®: New Perspectives with Dual Source CT
Matthias Bräutigam, Philipp Lengsfeld, Ute Hübner-Steiner, Hubertus Pietsch 29

Cardiovascular and Body Radiology DSCT Applications

Cardiac: Coronary CT Angiography
Kunming Medical College 47
Cardiac: Coronary Stents
Shanghai Xinhua Hospital 55
Cardiac: Coronary CTA in Obese Patients
PUMC, Beijing 63
Cardiac: Valvular Function
Asan Medical Center 71
Cardiac: Morphology
Singapore General Hospital 79
Cardiac: Atrial Fibrillation/Arrhythmia
PUMC, Beijing 87
Cardiac: Bypass Grafts
Chonbuk National University Hospital 95
Vascular: Extended Chest Pain Protocol
Seoul National University Hospital 103
Vascular: Pulmonary Veins
Kunming Medical College 111
Vascular: Aortic Runoff, Abdominal CTA
Singapore General Hospital 119
Vascular: Renal CTA
1st Affiliated Hospital of China Medical University 127

Vascular: Peripheral Runoff	
<i>Seoul National University Hospital</i>	135
Vascular: Brain Perfusion	
<i>Chonbuk National University Hospital</i>	143
Dual Energy CT Applications	
Dual Energy: CTA of Head and Neck	
<i>Shanghai Xinhua Hospital</i>	153
Dual Energy: CTA Aorta	
<i>1st Affiliated Hospital of China Medical University</i>	161
Dual Energy: CTA Lung Perfusion (PE)	
<i>Asan Medical Center</i>	167
Dual Energy: Virtual Non-Contrast	
<i>1st Affiliated Hospital of China Medical University</i>	175
Dual Energy: Vascular Plaque Detection/Removal	
<i>PUMC, Beijing</i>	183
Abbreviations	191
