

Contents

1. Introduction 1

1.1. General remarks..... 1

1.2. Conditions for permanent settlements 4

1.3. Approach of research..... 5

1.4. Acknowledgements 6

2. History of Research 8

2.1. Survey archaeology 8

2.2. Excavations 9

2.3. Overviews of excavations and surveys 10

3. Excavated Sites 11

3.1. Excavated sites according to grid system 11

3.2. Excavated sites according to periods 15

4. Landscape and Natural Conditions 19

4.1. The Sea of Galilee 19

4.2. The Golan area..... 20

4.3. The Transjordanian hill country 21

4.4. The Jordan valley..... 22

4.5. Lower Galilee 23

4.6. Upper Galilee..... 25

4.7. Excursus: Number of inhabitants..... 25

5. Water Sources..... 27

5.1. General remarks..... 27

5.2. Brooks and springs in Cisjordanian territory 27

5.3. Brooks and springs in Transjordanian territory 31

5.4. Analysis 34

6. Fertile Fields 35

6.1. General considerations..... 35

6.2. Necessary size of a field for an agrarian society..... 35

6.3. The fields in the research area 36

7. Climate 40

7.1. Rainfall according to modern rainfall observations..... 40

7.2. Rainfall according to palaeoclimate considerations..... 41

7.3. Temperatures 42

7.4. Conditions for plants..... 42

7.5. Summary..... 44

8. Roads in Antiquity..... 45

8.1. The Roman road system 45

8.2. Pre-Roman road systems 47

8.3. Conclusions 48

9. Catalogue of Sites 51

9.1. Preliminary remarks..... 51
