Chapter 1: Introduction	1
Chapter 2: The Concept of Logical Consequence.....	5
Tarski's Characterization of the Common Concept of Logical Consequence.....	5
Logical Constants	14
Model-Theoretic and Deductive-Theoretic Approaches to Logic	24
Chapter 3: Set-Theoretic and Linguistic Preliminaries.....	27
Set-Theoretic Preliminaries	27
Linguistic Preliminaries.....	29
Syntax of M	29
Semantics for M.....	32
Chapter 4: Model-Theoretic Consequence.....	39
Truth in a Structure	40
Model-Theoretic Consequence Defined	45
The Metaphysics of Domains	49
Interpretations.....	71
The Adequacy of the Model-Theoretic Characterization of Logical Consequence.....	79
What is a Logical Constant?	108
Chapter 5: Deductive Consequence	113
Deductive System N	114
The Deductive-Theoretic Characterization and the Common Concept of Logical Consequence	126
Inferentialism, Harmony, and the Justification of Inference Rules	128
Tarski's Criticism of the Deductive-Theoretic Characterization of Logical Consequence.....	150
Is N a Correct Deductive System?	152
Bibliography	161
