

Preface		x
Introduction		xi
Local Anesthetics and Corticosteroids		xiii
1 Diagnostic Ultrasound and Guided Injection		1
1.1 Diagnostic Ultrasound and Musculoskeletal Medicine	2	1.1.3 Bursae 6 1.1.4 Muscle 7 1.1.5 Nerve 9
1.1.1 Tendons	2	
1.1.2 Joints	5	
2 The Shoulder: Diagnostic Imaging		10
2.1 Diagnostic Imaging of the Shoulder: Introduction	10	2.1.5 Infraspinatus Tendon 19 2.1.6 Suprascapular Notch and Suprascapular Nerve 20 2.1.7 The Acromioclavicular Joint 20 2.1.8 Sternoclavicular Joint 21
2.1.1 Long Head of Biceps Tendon	10	
2.1.2 Subscapularis Tendon	13	
2.1.3 Dynamic Examination for Subcoracoid Impingement	14	
2.1.4 Supraspinatus Tendon and Subacromial Bursa (Including Dynamic Imaging as Indicated)	15	
3 The Shoulder: Guided Injection Techniques		24
3.1 Glenohumeral Joint Injection — Acute or Chronic Capsulitis: 'The Frozen Shoulder'	24	3.3.4 Anatomical Considerations 27 3.3.5 Procedure 27 3.3.6 The Injection 27 3.3.7 Notes 27
3.1.1 Cause	24	
3.1.2 Presentation	24	
3.1.3 Equipment	24	
3.1.4 Anatomical Considerations	24	
3.1.5 Procedure	24	
3.1.6 The Injection	24	
3.1.7 Notes	25	
3.2 Subacromial/Subdeltoid Bursal Injection	25	3.4 Sternoclavicular Joint Injection 28 3.4.1 Cause 28 3.4.2 Presentation 28 3.4.3 Equipment 28 3.4.4 Anatomical Considerations 28 3.4.5 Procedure 28 3.4.6 The Injection 28 3.4.7 Notes 28
3.2.1 Cause	25	
3.2.2 Presentation	25	
3.2.3 Equipment	25	
3.2.4 Anatomical Considerations	25	
3.2.5 Procedure	25	
3.2.6 The Injection	25	
3.2.7 Notes	25	
3.3 Acromioclavicular Joint Injection	27	3.5 Biceps Tendon Sheath Injection 29 3.5.1 Cause 29 3.5.2 Presentation 29 3.5.3 Equipment 29 3.5.4 Anatomical Considerations 29 3.5.5 Procedure 29 3.5.6 The Injection 29 3.5.7 Notes 29
3.3.1 Cause	27	
3.3.2 Presentation	27	
3.3.3 Equipment	27	
		3.6 Suprascapular Nerve Block 30 3.6.1 Cause 30 3.6.2 Presentation 30

3.6.3	Equipment	30	3.6.6	The Injection	30
3.6.4	Anatomical Considerations	30	3.6.7	Notes	31
3.6.5	Procedure	30			
4	The Elbow: Diagnostic Imaging	32			
4.1	Diagnostic Imaging of the Elbow: Introduction	32	4.1.3	Lateral	37
4.1.1	Anterior	32	4.1.4	Medial	38
4.1.2	Distal Biceps Tendon	35	4.1.5	Posterior	38
5	The Elbow: Guided Injection Techniques	43			
5.1	Elbow Joint Injection	43	5.3.4	Anatomical Considerations	45
5.1.1	Cause	43	5.3.5	Procedure	45
5.1.2	Presentation	43	5.3.6	The Injection	46
5.1.3	Equipment	43	5.3.7	Notes	46
5.1.4	Anatomical Considerations	43	5.4	Radiobicipital Bursa/Biceps Insertional Tendinopathy Injection	46
5.1.5	Procedure	43	5.4.1	Cause	46
5.1.6	The Injection	43	5.4.2	Presentation	46
5.1.7	Notes	43	5.4.3	Equipment	46
5.2	Common Extensor Tendon Injection — Tennis Elbow	44	5.4.4	Anatomical Considerations	46
5.2.1	Cause	44	5.4.5	Procedure	47
5.2.2	Presentation	44	5.4.6	The Injection	47
5.2.3	Equipment	44	5.4.7	Notes	47
5.2.4	Anatomical Considerations	44	5.5	Olecranon Bursa Injection	47
5.2.5	Procedure	44	5.5.1	Cause	47
5.2.6	The Injection	45	5.5.2	Presentation	47
5.2.7	Notes	45	5.5.3	Equipment	47
5.3	Common Flexor Tendon Injection — ‘Golfer’s Elbow’	45	5.5.4	Anatomical Considerations	48
5.3.1	Cause	45	5.5.5	Procedure	48
5.3.2	Presentation	45	5.5.6	The Injection	48
5.3.3	Equipment	45	5.5.7	Notes	48
6	The Wrist and Hand: Diagnostic Imaging	49			
6.1	Diagnostic Imaging of the Wrist and Hand: Introduction	49	6.1.2	Wrist Joint — Dorsal:	53
6.1.1	Wrist Joint — Volar	49	6.1.3	Fingers and Thumb	60
7	The Wrist and Hand: Guided Injection Techniques	67			
7.1	Wrist Joint Injection — Radiocarpal Joint	67	7.2.3	Equipment	68
7.1.1	Cause	67	7.2.4	Anatomical Considerations	68
7.1.2	Presentation	67	7.2.5	Procedure	68
7.1.3	Equipment	67	7.2.6	The Injection	69
7.1.4	Anatomical Considerations	67	7.2.7	Notes	69
7.1.5	Procedure	67	7.3	First Dorsal Compartment Injection — de Quervain’s Tenosynovitis	69
7.1.6	The Injection	67	7.3.1	Cause	69
7.1.7	Notes	67	7.3.2	Presentation	69
7.2	Carpometacarpal Joint of the Thumb Injection	68	7.3.3	Equipment	69
7.2.1	Cause	68	7.3.4	Anatomical Considerations	69
7.2.2	Presentation	68	7.3.5	Procedure	70

7.3.6	The Injection	70	7.5.3	Equipment	72
7.3.7	Notes	70	7.5.4	Anatomical Considerations	72
7.4	A1 Pulley Injection — Trigger Finger or Thumb	70	7.5.5	Procedure	72
7.4.1	Cause	70	7.5.6	Guided Aspiration	72
7.4.2	Presentation	70	7.6	Carpal Tunnel Syndrome: Guided Injection	73
7.4.3	Equipment	70	7.6.1	Cause	73
7.4.4	Anatomical Considerations	71	7.6.2	Presentation	73
7.4.5	Procedure	71	7.6.3	Equipment	73
7.4.6	The Injection	71	7.6.4	Anatomical Considerations	73
7.4.7	Notes	72	7.6.5	Procedure	73
7.5	Ganglion Cyst: Guided Aspiration	72	7.6.6	The Injection	73
7.5.1	Cause	72	7.6.7	Notes	74
7.5.2	Presentation	72			
8	The Hip: Diagnostic Imaging	75			
8.1	Diagnostic Imaging of the Hip: Introduction	75	8.1.3	Lateral	82
8.1.1	Anterior	75	8.1.4	Posterior	84
8.1.2	Medial	80	8.1.5	Symphysis Pubis	87
9	The Hip: Guided Injection Techniques	88			
9.1	Hip Joint Injection	88	9.3	Ischial Bursa/Hamstring Tendon Origin Injection	90
9.1.1	Cause	88	9.3.1	Cause	90
9.1.2	Presentation	88	9.3.2	Presentation	90
9.1.3	Equipment	88	9.3.3	Equipment	91
9.1.4	Anatomical Considerations	88	9.3.4	Anatomical Considerations	91
9.1.5	Procedure	88	9.3.5	Procedure	91
9.1.6	The Injection	89	9.3.6	The Injection	91
9.1.7	Notes	89	9.3.7	Notes	91
9.2	Psoas Bursa Injection	89	9.4	Greater Trochanter Injection	91
9.2.1	Cause	89	9.4.1	Cause	91
9.2.2	Presentation	89	9.4.2	Presentation	92
9.2.3	Equipment	89	9.4.3	Equipment	92
9.2.4	Anatomical Considerations	89	9.4.4	Anatomical Considerations	92
9.2.5	Procedure	89	9.4.5	Procedure	92
9.2.6	The Injection	90	9.4.6	The Injection	92
9.2.7	Notes	90	9.4.7	Notes	92
10	The Knee: Diagnostic Imaging	93			
10.1	Diagnostic Imaging of the Knee: Introduction	93	10.1.2	Medial	101
10.1.1	Anterior	93	10.1.3	Lateral	104
			10.1.4	Posterior	107
11	The Knee: Guided Injection Techniques	111			
11.1	Knee Joint Aspiration/Injection	111	11.1.6	The Aspiration/Injection	111
11.1.1	Cause	111	11.1.7	Notes	112
11.1.2	Presentation	111	11.2	Semimembranosus Bursa/Baker's Cyst Aspiration/Injection	112
11.1.3	Equipment	111	11.2.1	Cause	112
11.1.4	Anatomical Considerations	111	11.2.2	Presentation	112
11.1.5	Procedure	111			

11.2.3	Equipment	112	11.6.6	The Injection	117
11.2.4	Anatomical Considerations	112	11.6.7	A. Deep Infrapatellar Bursa	117
11.2.5	Procedure	112	11.6.8	B. Superficial Infrapatellar Bursa ...	117
11.2.6	The Aspiration/Injection	112	11.6.9	Notes	117
11.2.7	Notes	112	11.7	Popliteus Tendon Sheath Injection	117
11.3	Distal Iliotibial Band/Bursa Injection	113	11.7.1	Cause	117
11.3.1	Cause	113	11.7.2	Presentation	117
11.3.2	Presentation	113	11.7.3	Equipment	117
11.3.3	Equipment	113	11.7.4	Anatomical Considerations	118
11.3.4	Anatomical Considerations	113	11.7.5	Procedure	118
11.3.5	Procedure	113	11.7.6	The Injection	118
11.3.6	The Injection	113	11.7.7	Notes	118
11.3.7	Notes	113	11.8	Proximal Tibiofibular Joint Injection	118
11.4	Pes Anserine Bursa/Tendon Injection	114	11.8.1	Cause	118
11.4.1	Cause	114	11.8.2	Presentation	118
11.4.2	Presentation	114	11.8.3	Equipment	118
11.4.3	Equipment	114	11.8.4	Anatomical Considerations	119
11.4.4	Anatomical Considerations	114	11.8.5	Procedure	119
11.4.5	Procedure	114	11.8.6	The Injection	119
11.4.6	The Injection	114	11.8.7	Notes	119
11.4.7	Notes	115	11.9	Patellar Tendon — Fenestration and Injection of Autologous Blood ...	119
11.5	Medial Collateral Ligament Injection	115	11.9.1	Cause	119
11.5.1	Cause	115	11.9.2	Presentation	119
11.5.2	Presentation	115	11.9.3	Equipment	119
11.5.3	Equipment	115	11.9.4	Anatomical Considerations	120
11.5.4	Anatomical Considerations	115	11.9.5	Procedure	120
11.5.5	Procedure	115	11.9.6	Fenestration and Injection of Autologous Blood	120
11.5.6	Medial Collateral Ligament Injection	115	11.9.7	Notes	120
11.5.7	Notes	115	11.10	Patellar Tendon — High Volume Guided Injection	120
11.6	Deep and Superficial Infrapatellar Bursa Injection	116	11.10.1	Cause	120
11.6.1	Cause	116	11.10.2	Presentation	120
11.6.2	Presentation	116	11.10.3	Equipment	120
11.6.3	Equipment	116	11.10.4	Anatomical Considerations	121
11.6.4	Anatomical Considerations	116	11.10.5	Procedure	121
11.6.5	Procedure	116	11.10.6	High-Volume Saline Injection	121
			11.10.7	Notes	122
12	The Ankle and Foot: Diagnostic Imaging	123			
12.1	Diagnostic Imaging of the Ankle and Foot: Introduction	123	12.1.4	Posterior	139
12.1.1	Anterior	123	12.1.5	Inferior	148
12.1.2	Medial	128	12.1.6	Interdigital	150
12.1.3	Lateral	136	12.1.7	Digital	153
13	The Ankle and Foot: Guided Injection Techniques	157			
13.1	Ankle Joint (Talocrural Joint) Injection	157	13.1.3	Equipment	157
13.1.1	Cause	157	13.1.4	Anatomical Considerations	157
13.1.2	Presentation	157	13.1.5	Procedure	157
			13.1.6	The Injection	157
			13.1.7	Notes	158

13.2	Midtarsal Joint Injection	158	13.7	Retrocalcaneal Bursa Injection	164
13.2.1	Cause	158	13.7.1	Cause	164
13.2.2	Presentation	158	13.7.2	Presentation	164
13.2.3	Equipment	158	13.7.3	Equipment	164
13.2.4	Anatomical Considerations	158	13.7.4	Anatomical Considerations	164
13.2.5	Procedure	158	13.7.5	Procedure	164
13.2.6	The Injection	159	13.7.6	The Injection	164
13.2.7	Notes	159	13.7.7	Notes	164
13.3	Peroneal Tendon Sheath Injection	159	13.8	Midsubstance Achilles Tendon: High Volume Injection	165
13.3.1	Cause	159	13.8.1	Cause	165
13.3.2	Presentation	159	13.8.2	Presentation	165
13.3.3	Equipment	159	13.8.3	Equipment	165
13.3.4	Anatomical Considerations	159	13.8.4	Anatomical Considerations	165
13.3.5	Procedure	159	13.8.5	Procedure	165
13.3.6	The Injection	160	13.8.6	The High-Volume Injection	166
13.3.7	Notes	160	13.8.7	Notes	166
13.4	Tibialis Posterior Injection	160	13.9	Plantar Fascia Injection	166
13.4.1	Cause	160	13.9.1	Cause	166
13.4.2	Presentation	160	13.9.2	Presentation	166
13.4.3	Equipment	160	13.9.3	Equipment	166
13.4.4	Anatomical Considerations	160	13.9.4	Anatomical Considerations	167
13.4.5	Procedure	160	13.9.5	Procedure	167
13.4.6	The Injection	161	13.9.6	The Injection	167
13.4.7	Notes	161	13.9.7	Notes	167
13.5	Flexor Hallucis Longus Tendon Sheath Injection	161	13.10	First Metatarsophalangeal Joint Injection	168
13.5.1	Cause	161	13.10.1	Cause	168
13.5.2	Presentation	161	13.10.2	Presentation	168
13.5.3	Equipment	161	13.10.3	Equipment	168
13.5.4	Anatomical Considerations	162	13.10.4	Anatomical Considerations	168
13.5.5	Procedure	162	13.10.5	Procedure	168
13.5.6	The Injection	162	13.10.6	The Injection	168
13.5.7	Notes	162	13.10.7	Notes	168
13.6	Sinus Tarsi Injection	163	13.11	Morton's Neuroma Injection	168
13.6.1	Cause	163	13.11.1	Cause	168
13.6.2	Presentation	163	13.11.2	Presentation	169
13.6.3	Equipment	163	13.11.3	Equipment	169
13.6.4	Anatomical Considerations	163	13.11.4	Anatomical Considerations	169
13.6.5	Procedure	163	13.11.5	Procedure	169
13.6.6	The Injection	163	13.11.6	The Injection	169
13.6.7	Notes	163	13.11.7	Notes	169
