Otology and Neurotology

Edited by Salvatore Iurato and Wolfgang Arnold

1.1 Basics	3	1.1.6 Imaging of the Temporal Bone	26
1.1.1 Clinical Anatomy	3	1.1.6.1 Conventional Radiography	26
1.1.1.1 External Ear	3	1.1.6.2 Computed Tomography	27
1.1.1.2 Middle Ear and Mastoid	4	1.1.6.3 Magnetic Resonance Imaging	29
1.1.1.3 Inner Ear	6	Suggested Reading	29
References	8	1.2 Malformations of the Ear	33
Suggested Reading	8	1.2.1 Synonyms	33
1.1.2 Physiology	8	1.2.2 Definition	33
1.1.2.1 Auricle and External Auditory Canal	8	1.2.3 Epidemiology	34
1.1.2.2 Tympanic Membrane and Ossicular Chain	8	1.2.4 Symptoms	35
1.1.2.3 Oval and Round Windows	8	1.2.5 Complications	35
1.1.2.4 Basilar Membrane and Travelling Waves	9	1.2.6 Diagnostic Procedures	35
1.1.2.5 Inner and Outer Hair Cells	9	1.2.7 Therapeutic Management	36
1.1.2.6 Semicircular Canals, Utricle and Saccule	10	1.2.7.1 Malformations of the Outer and Middle Ear	36
Suggested Reading	10	1.2.7.2 Management of Hearing Impairment	36
1.1.3 Ear-related Questions	10	1.2.7.3 Management of Aesthetic Deficits	37
1.1.3.1 Hearing Loss	10	1.2.7.4 Malformations of the Inner Ear	37
1.1.3.2 Earache (Otagia, Ear Pain)	11	1.2.8 Surgical Principles	39
1.1.3.3 Otorrhoea (Aural Discharge)	11	1.2.8.1 Cochlear Implantation	39
1.1.3.4 Tinnitus (Head Noise)	12	1.2.8.2 Bone-Anchored Hearing Aid (Tjellström Technique)	39
1.1.3.5 Dizziness/Vertigo	12	1.2.8.3 Functional Surgery for Ear Atresia (Jahrsdoerfer Technique)	39
References	12	1.2.8.4 Bone-anchored Epithesis	40
1.1.4 Principles of Clinical Examination	14	1.2.8.5 Implantation of Active Middle Ear Prosthesis	40
1.1.4.1 Inspection and Palpation	14	1.2.8.6 Reconstructive Surgery of the Auricle (Nagata Technique)	40
1.1.4.2 Fistula Test	15	Suggested Reading	41
1.1.4.3 Tube Inflation	15	1.3 Diseases of the Auricle and of the External Auditory Canal	43
1.1.4.4 Patulous Eustachian Tube	15	1.3.1 Trauma/Otohaematoma	43
1.1.5 Technical Diagnostic Procedures	16	1.3.1.1 Sharp Trauma, Lacerations and Bite Wounds	43
1.1.5.1 Subjective Tests	16	1.3.1.2 Blunt Trauma and Auricular Haematoma	43
1.1.5.2 Objective Tests	16
