15 Thorium Carbonates, Cyanides, Thiocyanates, Alkyl(Aryl) Oxides, and Carboxylates	1
15.1 Thorium Carbonates and Carbonato Complexes	1
15.1.1 Introduction	1
15.1.2 Thorium Carbonates	1
15.1.3 Thorium Carbonato Complexes	4
Tricarbonatothorates	7
Tetracarbonatothorates	8
Pentacarbonatothorates	8
15.1.4 Hydroxocarbonatothorates	14
15.1.5 Fluorocarbonatothorates	14
15.2 Thorium Cyanides and Cyano Complexes	16
15.2.1 Thorium Cyanides	16
15.2.2 Thorium Cyanometallates	16
15.3 Thorium Thiocyanates and Thiocyanato Complexes	18
15.3.1 Introduction	18
15.3.2 Thorium Thiocyanates	18
15.3.3 N-Thiocyanatothorates	21
15.4 Thorium Selenocyanates	25
15.5 Thorium Alkyl(Aryl) Oxides and Alkane (Arene) Di- and Polyolates	25
15.5.1 Introduction	25
15.5.2 Thorium Compounds with Monohydroxo Alcohols and Phenols	26
Thorium Alkyl Oxides	26
Introduction	26
Preparation	28
Thorium Aryl Oxides	29
15.5.3 Thorium Compounds with Aliphatic and Aromatic Diols	32
15.5.4 Thorium Compounds with Polyhydric Alcohols	35
15.6 Thorium Carboxylates	36
15.6.1 Introduction	36
15.6.2 Aliphatic Monocarboxylates of Thorium	37
Thorium Formates and Formato Complexes	37
Thorium Formates	37
Thorium Hydroxide Formates	41
Thorium Salt of (Ethoxy-hydroxy-phosphoryl)-formic Acid Ethyl Ester	41
Thorium Formato Complexes	42

	Page
Thorium Acetates and Acetato Complexes	45
Thorium Acetates	45
Acetatothorates	51
Thorium Compounds with Substituted Acetic Acids	52
Thorium Hydroxyacetates (Glycolates)	52
Thorium Phenoxyacetates	53
Thorium Aminoacetates and Related Compounds	55
Thorium Halogenoacetates and Related Compounds	55
Thorium Mercaptoacetate (Thioglycolate)	64
Thorium Phenyl-, Phenylhydroxy-, Diphenyl-, Diphenylhydroxy-, and Naphthylacetates	64
Phenylacetates	66
Phenylhydroxyacetates	66
Diphenylacetate	66
Diphenylhydroxyacetates	67
1-Naphthylacetates	67
7-Hydroxy-4-coumarinacetate	67
Thorium Propionates	68
Thorium Compounds with Substituted Propionic Acids	69
2-Phenyl-, β -Hydroxyamino- β -phenyl-, 1- and 2-Phenoxy-, 2- α -Cresoxypropionates, Thiolactic Acid and 3-Methoxyphenylpyruvate-oxime	69
Aminopropionic Acids	71
Thorium Butyrates, Isobutyrate, and Related Carboxylates	71
Thorium Valerates	72
Thorium Caproates and Longer Chain Carboxylates	73
Thorium Salts of Unsaturated Aliphatic Monocarboxylic Acids	75
Thorium Naphthenates	77
15.6.3 Aliphatic Dicarboxylates of Thorium	77
Introduction	77
Thorium Oxalates	78
Thorium Oxalato Complexes	86
Introduction	91
Trioxalatothorates	92
Tetraoxalatothorates	92
Pentaoxalatothorates	94
Pentaoxalatodithorium Complexes	95
Other Oxalato Complexes	95
Thorium(IV) Nitrate Oxalate	97
Thorium Halide Oxalates and Halogeno Oxalato Complexes	97
Thorium Sulfito Oxalato Complexes	97
Thorium Carbonato Oxalato Complexes	98
Thorium Phosphato Oxalato Complex	102
Thorium Malonates and Related Compounds	103
Thorium Succinates	104
Thorium Malates and Malato Complexes	105
Thorium Tartrates and Tartrato Complexes	106
Thorium Compounds with Other Substituted Succinic Acids	107

	Page
Thorium Compounds with Unsaturated C ₄ Dicarboxylic Acids and Their Derivatives	108
Thorium Glutarates	110
Thorium Compounds with Substituted Glutaric Acids	110
Thorium Compounds with C ₆ and Higher Aliphatic Dicarboxylic Acids	111
Thorium Oxodiacetates	115
Thorium Phenyl-1,3-dioxodiacetate	119
Thorium Iminodiacetates and Related Compounds	119
Thorium Compounds with Aliphatic Polycarboxylic Acids	121
Introduction	121
Thorium Compounds with Tricarboxylic Acids	121
Thorium Compounds with Aliphatic Amine-N-Tetracarboxylic Acids	123
Thorium Compounds with Aliphatic Amine-N-Pentacarboxylic Acids	127
Thorium Compounds with an Aliphatic Amine-N-Hexacarboxylic Acid	128
15.6.4 Aromatic Carboxylates of Thorium	128
Introduction	128
Thorium Benzoates	128
Thorium Salicylates and a Salicylato Complex	130
Thorium Salts of Other Hydroxybenzoic Acids	131
Thorium Compounds with Substituted Hydroxybenzoic Acids	133
Thorium Compounds with Aminobenzoic Acids	136
Thorium Compounds with Halogenobenzoic Acids	139
Thorium Compound with 2-Mercaptobenzoic Acid	140
Thorium Compounds with Other Substituted Benzoic Acids	140
Thorium Benzene-(di and poly)carboxylates	143
Thorium Salts of Other Aromatic Dicarboxylic Acids	146
Thorium Naphthoates	148
1-Anthraquinonyloxamates	150
15.6.5 Thorium Compounds with Heterocyclic Carboxylic Acids	151
Thorium O-Heterocyclic Carboxylate	151
Thorium Pyridinemonocarboxylates	151
Thorium Pyridinedicarboxylates	153
Thorium Quinolinecarboxylates	156
Thorium Compounds with Benzylpenicillinic Acid (Penicillin G)	157
Thorium Thiophene-2-carboxylate	157
15.7 Thorium Thiolate and Dithiolate	158
15.7.1 Thorium Thiolate (Mercaptide)	158
15.7.2 Thorium Dithiolate	158
15.8 Thorium Compound with a Thiocarboxylic Acid	158
15.9 Thorium Carbamates, Oxothio- and Dithiocarbamates	160
15.10 Thorium Diselenocarbamate	160
Physical Constants and Conversion Factors	161
