Preface — V

List of contributors — XI

Prodyut Dhar and Vimal Katiyar

1 Nanocellulose: an introduction — 1

Tabli Ghosh, Prodyut Dhar, and Vimal Katiyar

2 Nanocellulose: extraction and fabrication methodologies — 23

Prodyut Dhar and Vimal Katiyar

3 Benchmarking nanocellulose production: scale-up strategies and life-cycle assessment — 49

Chethana Mudenur, Prodyut Dhar, and Vimal Katiyar

4 Nanocellulose: surface modification strategies — 81

Tabli Ghosh, Doli Hazarika, Prodyut Dhar, and Vimal Katiyar

5 Processing techniques for nanocellulose-based value-added products — 119

Tabli Ghosh, Prodyut Dhar, and Vimal Katiyar

6 Nanocellulose for food packaging applications — 157

Neha Mulchandani, Tabli Ghosh, and Vimal Katiyar

7 Nanocellulose for biomedical applications — 209

Pankaj Boruah, Prodyut Dhar, and Vimal Katiyar

8 Nanocellulose-based composites for applications as catalysts and pollutant remediation — 229

Prodyut Dhar, Surendra Singh Gaur, Tabli Ghosh, and Vimal Katiyar

9 Nanocellulose: material development, characterization, and testing protocols — 279
