

Toxicology in Transition

Proceedings of the
1994 EUROTOX Congress
Meeting Held in Basel, Switzerland, August 21–24, 1994

Edited by the Publication Committee
G.H. Degen, J.P. Seiler and P. Bentley

With 104 Figures and 59 Tables

Springer

Contents

Genetically Modified Cells and Animals in Toxicological Research

Concepts, potentials, methods for constructing transgenic cells and animals - Introduction

K. Bürki..... 3

Use of recombinant cells in metabolic and mechanistic studies (analysis of pathways)

W. A. Schmalix and J. Döhmer..... 8

Applications for transgenic animals in toxicology

D. Brusick..... 23

The Benchmark Dose Concept

Principles, benefits and limitations of the NOEL approach

D.J. Esdaile..... 37

Comparison of benchmark doses (BMD) with no-observed-adverse-effect-levels (NOAEL) and low-observed-adverse-effect-levels (LOAEL) for subchronic studies

R. S. Nair, M. W. Stevens, M. A. Martens, and J. Ekuta..... 44

Bioindicators in Ecotoxicology

Bioindicators in ecotoxicology: an overview

J. Lopez-Barea..... 57

Use of cytochrome P450 1A in fish as a biomarker of aquatic pollution

A. Goksøyr 80

Receptor-mediated toxicity

Cellular and molecular biology of aryl hydrocarbon (Ah) receptor-mediated gene expression

S. Safe and V. Krishnan..... 99

Inhibitors of the sodium pump: toxins, then drugs, and now hormones

J.-D. Horisberger 116

Rodent responses to peroxisome proliferators - a receptor-mediated phenomenon ?

J. D. Tugwood 125

Role of second messengers in mineral particle-induced production of reactive oxygens species by phagocytes <i>K. Savolainen and M. Ruotsalainen</i>	134
--	-----

Estrogenic effects of some xenobiotics <i>M. Vargová, M. Gajdová, J. Jakubovsky, and L. Wsóllová</i>	148
---	-----

In Vitro tests in regulatory toxicology

In Vitro methods in regulatory toxicology: the crucial significance of validation <i>M. Balls</i>	155
--	-----

Scientific, ethical and legal aspects of the acceptance of in vitro methods in regulatory toxicology <i>E. Walum</i>	163
---	-----

The validation and use of in vitro teratogenicity tests <i>R. Bechter</i>	170
--	-----

In Vitro methods in regulatory toxicology <i>R. Bass</i>	192
---	-----

In Vitro tests in regulatory toxicology: symposium chairman's summing-up <i>M. Balls</i>	205
---	-----

Ex Vivo and in Vitro Models in acetaminophen hepatotoxicity studies. Relationship between glutathione depletion, oxidative stress and disturbances in calcium homeostasis and energy metabolism <i>S. Ellouk-Achard, V. Levesse, C. Martin, C. Pham-Huy, H. Dutertre-Catella, M. Thevenin, J.-M. Warnet, and J. R. Claude</i>	209
--	-----

Rabbit renal proximal tubule suspensions as a model for nephrotoxicity evaluation of native or in situ metabolized β -lactam antibiotics <i>H. Dutertre-Catella, C. Martin, M. Debray, C. Pham-Huy, M. Thevenin, J.M. Warnet, R. A. Podevin, and J. R. Claude</i>	215
--	-----

Neurobehavioral abnormalities induced by substance abuse

Neurobehavioral abnormalities induced by prenatal exposure to substances of abuse - stating the problem <i>J. Elsner</i>	221
---	-----

Prenatal exposure to marihuana and tobacco during infancy, early and middle childhood: effects and an attempt at synthesis. <i>P. A. Fried</i>	233
---	-----

Delayed developmental neuro- and immunotoxicity of benzodiazepines <i>M. Schlumpf, R. Parmer, E. E. Bütikofer, S. Inderbitzin, A. R. Salili, A. A. Schreiber, H. R. Ramseier, H. van Loveren, and W. Lichtensteiger</i>	261
--	-----

Changes of EEG of freely-moving rats caused by three generation organophosphate treatment

L. Nagymajtényi..... 288

Developmental neurotoxicity of carbon monoxide

M. R. Carratu, R. Cagiano, M. A. De Salvia, L. Trabace, and V. Cuomo..... 295

Safety assessment of over the counter (OTC) products

The safety assessment of over the counter (OTC) products

B. Schmid 305

OTC pharmaceuticals and genotoxicity testing: the paracetamol, anthraquinone, and griseofulvin cases

L. Müller 312

Safety assessment of OTC products: doxylamine succinate

J. A. Skare 326

Safety assessment of OTC products: a regulatory view

P. Sjöberg 341

Drug toxicity findings and no action taken

F. W. Wolff 346

Species specificity of organ toxicity

Species specificity of organ toxicity

W. Butler 351

Species specificity at the molecular level: the case of nitric oxide synthase

E. Felley-Bosco 357

Mechanisms underlying species-specificity in target organ specificity

E. A. Lock 367

Species specificity of organ toxicity: behavioral differences

G. Bignami, G. Dell 'Omo, and E. Alleva..... 375

Terrestrial ecotoxicity of chemical substances

Development of OECD test guidelines and hazard assessment procedures for terrestrial effects

N. Grandy..... 397

Development of guidance for terrestrial effects assessment

L. Samsøe-Petersen and F. Pedersen 406

Application of quick and simple plant bioassays to assess the genotoxicity of environmental pollutants - Detection of potential health hazards of air, water and soil contaminants

T.-H. Ma 420

Comparison of susceptibility to chemicals (pesticides) of species used for human and environmental effect assessment

W. Pflüger 434

Toxicological evaluation of pollutants in soil - concept of the AGU and assessment of tolerable concentrations for metals

B. Liebl, U. Schwegler, E. Roscher, and G. Kerscher 446

Immunodeficient mouse systems

The SCID (severe combined immunodeficiency) mouse - its biology and use in immunotoxicological research

M. Løvik 455

The SCID mouse as a tool to bridge the gap between animal and human responses

H. Van Loveren and C. De Heer 468

The SCID mouse and its use in immunopharmacological and immunotoxicological investigations

C. H. Ladel, H. Püschner, and U. Bamberger 472

Stereochemical effects

Chirality - from molecules to organisms

J. P. Seiler 491

Interactions between the in vitro metabolism of xenobiotics and fatty acids. The case of ibuprofen and other chiral profens.

J.M. Mayer, B. Testa, M. Roy-deVos, C. Audergon, and J.C. Etter 499

Side effects and toxic reactions of chiral drugs: a clinical perspective

M. Eichelbaum 514

Analysis of (S)- and (R)-propanolol in human plasma and urine by a specific immunoenzymic assay versus HPLC

C. Pham-Huy, A. Sahui-Gnassi, F. Massicot, H. Galons, H. Dutertre-Catella, B. Radenen, J.M. Warnet, H. T. Duc, and J. R. Claude 522

Biological behavior of prestages of cancer cells

Biological behavior of prestages of cancer cells: an introduction

R. Schulte-Hermann 531

Preneoplastic lesions in kidney and carcinogenesis by non-genotoxic compounds <i>D. R. Dietrich and T. Rasonyi</i>	536
--	-----

Early cellular alterations in chemical liver carcinogenesis as assessed by immunohistochemical and molecular biological techniques <i>H. S. Huitfeldt</i>	547
---	-----

Late Manuscripts

The UK approach to the regulation and evaluation of novel foods produced by biotechnology <i>D. A. Jonas</i>	557
--	-----

Young Scientists Poster Award

Molecular mimikry of CF ₃ CO-lysine by lipoic acid I: the dehydrolipoamide acetyltransferase subunit of the human pyruvate dehydrogenase as autoantigen in halothane hepatitis <i>U. Christen and J. Gut</i>	565
--	-----

Molecular mimikry of CF ₃ CO-lysine by lipoic acid II: lipoic acid bearing proteins as autoantigen in halothane hepatitis <i>N. Frey, V. Koch, and J. Gut</i>	566
--	-----
