1 METHOD OVERVIEW	15
What is Design Thinking?	**16**
The micro-cycle—how design thinkers work	**24**
Overview	24
Problem definition and redefinition	26
Need finding and synthesis	27
Ideation	30
Prototyping	31
Testing	34
The macro-process: the 7+1 phases of design thinking	**36**
Overview	36
Design Space Exploration	40
Critical function prototype and critical experience prototype	42
Dark horse prototype	44
Funky prototype (integrated prototype)	46
Functional prototype	47
X-is-finished prototype	48
Final prototype	49
The design thinking toolbox	**50**
The design thinking code	**52**
The team	**56**
Implementation in companies	**60**
