

# Contents

<b>Introduction to the volume</b>	
Isabelle Udry & Raphael Berthele	iii
<b>1 Language Aptitude at Primary School (LAPS): Theoretical framework of the project</b>	
Isabelle Udry, Raphael Berthele & Carina Steiner	1
<b>2 Language Aptitude at Primary School (LAPS): Research design</b>	
Carina Steiner, Raphael Berthele & Isabelle Udry	51
<b>3 The smart, the motivated and the self-confident: The role of language aptitude, cognition, and affective variables in early instructed foreign language learning</b>	
Isabelle Udry & Raphael Berthele	71
<b>4 Predicting L2 achievement: Results from a test battery measuring language aptitude, general learning ability, and affective factors</b>	
Raphael Berthele, Jan Vanhove, Carina Steiner, Isabelle Udry & Hansjakob Schneider	91
<b>5 Dispositions for language learning and social differences</b>	
Raphael Berthele	105
<b>6 Creative thinking as an individual difference in task-based language teaching and learning</b>	
Isabelle Udry	125
<b>7 The closer the better? Investigating L2 motivation of young learners in different contexts</b>	
Carina Steiner	143
<b>8 The dynamics of young learners' L2 motivation: A longitudinal perspective</b>	
Carina Steiner	163

<b>9</b>	<b>Language aptitude in German as a school language and English as a foreign language in primary school</b>	
	Hansjakob Schneider	<b>179</b>
<b>10</b>	<b>The stability of language aptitude: Insights from a longitudinal study on young learners' language analytic abilities</b>	
	Isabelle Udry & Jan Vanhove	<b>197</b>
<b>11</b>	<b>Summing up: Individual differences in primary school foreign language learning</b>	
	Raphael Berthele & Isabelle Udry	<b>211</b>
	<b>Index</b>	<b>225</b>
