

Contents

1	Introduction	1
1.1	Motivation	1
1.2	Research on the Topic of Epistemological Beliefs	3
1.2.1	Epistemological Beliefs—a Clarification of Terms	3
1.2.2	History of Research on Epistemological Beliefs	6
1.2.3	Relevance of This Topic	11
1.3	The Research Project LeScEd	13
1.3.1	Overview of All Publications from Sub-Project #3 of LeScEd	15
	References	19
2	Interviews Regarding Epistemological Beliefs	25
2.1	Interview Study—Certainty of Mathematical Knowledge	27
2.1.1	Introduction	27
2.1.2	The Structure of Epistemological Beliefs	28
2.1.3	Certainty of Knowledge	32
2.1.4	Methodology	35
2.1.5	Results	38
2.1.6	Discussion and Outlook	41
2.2	“Is Mathematical Knowledge Certain?—Are You Sure?”	42
2.2.1	Introduction	42
2.2.2	The Classroom Discussion	43
2.2.3	Conclusion	46
	References	47

3 Measuring Mathematical Critical Thinking	51
3.1 Mathematical Critical Thinking: Construction and Validation of a Test	51
3.1.1 Motivation	51
3.1.2 Measuring Critical Thinking	52
3.1.3 Rationale	53
3.1.4 Theoretical Background	53
3.1.5 Constructing a Test for Mathematical Critical Thinking	55
3.1.6 Validating the Test for Mathematical Critical Thinking	56
3.1.7 Conclusion and Discussion	60
3.1.8 Additional Remarks and Future Prospects	61
3.2 Mathematical Critical Thinking: A Question of Dimensionality	62
3.2.1 Motivation and Additional Theoretical Background	62
3.2.2 Matching the CT Test to the Two Models of CT	63
3.2.3 Methodology	64
3.3 Results	64
3.3.1 Discussion	69
3.4 Mathematical Critical Thinking: Correlations with Other Constructs	70
3.4.1 Correlations Between Critical Thinking and Problem Solving	70
3.4.2 Correlations Between Critical Thinking and Mathematical Reasoning, Argumentation, and Proof	71
3.4.3 Correlations Between Critical Thinking and Metacognition	72
3.4.4 Discussion of the Three Correlation Studies	73
References	73
4 Critical Thinking and Epistemological Beliefs of Pre-service Teachers	77
4.1 Background	77
4.1.1 Structure of the Belief Dimension	78
4.1.2 Structure of the Knowledge Dimension	80
4.2 The Study	82
4.2.1 Methodology	83

4.2.2	Results	85
4.2.3	Discussion	88
4.3	Appendix: Sample Items of the Mathematical Critical Thinking Test	92
	References	93
5	Epistemological Beliefs and Critical Thinking in Pre-Service Teacher Education	97
5.1	Background	97
5.1.1	Theoretical Background	99
5.2	The Study	103
5.2.1	Goals and Research Questions	103
5.2.2	Methodology	105
5.2.3	Instruments	106
5.2.4	Results	109
5.2.5	Discussion	115
	References	118
6	Inductive and Deductive Justification of Knowledge	121
6.1	Background	122
6.1.1	Introduction	122
6.1.2	Theoretical Background	123
6.1.3	Justification of Knowledge	126
6.2	Study 1	127
6.2.1	Results of the Interview Study	130
6.2.2	Interpretation with Respect to the Category of Epistemological Judgments	132
6.3	Study 2	134
6.3.1	Results of the Extended Questionnaire Study	136
6.4	Discussion	139
6.4.1	Discussion of Study 1	139
6.4.2	Discussion of Study 2	140
6.4.3	General Discussion	140
6.4.4	Limitations and Further Studies	141
	References	142
7	Summary and Outlook	147
7.1	Summary	147
7.2	Limitations	149
7.2.1	Coding	149

7.2.2 Writing	151
7.3 Analyses of Further Data	152
7.4 Connotative Beliefs of Pre-Service Teachers	153
7.4.1 Methodology	153
7.4.2 The Study	155
7.4.3 Results	156
7.4.4 Discussion	157
7.5 Adapting the Methodology to Other Domains	157
