

Contents

1	Introduction	1
1.1	Background	1
1.2	Rationale for the Topic of This Research	3
1.3	Objectives	5
1.4	Outline	6
2	Strategic Communication	7
2.1	Communication	7
2.2	Strategic Communication	8
2.3	Health Communication	8
2.4	Overview of Communication Campaign Development	10
2.5	A Critical Perspective	12
3	Scarcity	13
3.1	Culture	13
3.2	Poverty	15
3.2.1	Economic views of poverty	17
3.2.2	Social and psychological poverty views	18
3.2.3	Multidimensional measurements of poverty	21
3.2.4	Poverty from the perspective of the poor	23
3.3	Summary	25
4	Integrating poverty influences into communication campaign development	27
4.1	Behavioural insights	28
4.1.1	Classic theories and models of behaviour	28

4.1.1.1	Overview	28
4.1.1.2	Limitations of classic theories of behaviour	29
4.1.2	Socio-ecological models	37
4.1.2.1	Overview	37
4.1.2.2	Integration of influences of poverty	42
4.1.3	Summary	79
4.2	Message design	80
4.2.1	Overview over existing message strategies	80
4.2.2	Influences of poverty on message design	81
4.2.2.1	Appeals	81
4.2.2.2	Framing	83
4.2.2.3	Evidence format	83
4.2.2.4	Content presentation	85
4.2.3	Summary	86
4.3	Channels, formats and messengers	87
4.3.1	Overview over existing dissemination strategies	87
4.3.2	Influences of poverty on dissemination strategies	88
4.3.2.1	Community-based, participatory approaches	89
4.3.2.2	Messengers from outside the healthcare system	92
4.3.3	Summary	94
4.4	Ethical considerations of communication campaigns	95
4.5	Relevance of a lens of scarcity	98
5	Sierra Leone	101
5.1	Overview	101
5.2	Contextual characteristics	102
5.2.1	Political and institutional factors	102
5.2.2	Infrastructure and services	108
5.2.3	Natural environment	110
5.2.4	Media and communication environment	111
5.3	The West African Ebola epidemic	112
5.4	Summary	115
6	A Qualitative Study on Health Communication in a Low-income Context	117
6.1	Research Questions	118
6.2	Rationale for Using Triangulation in Qualitative Research	119
6.3	Procedures of the Three Methods	119

6.3.1	Interviews with Key Informants	122
6.3.1.1	Purpose and Research Questions	122
6.3.1.2	Participants	123
6.3.1.3	Procedures	124
6.3.1.4	Measurement	125
6.3.1.5	Data Processing and Analysis	125
6.3.1.6	Results	127
6.3.2	Content Analysis of Ebola Communication Materials ...	146
6.3.2.1	Purpose and Research Questions	146
6.3.2.2	Sample Description	148
6.3.2.3	Data Collection	149
6.3.2.4	Data Processing and Analysis	150
6.3.2.5	Results	152
6.3.3	Focus Group Discussions	163
6.3.3.1	Purpose and Research Questions	163
6.3.3.2	Participants	165
6.3.3.3	Procedure	166
6.3.3.4	Measurement	166
6.3.3.5	Data Processing and Analysis	168
6.3.3.6	Results	170
6.4	Results of the Triangulation	179
6.5	Discussion	191
7	Field Experiment of a Communication Campaign on Hand	
	Hygiene	195
7.1	Rationale for This Study	195
7.2	Formative Research	197
7.2.1	Relevance of the Behaviour of Interest	197
7.2.2	Research Questions	198
7.2.3	Sampling, Data Collection Procedures and Analysis	199
7.2.4	Results	201
7.2.5	Discussion	213
7.3	Audience Segmentation	214
7.4	Specification of Goals	215
7.5	Hypotheses and Research Questions	217
7.6	Material and Methodology	224
7.6.1	Experimental Design	224
7.6.2	Stimulus Material	225
7.6.2.1	Commonalities in All Intervention Groups	225

7.6.2.2	Differences Between Treatment Groups	227
7.6.3	Procedures	229
7.6.4	Measurement	234
7.6.5	Setting and Participants	238
7.6.6	Analytical Approach	245
7.7	Results	249
7.7.1	Observation	249
7.7.2	Survey	256
7.7.3	Summary of Hypothesis Testing	269
7.7.4	Post-Intervention Focus Groups and Research Diary	271
7.8	Discussion	286
8	Conclusion	291
8.1	Recapitulation of the Objectives and Key Findings	291
8.2	Relevance of this Research	295
8.2.1	Implications for Theory	295
8.2.2	Implications for Practice	301
8.3	Statement of Reflexivity and Ethics	307
8.4	Limitations	312
8.5	Recommendations for Future Research	313
8.6	Summary	315
	References	317
