Preface	XI
1 Aerodynamic Forces	1
1.1 Introductory Discussion	1
1.2 Exercises	2
1.2.1 Exercise A	2
1.2.2 Exercise B: Vocabulary	4
1.2.3 Exercise C: Translation	4
1.3 Why an Aircraft Flies	5
1.3.1 Exercise A: Comprehension	8
1.3.2 Exercise B: Vocabulary	10
1.3.3 Exercise B: Part Two	11
1.3.4 Exercise C: Writing	11
1.4 How Does an Aircraft Really Fly?	12
1.4.1 Exercise A: Diagram	13
1.4.2 Exercise B: Discussion Questions	14
1.4.3 Exercise C: Language Corrections	15
1.5 James Bond 007—Reading Numbers Aloud in English	17
1.5.1 Multiple Digits	17
1.5.2 Zero	18
1.5.3 The Decimal Point	19
1.5.4 Plural Forms and False Friends	19
1.5.5 Dates	19
1.5.6 Fractions	20
1.5.7 Percent	20

2	Wings and Airfoils	21
2.1	Wing Geometry Definitions	21
2.1.1	Exercise A: Basic Vocabulary	21
2.1.2	Exercise B: Further Terminology	23
2.1.3	Exercise C: Swept Wings	23
2.2	Wingtip Devices	25
2.2.1	Exercise A: Comprehension Questions	26
2.2.2	Exercise B: Vocabulary Questions	27
2.3	The Secret Behind Mini-TEDs: Novel Aerodynamic Wing Flaps	28
2.3.1	Exercise A: Comprehension Questions	30
2.3.2	Exercise B: Technical Vocabulary	31
2.3.3	Exercise C: Academic Vocabulary	32
2.3.4	Exercise D: Group Work	33
2.4	Reading Mathematical Equations Aloud	34
2.4.1	Basic Arithmetic Operations	34
2.4.2	Superscripts and Subscripts	34
2.4.3	Roots	35
2.4.4	Brackets	35
2.5	Exercises	36
2.5.1	Further Mathematical Symbols	36
2.5.2	Further Practice	37
3	Aircraft Motion	39
3.1	Pitch Motion	39
3.2	Roll Motion	41
3.3	Yaw Motion	42
3.4	Trim Systems	43
3.4.1	Exercise A: Comprehension Questions	47
3.4.2	Exercise B: Vocabulary	48
3.5	Mathematical Symbols and Formulae	49
4	Propulsion Systems	51
4.1	Propeller Propulsion	51
4.2	Gas Turbine Propulsion	55

4.3	Ramjet Propulsion	57
4.4	Rocket Propulsion	58
4.5	Paraphrasing	61
4.6	Jet Engines	62
4.7	Shapes	63
4.8	Geometry	64
4.8.1	Exercise A	64
4.8.2	Exercise B	65
5	Green Aviation	67
5.1	Hydrogen: The Fuel of the Future?	67
5.1.1	Exercise A: Comprehension Questions	68
5.1.2	Exercise B: Vocabulary Questions	69
5.2	Vocabulary (Properties of Materials)	70
5.3	Composite Materials	71
5.4	Common Chemical Elements from the Periodic Table	74
6	Helicopters	77
6.1	How Helicopters Work	77
6.1.1	Exercise A: Comprehension Questions	80
6.1.2	Exercise B: Vocabulary Questions	81
6.1.3	Exercise C: Words of Motion	83
6.1.4	Exercise D: Translation	84
6.2	Describing the Movement of a Graph	85
6.3	Agreeing and Disagreeing	89
6.3.1	Exercise A: Text: Helicopter with Flapping Rotors	90
6.3.2	Exercise B: Writing	91
7	The Future of NASA	93
7.1	NASA's Vision	93
7.2	The Shuttle Program	95
7.3	Delayed Discovery Launch	97
7.3.1	Exercise A: Vocabulary Exercise	97
7.3.2	Exercise B: Listening, Delayed Discovery Launch	98

7.4	Space Launch System	101
7.4.1	Exercise A: Vocabulary	104
7.4.2	Exercise B: Comprehension	105
7.5	Academic Register	106
8	An Introduction to Chemical, Electric, and Reusable Propulsion Systems	109
8.1	Solid and Liquid Rocket Fuels	109
8.2	Exercise: Replacing Phrasal Verbs	111
8.3	Electric Propulsion in Four Easy Steps	112
8.3.1	Exercise A: Vocabulary	115
8.3.2	Exercise B: Comprehension	116
8.4	Exercise: Comparison of Propulsion Technologies	118
8.5	Reusable Rockets	119
8.5.1	Exercise A: Vocabulary	122
8.5.2	Exercise B: Comprehension	124
8.6	Punctuation Review	125
9	Orbits	127
9.1	Three Classes of Orbit	127
9.2	Exercise: Vocabulary and Comprehension	132
9.3	Cause and Effect	134
9.3.1	Exercise A	134
9.3.2	Exercise B	135
9.4	Pronunciation Check	136
10	Commercial Opportunities in Satellite Technology	137
10.1	Overview	137
10.2	Some Basics of Satellite Technology	138
10.3	Largesats and Smallsats	140
10.4	From Space Transport to Graveyard Orbits: the Costs of a Satellite	141
10.4.1	Exercise A: Vocabulary I	144
10.4.2	Exercise B: Vocabulary II	146
10.4.3	Exercise C: Comprehension Questions I	146

10.4.4 Exercise D: Comprehension Questions II	147
10.5 Discourse Markers	147
11 Space Debris and Its Solutions	149
11.1 Overview	149
11.1.1 Exercise A: Vocabulary	154
11.1.2 Exercise B: Comprehension	155
11.2 Exercise: Listening	156
11.3 False Friends	158
12 The International Space Station and Perseverance	159
12.1.1 Overview of International Space Station	159
12.1.2 Exercise: Comprehension Questions	161
12.2 Respectively/Beziehungsweise	162
12.3 Perseverance	163
12.3.1 Exercise A: Vocabulary	165
12.3.2 Exercise B: Comprehension	166
12.4 A Closer Look at Perseverance	167
12.5 British vs. American English	169
13 Space Elevators	173
13.1 Satellites on a Leash	173
13.1.1 Exercise A: Vocabulary	175
13.1.2 Exercise B: Comprehension Questions	176
13.2 Uncountable Nouns	177
Credits	179
Selected Reference List	183
Answer Key	187
Student's Lexicon	223
