Preface to the 2 nd Edition	5
Introduction	
The Five Elements and Bodywork	7
About This Textbook	10
Yin and Yang	
Basic Principles of Yin and Yang According to TCM	15
Five Elements and Eight Principles	17
Yin and Yang in Food	21
Indicators of Yin and Yang Conditions	22
A) General Signs	22
B) Yin and Yang in Relation to the Five Elements	24
Yin and Yang in the Wood Element	24
Yin and Yang in the Fire Element	26
Yin and Yang in the Earth Element	27
Yin and Yang in the Metal Element	28
Yin and Yang in the Water Element	29
The Cycle of the Five Phases	
The Dynamics of the Relationships of the Five Phases	30
The Wood Element	
The Position of the Wood Element Within the Cycle of the Five Phases	37
Effects of Wood Dysfunctions on Other Elements	38
Strengths of the Wood Element	39
The Energetic Organs of the Wood Element	39
Liver	40
Gallbladder	46
Yin/Yang Imbalances of Wood and its Organs	49
Ebb and Flow in the Organs and Meridians of the Wood Element	50
Further Functions of the Wood Element	50
What Strengthens or Weakens the Wood Element	54
Where the Wood Element Reveals Itself to the Bodyworker	55
The Fire Element	
The Position of the Fire Element Within the Cycle of the Five Phases	59
Strengths of the Fire Element	60
The Energetic Organs of the Fire Element	61
Heart	61
Pericardium	67
Small Intestine	69

Triple Heater	72
Ebb and Flow in the Organs and Meridians of the Fire Element	75
Further Functions of the Fire Element	76
What Strengthens or Weakens the Fire Element	80
Where the Fire Element Reveals Itself to the Bodyworker	80
The Earth Element	
The Position of the Earth Element Within the Cycle of the Five Phases	85
Strengths of the Earth Element	87
The Energetic Organs of the Earth Element	87
Spleen/Pancreas	87
Stomach	92
Ebb and Flow in the Organs and Meridians of the Earth Element	96
Further Functions of the Earth Element	97
What Strengthens or Weakens the Earth Element	101
Where the Earth Element Reveals Itself to the Bodyworker	102
The Metal Element	
The Position of the Metal Element Within the Cycle of the Five Phases	107
Strengths of the Metal Element	109
The Energetic Organs of the Metal Element	110
Lungs	110
Large Intestine	114
Ebb and Flow in the Organs and Meridians of the Metal Element	117
Further Functions of the Metal Element	118
What Strengthens or Weakens the Metal Element	123
Where the Metal Element Reveals Itself to the Bodyworker	124
The Water Element	
The Position of the Water Element Within the Cycle of the Five Phases ...	129
Strength of the Water Element	130
The Energetic Organs of the Water Element	130
Kidneys	131
Further Functions of the Kidney Energy	138
Bladder	139
Ebb and Flow in the Organs and Meridians of the Water Element	144
Further Functions of the Water Element	144
What Strengthens or Weakens the Water Element	147
Where the Water Element Reveals Itself to the Bodyworker	148
The Author	152
