

Contents

Preface — VII

Section A Medicinal inorganic chemistry

Chapter 1 Introduction and fundamentals of medicinal inorganic chemistry — 3

Chapter 2 Metals in medicine: perspective and prospective view — 7

Chapter 3 Metals in alternative system of medicine — 29

References — 37

Section B Biological inorganic chemistry

Chapter 1 Introduction — 43

Chapter 2 Main-group elements — 45

Chapter 3 Main-group elements — 49

Chapter 4 Main-group elements — 53

Chapter 5 Carbon group elements — 55

Chapter 6 Nitrogen group elements — 61

Chapter 7 Oxygen group elements — 69

Chapter 8 Halogen elements — 75

Chapter 9 Metals in biological systems — 79

Chapter 10 Transition elements — 83

X — Contents

Chapter 11 Transition metals in chemotherapy — 105

References — 123

Index — 137
