

CONTENTS

Preface *vii*

Contributors *viii*

- 1** **Introduction** *1*
- 2** **History of Tooth-Preserving Surgery** *5*
 - Transplantation
 - Replantation
 - Apicoectomy
 - Hemisection and Root Amputation
 - Exposure and Alignment
- 3** **Exposure and Alignment** *17*
 - Indications
 - Contraindications
 - Surgical Procedure
 - Possible Complications and Recall
 - Prognosis
- 4** **Apicoectomy** *39*
 - Indications
 - Contraindications
 - Surgical Procedure
 - Possible Complications and Recall
 - Prognosis

5 **Intentional Replantation and Transreplantation** 55

Intentional Replantation
Transreplantation

6 **Resective Furcation Therapy, Hemisection, and Root Amputation** 79

Diagnosis and Classification of Furcation Involvement
Treatment of Furcation Involvement
Indications and Contraindications for Resective Furcation Therapy
Resective Methods for Furcation Therapy
Possible Complications and Recall
Prognosis

7 **Transplantation** 95

Indications
Contraindications
Surgical Procedure
Possible Complications and Recall
Prognosis

8 **Success with Tooth-Preserving Surgery** 117

Success Rates
Criteria for Evaluating Success
Success Factors
