

Contents

1	The Modern Lean Enterprise	1
1.1	The Short Answer	1
1.2	A Comprehensive Answer	1
1.2.1	Focus: Creating Complementarities	1
1.2.2	Purpose: Indirect Efficiency	3
1.2.3	Method: Lean Flow	5
1.2.4	Frame: Flow in Internal Logistics	8
1.3	Overview of the Book	9
	References	9

Part I Rising of the Digital Economy

2	The Displacement of the Economy	13
2.1	A New Social System of Production	13
2.2	Organisation in the Post-Mass Production Era	15
2.2.1	Open Innovation and Customer Born Value	17
2.2.2	Variability and Experimentation	17
2.2.3	Tolerance to Mistakes	18
2.2.4	Dynamic Equilibrium	18
2.2.5	Emerging Characteristics	18
2.3	Review of Lean Thinking	19
	References	20
3	The Post-Industrial Factory	23
3.1	Introduction	23
3.2	Modern Way of Production	24
3.3	Value-Adding Communities	28
3.4	The Evolution of Mass Customisation	29
3.5	Mass Customisation	30
3.6	Theory of Mass Customisation	31
3.7	A Case Study from the Furniture Industry	34
	References	38

Part II Lean in Theory

4	Principles of Lean Production	43
4.1	Introduction	43
4.2	The Road of Toyota to the West	44
4.2.1	Continuous Improvement and Kaizen	44
4.2.2	Respect for People	46
4.3	Modern Perception on Waste	47
	References	50
5	Lean Flow: A Method	53
5.1	Introduction	53
5.2	Lean Flow Typology	54
5.3	Basic Pillars of Lean Flow	56
5.3.1	Working Capital	56
5.3.2	Cost of Production	59
5.3.3	Quality	60
5.4	Lean Flow in Production	61
5.5	Lean Work Flow	62
5.5.1	The Steps of the Method	64
5.5.2	Lean Flow in Machines Environment	86
5.5.3	Lean Flow in Spare Parts	89
5.6	Lean Material Flow	90
5.6.1	Design of the Pull Mechanism	91
5.6.2	Material Fitness for Pull Mechanism	113
5.7	Lean Logistics	115
5.7.1	Lean Flow in Internal Logistics	115
5.7.2	Lean Flow in External Logistics	118
5.7.3	Lean Logistics and Lean Value Stream	119
5.8	Lean Flow in Purchasing and Procurement	125
5.8.1	Materials Requirements Planning	126
5.8.2	Replenishment Strategy of Lean Inventory	128
5.8.3	Relations with Lean Suppliers	129
5.9	Integrated Demand and Supply Management	129
5.9.1	Demand Planning and Agility Borders	130
5.9.2	Planning of Lean Agility	134
5.9.3	Smoothing Daily Production in Mix and Volume	142
5.9.4	Production Linearity	144
5.10	Change of Engineering Specifications	145
5.11	Lean Flow in Cost Accounting	148
5.11.1	Economic Efficiency to Customer Demand	149
5.11.2	Product Cost and Lean Flow	151
5.11.3	Failures of the Non-Lean Cost Accounting	153
	References	153

6	Successful Implementation	155
6.1	Features of a Successful Implementation	155
6.1.1	Product Synchronisation Flows	155
6.1.2	Sequence of Events	155
6.1.3	Designed Capacity	156
6.1.4	Materials	156
6.1.5	Facilities	157
6.2	Results from a Successful Implementation	158
6.2.1	Measurements Suggested for Performance and Flow Improvement	158
6.3	ERP Systems and Lean Flow	159
6.4	Organisation in a Lean Environment	162
	References	163
7	Modern Lean Thinking	165
7.1	Introduction	165
7.2	Complementarity and Synergies	166
7.3	Process and Material Complementarity	168
7.4	Digitisation	169
	References	170

Part III Lean in Practice

8	Lean Factory	173
8.1	Introduction	173
8.2	Lift Trucks	174
8.2.1	One-Piece Flow From Painting to Final Assembly	175
8.2.2	One-Piece Flow in Mast Assembly	181
8.2.3	Epilogue	192
8.3	Coffee Machines	192
8.3.1	Audit Report	193
8.3.2	Epilogue	200
8.4	Air Conditioning Units	200
8.4.1	Redesign and Resupply of Lean Flow Lines	201
8.4.2	The Secrets of Managing Demand and Supply	216
8.4.3	Constraints on the Full Exploitation of Lean Flow	226
8.4.4	How <i>Not</i> to Achieve Low Cost	226
8.4.5	Lessons Learned	227
8.5	Cooling Units	227
8.6	Furniture	238
8.6.1	Kanban Implementation	240
8.6.2	Layout Redesign	242
8.6.3	Epilogue	245
8.7	Elevators	245
8.7.1	Hydraulic Tank Subsystem	249

8.7.2	Piston Subsystem	255
8.7.3	Subsystems of Hydraulic and Mechanical Chassis	259
8.7.4	Cabin Subsystem	262
8.7.5	Electronics Subsystem	268
8.7.6	Epilogue	270
8.8	Electricity Supply	271
	References	273
9	Lean for Industry 4.0	275
9.1	Introduction	275
9.2	Towards the Modern Lean Enterprise	277
9.3	The Way Is Open and Modern	279
	References	280
