

Table of Contents

1	Introduction	1
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
2	Classification and Definitions of Peri-Implant Health and Diseases.....	3
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
2.1	Definition of Peri-Implant Health	5
2.2	Definition of Peri-Implant Mucositis.....	6
2.3	Definition of Peri-Implantitis	7
3	Examination for Diagnosis and Case Definitions of Peri-Implant Diseases ..	9
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
3.1	Assessment of Soft-Tissue Conditions.....	11
3.2	Assessment of Marginal Bone Levels	13
3.3	Case Definitions	15
3.3.1	Case Definition of Peri-Implant Health	15
3.3.2	Case Definition of Peri-Implant Mucositis	16
3.3.3	Case Definition of Peri-Implantitis	17
4	Etiology of Peri-Implant Diseases.....	19
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
4.1	Microbial Etiology of Peri-Implant Diseases.....	20
4.1.1	Microbial Profiles at Healthy Implant Sites	21
4.1.2	Microbial Profiles at Diseased Implant Sites	21
4.1.3	Microbial Profiles in Edentulous Patients with Dental Implants	22
4.2	Alternative Theories for the Cause of Peri-Implantitis.....	23
4.2.1	Excessive Occlusal Load	23

5	Prevalence of Peri-Implant Diseases	25
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
5.1	Factors Influencing the Reported Prevalence of Peri-Implant Diseases.....	27
5.2	Onset and Progression of Peri-Implant Diseases.....	29
6	Risks for Peri-Implant Diseases	31
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
6.1	Risk Indicators for Peri-Implant Mucositis	33
6.2	Risk Indicators for Peri-Implantitis.....	34
6.3	The Implant Disease Risk Assessment Tool (IDRA).....	37
7	Peri-Implant Mucositis	47
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
7.1	Onset and Progression of Peri-Implant Mucositis	48
7.2	Is Peri-Implant Mucositis Reversible?.....	49
7.3	Treatment of Peri-Implant Mucositis	50
8	Peri-Implantitis.....	53
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
8.1	Pathogenesis	54
8.1.1	Preclinical Experimental Models.....	54
8.1.2	Human Histopathology	54
8.1.3	Peri-Implantitis Bony-Defect Configuration.....	55
8.2	Treatment of Peri-Implantitis.....	58
8.2.1	Non-Surgical Anti-Infective Treatment Protocols	58
8.3	Re-Evaluation	61
8.4	Surgical Anti-Infective Treatment Protocols.....	62
8.4.1	Goals	62
8.4.2	Perioperative Antimicrobials	62
8.4.3	Open-Flap Debridement	62
8.4.4	Resective Peri-Implantitis Treatment	63
8.4.5	Reconstructive Peri-Implantitis Treatment.....	63

8.5	Intrasurgical Implant Surface Decontamination Protocols	66
8.6	Postoperative Infection Control and Supportive Care.....	67
8.7	Long-Term Treatment Outcomes Following Peri-Implantitis Treatment	68
8.8	Implant Removal	69
9	Prevention of Peri-Implant Diseases.....	71
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
9.1	Primary Prevention (Establishing and Maintaining Peri-Implant Health)	73
9.1.1	5 P's of Prevention.....	73
9.2	Secondary Prevention (Managing Peri-Implant Mucositis and Preventing the Onset of Peri-Implantitis).....	76
9.3	Tertiary Prevention (Managing Peri-Implantitis and Preventing Implant Loss)	77
9.4	Consensus Statements and Clinical Recommendations from the 6th ITI Consensus Conference	78
10	What Will the Future Hold? New Techniques and Materials	81
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
11	Conclusions	83
	<i>L. J. A. Heitz-Mayfield, G. E. Salvi</i>	
12	Clinical Case Presentations	85
12.1	Peri-Implant Mucositis Treatment Outcomes on an Implant with a Submucosal Restoration Margin	86
	<i>M. Araujo, F. Matarazzo</i>	
12.2	Peri-Implant Mucositis Associated with Misfit of a Cemented Restoration.....	91
	<i>G. E. Salvi</i>	
12.3	Treatment of Peri-Implant Mucositis at a Zirconia Implant.....	95
	<i>F. Schwarz, A. Ramanauskaite</i>	
12.4	Open-Flap Debridement for the Management of Peri-Implant Mucositis Associated with Excess Cement.....	97
	<i>A. Rocuzzo, G. E. Salvi</i>	

12.5	Late Presentation of Peri-Implant Mucositis Requiring Soft-Tissue Augmentation and Esthetic Crown Lengthening at Implant Site 11	100
	<i>E. Lorenzana, J. Gillespie</i>	
12.6	Treatment of Peri-Implantitis at a Zirconia Implant	107
	<i>F. Schwarz, A. Ramanauskaite</i>	
12.7	Surgical Management of Peri-Implantitis: Open-Flap Debridement with Seven-Year Follow-up After Treatment	109
	<i>L. J. A. Heitz-Mayfield</i>	
12.8	Resective Surgical Treatment of Peri-Implantitis Including Implantoplasty	113
	<i>M. Solonko, I. Sanz-Sánchez, M. Sanz</i>	
12.9	Surgical Management of Peri-Implantitis: Reconstructive Surgical Treatment With Three-Year Follow-up After Treatment.....	127
	<i>L. J. A. Heitz-Mayfield</i>	
12.10	Reconstructive Treatment of a Peri-Implantitis Defect at an Implant in a Mandibular Molar Site.....	131
	<i>M. Rocuzzo</i>	
12.11	Reconstructive Surgical Treatment of Peri-Implantitis with Long-Term Follow-up.....	137
	<i>A.-M. Roos Jansåker</i>	
12.12	Reconstructive Treatment of Peri-Implantitis with Long-Term Follow-up (7 Years)	141
	<i>A.-M. Roos Jansåker</i>	
12.13	Peri-Implantitis Modified by the Presence of Submucosal Excess Cement: Reconstructive Therapy and a Ten-Year Follow-up	145
	<i>G. E. Salvi</i>	
12.14	Surgical Treatment of Peri-Implantitis in the Posterior Mandible Associated with Hard- and Soft-Tissue Reconstruction.....	149
	<i>P. Casentini</i>	
12.15	Surgical Management of Peri-Implantitis: Removal of Implant Due to Recurrent Infection Using an Implant-Retrieval Tool.....	157
	<i>L. J. A. Heitz-Mayfield</i>	
12.16	Treatment of Advanced Peri-Implantitis by Implant Removal Followed by Bone Reconstruction and New Implant Placement	160
	<i>P. Casentini, M. Chiapasco</i>	
12.17	Occlusal Load—a Factor for Implant Failure?.....	174
	<i>N. U. Zitzmann</i>
