VII List of Contributors

XI Foreword

Tjäderhane, L. (Helsinki/Oulu)

Epidemiology

1 Incidence, Prevalence and Global Distribution of Root Caries

Hayes, M.; Burke, F.; Allen, P.F. (Cork)

9 Etiology, Risk Factors and Groups of Risk

Hayes, M.; Burke, F.; Allen, P.F. (Cork)

Biological Determinants

15 Specificities of Caries on Root Surface

Damé-Teixeira, N. (Brasilia); Parolo, C.C.F.; Maltz, M. (Porto Alegre)

26 Root Surface Biofilms and Caries

Do, T. (Leeds); Damé-Teixeira, N. (Brasilia); Naginyte, M.; Marsh, P.D. (Leeds)

35 Endogenous Enzymes in Root Caries

Boukpepsi, T.; Menashi, S.; Chaussain, C. (Paris)

Lesion Assessment and Features

43 Root Surface Caries – Rationale Behind Good Diagnostic Practice

Fejerskov, O.; Nyvad, B. (Aarhus)

55 Assessing the Risk of Developing Carious Lesions in Root Surfaces

Doméjean, S. (Clermont-Ferrand); Banerjee, A. (London)

63 Assessment of Root Caries Lesion Activity and Its Histopathological Features

Carvalho, T.S.; Lussi, A. (Bern)

70 Monitoring of Root Caries Lesions

Pretty, I.A. (Manchester)

Preventive and Operative Therapies

76 Biofilm Control and Oral Hygiene Practices

Maltz, M. (Porto Alegre); Alves, L.S.; Zenkner, J.E.A. (Santa Maria)

83	Conventional Preventive Therapies (Fluoride) on Root Caries Lesions	Magalhães, A.C. (Bauru)
88	New Preventive Approaches Part I: Functional Peptides and Other Therapies to Prevent Tooth Demineralization	Buzalaf, M.A.R. (Bauru); Pessan, J.P. (Araçatuba)
97	New Preventive Approaches Part II: Role of Dentin Biomodifiers in Caries Progression	Bedran-Russo, A.K.; Zamperini, C.A. (Chicago, IL)
106	Management of Cavitated Root Caries Lesions: Minimum Intervention and Alternatives	Burrow, M.F. (Melbourne, VIC/Hong Kong); Stacey, M.A. (Melbourne, VIC)
115	Clinical Performance of Root Surface Restorations	Reis, A. (Ponta Grossa); Soares, P.V. (Uberlândia); de Geus, J. (Fortaleza); Loguercio, A.D. (Ponta Grossa)
	Epilogue	
125	Concluding Remarks	Carrilho, M.R.O. (São Paulo)
