Preface	xiii
<i>Manuel Bernal-Sprekelsen</i>	
Preface	xv
<i>Isam Alobid</i>	
Acknowledgments	xvii
Contributors	xix
Section 1 Introduction	1
1 Evolution of Skull Base Surgery: The Multidisciplinary Team Approach	3
<i>Francesca Jaume Monroig, Isam Alobid, Manuel Bernal-Sprekelsen</i>	
2 Three-Dimensional Anatomy of the Skull Base: The Ventral Pathway	7
<i>Alberto Prats-Galino, Matteo de Notaris, Marija Mavar Haramija, Juan Antonio Juanes Méndez, Joaquim Enseñat</i>	
2.1 Surgical Simulation Methodology	8
2.2 Simulation of the Different Steps of the EE Approach	8
2.3 Conclusion	15
Section 2 Anatomy of the Lateral Nasal Wall and the Paranasal Sinuses	19
3 Endoscopic Lateral Nasal Wall and Anterior and Posterior Ethmoid Sinus Dissection	21
<i>Gabriel Martínez Capoccioni, Manuel Bernal-Sprekelsen, Isam Alobid</i>	
3.1 Introduction	22
3.2 Indications for Ethmoid Sinus Surgery ..	22
3.3 Surgical Steps	22
3.4 Infundibulotomy	23
3.5 Middle Meatal Antrostomy	27
3.6 Dissection of the Anterior Ethmoid (Partial Anterior Ethmoidectomy)	28
3.7 Dissection of the Posterior Ethmoid (Ethmoidectomy)	31
4 Frontal Sinus and Draf Approaches	37
<i>Eugenio Cárdenas, Ariel Kaen, Isam Alobid, Manuel Bernal-Sprekelsen</i>	
4.1 Introduction	38
4.2 Anatomy of the Frontal Recess and Frontoethmoid Cells	38
4.3 Preoperative Evaluation	38
4.4 Indications	40
4.5 Surgical Steps	40
4.6 Case Examples	44
4.7 Complications and Tips and Tricks	44

5	Sphenoid Sinus	49
	<i>Eduardo Lehrer, Isam Alobid, Arturo Cordero Castillo, Manuel Bernal-Sprekelsen</i>	
	Introduction	50
5.1	Anatomy of the Sphenoid Sinus	50
5.2	Preoperative Evaluation	52
5.3	Indications	53
5.4	Surgical Steps	53
5.5	Case Examples	55
5.6	Complications	55
5.7	Tips and Tricks	55
6	Medial Maxillectomy	59
	<i>Christos Georgalas, Michael Tsounis</i>	
	Introduction	60
6.1	Indications	60
6.2	Surgical Steps	60
6.3	Case Example	61
6.4	Complications	63
6.5	Tips and Tricks	63
7	Anterior and Posterior Ethmoidal Arteries	67
	<i>Humbert Massegur-Solench, Juan Ramón Gras-Cabrerizo, Elena Garcia-Garrigós, Joan M. Ademá-Alcover</i>	
	Introduction	68
7.1	Indications to Expose the Ethmoidal Arteries	68
7.2	Surgical Steps	69
7.3	Case Example	71
7.4	Complications	73
7.5	Tips and Tricks	74
8	Sphenopalatine and Maxillary Arteries	75
	<i>David K. Morrissey, Peter John Wormald</i>	
	Introduction	76
8.1	Anatomy of the Sphenopalatine and Maxillary Arteries	76
8.2	Indications for Approaches to the Sphenopalatine and Maxillary Arteries	77
8.3	Surgical Approach to the Sphenopalatine Artery	78
8.4	Surgical Approach to the Maxillary Artery	79
8.5	Complications	82
Section 3	Anterior Cranial Fossa	83
9	Transcribriform Approach	85
	<i>Cristobal Langdon, Mauricio López Chacón, Manuel Bernal-Sprekelsen, Isam Alobid</i>	
	Introduction	86
9.1	Indications	86
9.2	Surgical Steps	86
9.3	Case Example	88
9.4	Complications	89
9.5	Tips and Tricks	91
10	Endoscopic Transtuberculum Transplanum Approach	93
	<i>Kumar Abhinav, Juan C. Fernandez-Miranda</i>	
	Introduction	94
10.1	Technical Description	94
10.2	Case Example	102

11	Suprasellar Approach to the Third Ventricle	105
	<i>Luigi Maria Cavallo, Domenico Solari, Teresa Somma, Alberto Di Somma, Paolo Cappabianca</i>	
	Introduction	106
11.1	Indications	106
11.2	Surgical Steps	106
12	Endoscopic Sellar Approach	115
	<i>Matteo de Notaris, Giuseppe Catapano, Vincenzo Seneca, Lili Laleva, Elena D'avella, Alberto Prats-Galino</i>	
	Introduction	116
12.1	Indications	116
12.2	General Anatomic Considerations	116
12.3	Surgical Steps	116
12.4	Neuroimaging Techniques for Planning ..	118
12.5	General Surgical Principles for Endoscopic Endonasal Transsphenoidal Approach	120
12.6	Surgical Steps	121
12.7	Intradural Dissection	121
12.8	Closure	121
12.9	Case Example	123
12.10	Complications	123
12.11	Conclusion	124
13	Cavernous Sinus Approach	127
	<i>Ernesto Pasquini, Diego Mazzatenta, Matteo Zoli, Michael Ghirelli, Giorgio Frank</i>	
	Introduction	128
13.1	Indications	128
13.2	Surgical Steps	128
13.3	Case Example	139
13.4	Complications	140
13.5	Tips and Tricks	141
14	Endonasal Endoscopic-Assisted Intraorbital Approach	143
	<i>Iacopo Dallan, Giacomo Fiacchini, Matteo de Notaris</i>	
	Introduction	144
14.1	Indications	144
14.2	Surgical Steps	144
14.3	Case Examples	149
14.4	Complications	149
14.5	Tips and Tricks	151
14.6	Dedicated Instrumentations	153
15	Transorbital Neuroendoscopic Approach	155
	<i>Kris Moe, Angelique M. Berens</i>	
	Introduction	156
15.1	Surgical Steps	156
15.2	Conclusion	162

Section 4 Middle Cranial Fossa	163
16 The Anteromedial Corridor via the Expanded Endonasal Approach: The “Front Door to Meckel’s Cave”	165
<i>Sammy Khalili, Srikant S. Chakravarthi, Juanita M. Celix, Nishit Shah, Martin Corsten, Melanie Fukui, Richard Rovin, Amin Kassam</i>	
Introduction	166
16.1 Indications	166
16.2 Anatomic Considerations	166
16.3 Surgical Steps	166
16.4 Case Example	177
16.5 Complications	177
16.6 Tips and Tricks	179
17 Endoscopic Endonasal Approach to Intrapetrous Carotid Artery	181
<i>Paolo Castelnuevo, Paolo Battaglia, Mario Turri-Zanoni</i>	
Introduction	182
17.1 Anatomic Background	182
17.2 Indications	182
17.3 Surgical Steps	183
17.4 Case Examples	187
17.5 Complications	187
18 Anterior Endoscopic Petrosectomy	191
<i>Jun Muto, Ricardo L. Carrau, Ricardo Dolci, Pornthep Kasemsiri, Bradley A. Otto, Daniel M. Prevedello</i>	
Introduction	192
18.1 Indications	192
18.2 Surgical Steps	192
18.3 Complications	194
18.4 Tips and Tricks	194
18.5 Case Example	195
Section 5 Clivus and Posterior Cranial Fossa	197
19 Pituitary Gland Transposition and Retrosellar Approach	199
<i>Daniel M. Prevedello, Leo F. S. Ditzel Filho, Edward Kerr, Ali Jamshidi, Brad A. Otto, Ricardo L. Carrau</i>	
Introduction	200
19.1 Indications	200
19.2 Surgical Steps	200
19.3 Case Example	204
19.4 Complications	205
19.5 Tips and Tricks	206
20 Transclival Approach	209
<i>Joaquim Enseñat, Elena D'avella, Isam Alobid, Matteo de Notaris, Alberto Prats-Galino</i>	
Introduction	210
20.1 Indications	210
20.2 Surgical Steps	210
20.3 Case Examples	212
20.4 Complications	214
20.5 Tips and Tricks	214
21 Endoscopic Approaches to the Craniovertebral Junction	217
<i>Jau-Ching Wu, Tsung-Hsi Tu, Peng-Yuan Chang, Yu-Shu Yen</i>	
Introduction	218
21.1 Surgical Approaches	218
21.2 Avoidance of Complications during Endoscopic Surgery of Craniovertebral Junction	224

21.3	Common Pathologies of Craniovertebral Junction	225	21.4	Complications and Their Avoidance	229
22	The “Far Medial” (Transcondylar/Transtubercular) Approach to the Inferior Third of the Clivus.	231			
	<i>Martin Corsten, Srikant S. Chakravarthi, Juanita M. Celix, Sammy Khalili, Melanie Fukui, Richard Rovin, Amin Kassam</i>				
	Introduction	232	22.3	Case Example	235
22.1	Surgical Technique	232	22.4	Conclusion	235
22.2	Complications, Tips and Tricks	235			
23	Jugular Foramen Approach	239			
	<i>Muhamad A. Amine, Vijay K. Anand, Tomasz Dziedzic, Theodore H. Schwartz</i>				
	Introduction	240	23.2	Surgical Steps (Including Tips and Tricks, Technique, and Important Landmarks)	240
23.1	Indications	240			
	Section 6 Pterygopalatine and Infratemporal Fossa	247			
24	Endoscopic Endonasal Approach to Pterygopalatine Fossa.	249			
	<i>Paolo Battaglia, Mario Turri-Zanoni, Paolo Castelnuevo</i>				
	Introduction	250	24.4	Complications	256
24.1	Indications	250	24.5	Case Example	256
24.2	Surgical Steps	250	24.6	Tips and Tricks	256
24.3	Instruments Required	256			
25	Infratemporal Approach	259			
	<i>Lee A. Zimmer, Almaz Kurbanov</i>				
	Introduction	260	25.4	Case Examples	263
25.1	Indications	260	25.5	Complications	263
25.2	Infratemporal Fossa Limits	260	25.6	Tips and Tricks	265
25.3	Surgical Steps	260			
26	Nasopharyngectomy	267			
	<i>Raewyn G. Campbell, Daniel M. Prevedello, Ricardo L. Carrau</i>				
	Introduction	268	26.4	Reconstruction	273
26.1	Indications for an Expanded Endonasal Approach	268	26.5	Discussion	274
26.2	Contraindications to an Expanded Endonasal Approach	268	26.6	Contraindications to Surgery and Complications	275
26.3	Surgical Steps	268	26.7	Conclusion	276

Section 7 Combined Endoscopic–Transcranial Approaches	279
27 Transbasal/Subfrontal-Transcribriform Approach to Anterior Skull Base	281
<i>Iacopo Dallan, Mario Turri-Zanoni, Stefano Sellari–Franceschini</i>	
Introduction	282
27.1 Indications	282
27.2 Surgical Steps	282
27.3 Case Example	290
27.4 Complications	291
27.5 Instruments Required	291
27.6 Tips and Tricks	291
28 Retrosigmoid–Transclival Approach	293
<i>Diego Mazzatenta, Matteo Zoli, Ernesto Pasquini, Giorgio Frank</i>	
Introduction	294
28.1 Indications	294
28.2 Surgical Steps	294
28.3 Conclusion	302
29 Far Lateral-Craniovertebral Approach	303
<i>Giuseppe Catapano, Matteo de Notaris, Giuseppe Di Nuzzo, Nelido Gonzalez Fernandez, Iacopo Dallan, Alberto Prats-Galino</i>	
29.1 Far Lateral Approach	304
29.2 Extended Endoscopic Endonasal Transclival Approach to the Ventrolateral Brain Stem	307
30 Anterior Transpetrosal Approach versus EEA Transclival Approach	315
<i>Jun Muto, Leo F. S. Ditzel Filho, Bradley A. Otto, Ricardo L. Carrau, Daniel M. Prevedello</i>	
Introduction	316
30.1 Indications	316
30.2 Surgical Steps	316
30.3 Complications	318
30.4 Tips and Tricks	319
30.5 Case Example	320
Section 8 Basic Landmarks in Expanded Endoscopic Skull Base Surgery	321
31 Intracranial Vascular Anatomy	323
<i>Paolo Castelnuovo, Apostolos Karligkiotis, Iacopo Dallan</i>	
Introduction	324
31.1 Internal Carotid Artery	324
31.2 Superior and Inferior Intercavernous Sinuses (and Cavernous Sinuses)	335
31.3 Superior and Inferior Petrosal Sinuses	338
31.4 Basilar Artery (and Vertebrobasilar System including Vertebral Arteries)	339
32 Anteromedial Corridors to the Cranial Nerves	347
<i>Juanita M. Celix, Srikanth S. Chakravarthi, Nishit Shah, Martin Corsten, Sammy Khalili, Amin Kassam, Melanie Fukui, Richard Rovin</i>	
Introduction	348
32.1 Surgical Steps	348
32.2 Tips and Tricks	357

33	Bony Landmarks	359		
	<i>Ali Jamshidi, Leo F. S. Ditzel Filho, Edward Kerr, Brad A. Otto, Ricardo L. Carrau, Daniel M. Prevedello</i>			
	Introduction	360	33.3	Paraclival ICA and the Clival Recess and the Foramen Rotundum
33.1	Parapharyngeal ICA and the Eustachian Tube	360	33.4	Tips and Tricks
33.2	Petrous ICA and the Vidian Canal	360		
Section 9 Reconstruction Techniques		367		
34	The Pedicled Nasoseptal Flap	369		
	<i>Gustavo Hadad, Roldán Roberto, Juan Pablo Demaría, Miguel Mural</i>			
	Introduction	370	34.5	Surgical Steps
34.1	Definition	370	34.6	Complications
34.2	Indications	370	34.7	Tips and Tricks to Prevent Complications
34.3	Tips and Tricks	370	34.8	Tips and Tricks
34.4	Advantages	370	34.9	Conclusion
35	Middle and Inferior Turbinate Flaps	379		
	<i>Raewyn G. Campbell, Bradley A. Otto, Daniel M. Prevedello, Ricardo L. Carrau</i>			
	Introduction	380	35.3	Middle Turbinate Flap
35.1	Reconstruction Technique	380	35.4	Discussion
35.2	Inferior Turbinate Flap	380		
36	Anterior and Posterior Pedicle Lateral Nasal Wall Flaps	385		
	<i>Carlos M. Rivera-Serrano, Ricardo L. Carrau</i>			
	Introduction	386	36.3	Complications
36.1	Indications	386	36.4	Tips and Tricks
36.2	Surgical Steps	386		
37	Pericranial and Temporoparietal Fascia Flaps	393		
	<i>Raewyn G. Campbell, Hafiz Patwa, Bradley A. Otto, Daniel M. Prevedello, Ricardo L. Carrau</i>			
	Introduction	394	37.3	Transpterygoid Temporoparietal Fascia Flap
37.1	Anatomy of the Frontal and Temporal Scalp	394	37.4	Discussion
37.2	Transfrontal Pericranial Flap	394		
	Index	403
