Videos	xiii
Foreword	xv
Preface	xvii
Acknowledgments	xix
Contributors	xxi
1. Nasal Anatomy	3
<i>Alfonso García-Piñero, Eugenio Cárdenas, Ariel Kaen, Juan Antonio Simal-Julian</i>	
1.1 Front Door to Nasal Cavity	3
1.1.1 Piriform Aperture	3
1.1.2 Nasal Pyramid	3
1.2 Medial Wall of Nasal Cavity: Nasal Septum	4
1.2.1 Septal Cartilage	4
1.2.2 Perpendicular Plate of Ethmoid	4
1.2.3 Vomer	4
1.2.4 Septal Crests of Palatine and Maxillary Bones	5
1.3 Lateral Nasal Wall	5
1.3.1 Lateral Wall of Nasal Cavity	5
1.4 Maxillary Sinus	7
1.4 Ceiling of Nasal Cavity: Nasal Vault, Ethmoid Cells, and Frontal Sinus	7
1.4.1 Ethmoid Cells	8
1.4.2 Frontal Sinus	8
1.5 Nasal Floor	8
1.5.1 Palatine Process of Maxilla	8
1.5.2 Horizontal Process of Palatine Bone	9
1.6 Back Door of Nasal Cavity	9
1.6.1 Choana	9
1.6.2 Sphenoid Sinus	9
2. Nasal Physiology	13
<i>Jonathan Frankel, Emily Hrisomalos, Steven M. Houser</i>	
2.1 Normal Nasal Physiology	13
2.1.1 Mucous Blanket and Mucociliary Clearance	13
2.1.2 Innate Mucosal Immunity	14
2.1.3 Nasal Sensation/Innervation	14
2.1.4 Nasal Airflow	14
2.2 Abnormal Nasal Physiology	14
2.2.1 Disorders of Mucociliary Transport	14
2.2.2 Infection and Inflammation	14
2.2.3 Exposure to Ciliotoxic Agents	15
2.3 Tests of Nasal Physiology	15
2.3.1 Rhinomanometry	15
2.3.2 Acoustic Rhinometry	15
2.3.3 Mucociliary Transport	15
2.3.4 Ciliary Activity	15
2.4 Conclusion	16

3.	Nasal Septum and Nasal Wall Vascularization	19		
	<i>Juan R. Gras-Cabrerizo, Juan Ramón Gras Albert, Elena García-Garrigós, Humbert Massegur-Solench</i>			
3.1	Introduction	19	3.2.6	Artery of Pterygoid Canal or Vidian Artery (Arteria Canalis Pterygoidei)
3.2	Branches of Maxillary Artery (Arteria Maxillaris)	19	3.2.7	Pharyngeal Branch or Pterygovaginal Artery (Ramus Pharyngeus)
3.2.1	Sphenopalatine Artery (Arteria Sphenopalatina)	19	3.3	Branches of Facial Artery (Arteria Facialis)
3.2.2	Posterior Superior Alveolar Artery (Arteria Alveolaris Superior Posterior)	20	3.3.1	Superior Labial Aatery (Arteria Labialis Superior)
3.2.3	Infraorbital Artery (Arteria Infraorbitalis) .	21	3.3.2	Lateral Nasal Artery (Arteria Lateralis Nasi)
3.2.4	Descending Palatine Artery and the Greater Palatine Artery (Arteria Palatine Descendens and Arteria Palatine Major) .	21	3.4	Branches of Ophthalmic Artery (Arteria Ophthalmica)
3.2.5	Artery of Foramen Rotundum	22		23
4.	Nasal Perforation Etiology	29		
	<i>Mauricio López-Chacón, Arturo Cordero Castillo, Cristobal Langdon, Francesca Jaume, Isam Alobid</i>			
4.1	Introduction	29	4.3.2	Intranasal Drug Abuse
4.2	Pathogenesis	29	4.3.3	Occupational Exposure
4.3	Etiology	30	4.3.4	Neoplasm
4.3.1	Traumatic Causes	30	4.3.5	Systemic Diseases
			4.4	Conclusion
				32
5.	Systemic Diseases Associated with Septal Perforation	35		
	<i>Mauricio López-Chacón, Arturo Cordero Castillo, Cristobal Langdon, Alfonso Santamaría, Isam Alobid</i>			
5.1	Infectious Diseases	35	5.2.1	Granulomatosis with Polyangiitis
5.1.1	Tuberculosis	35	5.2.2	Eosinophilic Granulomatosis with Polyangiitis
5.1.2	Leprosy	35	5.2.3	Sarcoidosis
5.1.3	Syphilis	36	5.2.4	Systemic Lupus Erythematosus
5.1.4	Human Immunodeficiency Virus	37	5.3	Conclusion
5.1.5	Fungal Infections	37		38
5.2	Multisystemic Disorders (Vasculitis and Autoimmune Diseases)	37		
6.	Preoperative Clinical Evaluation of Patient	43		
	<i>Fabio Ferrelli, Paolo Castelnovo</i>			
7.	Conservative Treatment	49		
	<i>Arturo Cordero Castillo, Mauricio López-Chacón, Cristobal Langdon, Isam Alobid</i>			
7.1	Introduction	49	7.4	Conservative Treatment
7.2	Pathogenesis	49	7.4.1	Saline Irrigation
7.3	Symptoms	49	7.4.2	Ointments
			7.4.3	Nasal Packs
			7.4.4	Hemostatic and/or Reabsorbable Agents .
				51

7.5	Symptom-Based Treatment	51	7.5.2	Crusting and Nasal Congestion	51
7.5.1	Epistaxis	51	7.5.3	Conclusion	51
8.	Nasal Perforation and Septal Prosthesis	55			
	<i>Meritxell Valls, Alfonso Santamaría, Isam Alobid</i>				
8.1	Anatomy	55	8.6	Discussion	58
8.2	Indications	55	8.7	Points of Difficulty and Technical Solutions	61
8.3	Materials	55	8.8	Case Example	61
8.3.1	Prefabricated versus Custom Made	55	8.9	Tips and Tricks	61
8.4	Surgical Steps	55			
8.5	Postoperative Care	58			
9.	Free Grafts	65			
	<i>Hesham A. K. A. Mansour</i>				
9.1	Indications	65	9.4	Complications	67
9.2	Surgical Steps	65	9.5	Tips and Tricks	68
9.3	Case Example	67			
10.	Repair of Nasal Septal Perforation by Using Middle Turbinate Flap	71			
	<i>Deniz Hanci, Huseyin Altun</i>				
10.1	Introduction	71	10.4.1	Case 1	73
10.2	Indications	71	10.4.2	Case 2	74
10.3	Surgical Steps	72	10.5	Tip and Tricks	74
10.4	Case Examples	73			
11.	Inferior Turbinate Flap	79			
	<i>Cristobal Langdon, Isam Alobid</i>				
11.1	Indications	79	11.4.4	Postoperative Care	81
11.2	Contraindications	79	11.5	Case Example	82
11.3	Anatomy	79	11.6	Discussion	82
11.4	Surgical Steps	80	11.7	Conclusion	84
11.4.1	Sinonasal Cavity Preparation	80	11.8	Complications	84
11.4.2	Posteriorly Based Inferior Turbinate Flap: Surgical Technique	80	11.9	Tips and Tricks	84
11.4.3	Anteriorly Based Inferior Turbinate Flap ..	81			

12. Lateral Nasal Wall Flap	89		
<i>Cristobal Langdon, Mauricio López-Chacón, Arturo Cordero Castillo, Alfonso Santamaría, Paula Mackers, Isam Alobid</i>			
12.1 Indications	89	12.5 Case Example	91
12.2 Contraindications	89	12.6 Discussion	92
12.3 Anatomy	89	12.7 Conclusion	92
12.4 Surgical Steps	90	12.8 Complications	92
12.4.1 Sinonasal Cavity Preparation	90	12.9 Tips and Tricks	93
12.4.2 Detailed Surgical Technique	90		
13. Anterior Ethmoidal Artery Septal Flap	97		
<i>Paolo Castelnuevo, Fabio Ferreli, Pietro Palma</i>			
13.1 Surgical Anatomy	97	13.5 Case Examples	102
13.2 Relevant Analytical Factors	98	13.5.1 Case 1	102
13.3 Surgical Steps	99	13.5.2 Case 2	103
13.4 Complications and Technical Solutions	102	13.6 Tips and Tricks	103
14. Unilateral Mucosal Advancement Flap	107		
<i>Jung Soo Kim, Sung Jae Heo</i>			
14.1 Indications	107	14.2.4 Insertion of Silastic Sheet and Postoperative Care	109
14.2 Surgical Steps	107	14.3 Case Example	109
14.2.1 General Aspects	107	14.4 Tips and Tricks	109
14.2.2 Suturing Techniques	108		
14.2.3 Interposition Graft	108		
15. Bilateral Cross-Over Flap Technique	113		
<i>Shirley Shizue Nagata Pignatari, Aldo Cassol Stamm, Leonardo Balsalobre</i>			
15.1 Indications	113	15.4.1 Step 1. Creation of Flaps	113
15.2 Preoperative Considerations	113	15.4.2 Step 2. Positioning of Flaps	113
15.3 Instrumentation	113	15.5 Case Example	114
15.4 Surgical Steps	113	15.6 Tips and Tricks	114
16. Bilateral Septal Mucosal Flaps in Septal Perforations	119		
<i>José J. Letort</i>			
16.1 Introduction	119	16.3 Surgical Technique	120
16.2 Indications	119	16.3.1 Instrumentation	120
		16.3.2 Technique	120

16.4	Complications	122	16.6	Tips and Tricks	123
16.5	Case Example	122			
17.	Unilateral Nasal Floor and Inferior Meatus Flap	127			
	<i>Meritxell Valls Mateus, Cristobal Langdon, Isam Alobid</i>				
17.1	Anatomy	127	17.6	Discussion	130
17.2	Indications	127	17.7	Advantages and Limitations	131
17.3	Surgical Steps	127	17.8	Case Example	131
17.4	Postoperative Care	130	17.9	Tips and Tricks	131
17.5	Complications and Technical Solutions	130			
18.	Facial Artery Musculomucosal Flap	135			
	<i>Tareck Ayad, Philippe Lavigne, Ilyes Berania</i>				
18.1	Introduction.	135	18.4.5	Distal Flap Preparation	137
18.2	Indications	135	18.4.6	Flap Inset	138
18.3	Anatomy	135	18.4.7	Closure of Donor Site	138
18.3.1	Facial Artery Pedicle	135	18.4.8	Postoperative Care	139
18.3.2	Facial Artery Musculomucosal Flap	135	18.5	Contraindications	139
18.4	Surgical Technique	135	18.6	Discussion	139
18.4.1	Anesthesia	136	18.7	Case Example	140
18.4.2	Drawing the Flap	136	18.8	Complications	140
18.4.3	Facial Artery Identification	137	18.9	Tips and Tricks	140
18.4.4	Flap Harvest	137			
19.	“Slide and Patch” Technique	145			
	<i>Michele Cassano</i>				
19.1	Indications	145	19.5	Tips and Tricks	148
19.2	Surgical Steps	145	19.6	Complications and Technical Solutions	149
19.3	Advantages and Disadvantages	148	19.7	Conclusion	149
19.4	Case Example	148			
20.	Backward Extraction-Reposition Technique of Quadrangular Cartilage	153			
	<i>Ignazio Tasca, Giacomo Ceroni Compadretti</i>				
20.1	Indication	153	20.4	Surgical Steps	154
20.2	Surgical Anatomy and Operative Implications	153	20.5	Complications and Technical Solutions	155
20.3	Patients Selection	153	20.6	Case Examples	155

Contents

20.6.1	Case 1	155	20.7	Tips and Tricks	157
20.6.2	Case 2	156			
21.	Pericranial Flap and Endoscopic Septal Repair	161			
	<i>Alfonso Santamaría, Cristobal Langdon, Mauricio López-Chacón, Arturo Cordero Castillo, Isam Alobid</i>				
21.1	Introduction	161	21.4	Surgical Steps	162
21.2	Surgical Anatomy	161	21.5	Complications and Technical Solutions	163
21.2.1	Scalp Anatomy	161	21.6	Case Example	165
21.2.2	Blood Supply	161	21.7	Tips and Tricks	166
21.2.3	Sensory Innervation to Scalp	162			
21.3	Indications	162			
22.	Quality of Life	169			
	<i>Fabio Ferrelì, Paolo Castelnovo</i>				
22.1	Objective Assessment	169	22.2	Subjective Assessment	169
23.	Endoscopic Repair for Septal Perforation: Algorithm	175			
	<i>Fabio Ferrelì, Paolo Castelnovo</i>				
23.1	Introduction	175	23.2	Relevant Analytical Factors	175
	Index	179
