

Contents

Part I Basic Science

1 Massive and Irreparable Rotator Cuff Tears: Defining the Problem	3
Lukas N. Muench, Felix Dyrna, and Knut Beitzel	
2 Biology of Rotator Cuff Injury and Repair	11
Alessio Giai Via, Davide Cucchi, and Laura de Girolamo	
3 Biomechanics of Rotator Cuff Repair.	27
Olaf Lorbach	
4 Re-rupture or Non-healing? Factors Determining an Unsuccessful Repair.	35
Berte Bøe	
5 Biological Augmentation in Rotator Cuff Repair: Growth Factors	43
Claudio Rosso and Patrick Vavken	
6 Biological Augmentation in Rotator Cuff Repair: Cell Therapies	47
Carlo Alberto Stoppani, Sonia Maggi, Alessandra Menon, Chiara Fossati, and Pietro Randelli	
7 Biological Augmentation in Rotator Cuff Repair: Scaffolds. ...	55
Emre Bilgin, Mehmet Kapicioglu, and Kerem Bilsel	
8 Imaging of Repaired Rotator Cuff	67
Ricardo Sampaio, Carlos Abel Ribeiro, and Nuno Sampaio Gomes	

Part II Controversies in Massive Rotator Cuff Tears

9 Clinical Outcome vs. Structural Integrity: What Really Matters?	85
John Bampis, John Swan, and Achilleas Boutsiadis	
10 Fatty Infiltration and Muscle Atrophy. What It Means and What Happens After Repair?	97
Michael Hantes and George Komnos	

11 Pseudoparalysis: Pathomechanics and Clinical Relevance 103
Emmanouil Brilakis and Dimitrios Gerogiannis

**12 Rotator Cuff Tear Arthropathy:
Where Are the Limits for Repair? 111**
Emmanouil Antonogiannakis and Grigorios Avramidis

13 Suprascapular Nerve Release: Fact or Fiction 121
Bartłomiej Kordasiewicz, Michał Janyst,
and Andrzej Boszczyk

14 Traumatic Cuff Tears: The Relevance of Timing 129
Francesco Franceschi, Pietro Gregori,
and Edoardo Franceschetti

**15 Critical Shoulder Angle: Does Lateral Acromioplasty
Have a Role in Preventing Re-rupture? 135**
Geoffroy Nourissat, Anselme Billaud, and Theo Kavakelis

**16 Shoulder Injections: Options, Ultrasound
Assistance, Evidences 139**
Madalena Pimenta, Adriana Moreira,
and Nuno Sampaio Gomes

17 Nonoperative Treatment: The Role of Rehabilitation 151
López-González Luis, Tiso Giovanni, Gomes Joana,
and Aramberri Mikel

**18 Patient Expectation in the Treatment of Rotator Cuff Tears:
What Is Its Role? 163**
Roger Hackney, Emma Pollard, and Paul Cowling

**19 Treatment of Massive Irreparable Cuff Tears:
Decision Making Process 169**
Alessandra Scaini, Andrea G. Salvi, and Giuseppe Milano

Part III Surgical Techniques

20 Partial Repair 185
Gonzalo Samitier and Emilio Calvo

21 Patch Graft Augmentation 195
Florian Hess, Daniel Smolen, and Jan Leuzinger

22 Superior Capsule Reconstruction 205
Lukas N. Muench, Bastian Scheiderer, and Andreas B. Imhoff

**23 Posterosuperior Massive Irreparable Rotator Cuff Tears:
The Biceps Autograft 213**
Achilleas Boutsiadis, John Swan, and Johannes Barth

**24 Tendon Transfer for Posterosuperior Cuff:
Latissimus Dorsi Transfer 219**
Frank Martetschläger

25 **Tendon Transfer for Posterosuperior Cuff:
Lower Trapezius Transfer** 227
Gia Rodriguez-Vaquero, Gonzalo Samitier, and Emilio Calvo

26 **Tendon Transfer for Anterosuperior Cuff:
The Pectoralis Major Transfer** 237
Jean Kany

27 **Tendon Transfer for Anterosuperior Cuff:
Latissimus Dorsi Transfer** 245
Viktoras Jermolajevs

28 **Subacromial Spacer** 251
Ladislav Kovačič and Vladimir Senekovič

29 **Reverse Total Shoulder Arthroplasty** 257
Bruno Toussaint, Agathe Kling, and Jérôme Bahurel

30 **Regional Blocks and Opioid-Sparing Anesthesia:
Helping the Surgeon and with Patients’ Satisfaction** 267
Clara Lobo and Nuno Sampaio Gomes

Part IV Complex and Revision Problems

31 **Traumatic Rotator Cuff Tears with Shoulder Stiffness** 289
Carlos Maia Dias, João Sousa, and Tiago Paiva Marques

32 **Failed Rotator Cuff Repair: Decision-Making Algorithm** 297
Antonio Cartucho

33 **How to Avoid Complications in Tendon Transfers** 307
Roman Brzoska, Hubert Laprus, and Viktoras Jermolajevs

34 **Management of Bone Loss in Rotator Cuff
Tear Arthropathy** 315
Maristella F. Saccomanno, Alessandra Scaini,
and Giuseppe Milano

35 **Workup and Management of Infection in
Shoulder Arthroplasty** 329
Rui Claro, Luis Barros, Nuno Sampaio Gomes,
and Ricardo Sousa

36 **Biomechanics of Failure of Reverse Shoulder Arthroplasty
in Rotator Cuff Tear Arthropathy** 339
Selim Ergün, Umut Akgün, and Mustafa Karahan

37 **Revision of Reverse Total Shoulder Arthroplasty:
Humeral Component** 345
Jean Kany

38 **Case Example 1: Failure of Rotator Cuff Repair** 355
Roger Hackney

39	Case Example 2: Combined Massive Rotator Cuff Tear and Recurrent Shoulder Instability	361
	Benjamin Marjanovič, Marko Nabergoj, and Boris Poberaj	
40	Case Example 3: Reverse Arthroplasty Versus Other Treatment Options	367
	Pascal Gleyze, Nikos Tzanakakis, and Konstantina Moraiti	
41	Case Example 4: Massive Rotator Cuff Tear and Patient-Specific Rehabilitation in Sportsmen	379
	Ettore Taverna, Vincenzo Guarrella, Baldo Arcuri, and Marianna Vitale	
42	Case Example 5: Revision Arthroscopic Rotator Cuff Repair	383
	Ángel Calvo Díaz, Pablo Carnero Martín de Soto, and Néstor Zurita Uroz
