

Contents

1 Overview of Virus Infection and Tumorigenesis	1
Geng Yang and Xiaobo Zhang	
2 Marine Viruses	25
Tianliang He, Min Jin, and Xiaobo Zhang	
3 Marine Invertebrate Stress Responses to Virus Infection	63
Yaodong He, Yi Gong, and Xiaobo Zhang	
4 The Roles of MicroRNAs in Antiviral Immunity of Marine Invertebrates	105
Yalei Cui, Le Shu, and Xiaobo Zhang	
5 Marine Microbe Stress Responses to Bacteriophage Infection	141
Min Jin, Tianliang He, and Xiaobo Zhang	
6 Roles of Microbial Metabolites in Bacteriophage-Microbe Interactions	175
Chenxi Xu, Min Jin, and Xiaobo Zhang	
7 Tumorigenesis and Metabolism Disorder	209
Fan Yang, Le Shu, and Xiaobo Zhang	
8 Effects of MicroRNAs from Marine Invertebrate Stress Responses to Virus Infection on Tumorigenesis	251
Yi Gong, Yalei Cui, and Xiaobo Zhang	
9 Antitumor Activities of Secondary Metabolites from Marine Microbe Stress Responses to Virus Infection	285
Tianliang He, Chenxi Xu, and Xiaobo Zhang
