**Dedicated to Sant Baba Iqbal Singh Ji, Founder Chancellor,
Akal University — V**

Foreword — VII

About Prof. Ganapati D. Yadav — IX

Sandeep Kumar, Ravinderdeep Singh Brar, J. Nagendra Babu, Khadim Hussain

Chapter 1

**Nanoscale zerovalent iron (nZVI): an efficient heterogeneous catalyst for
environment remediation — 1**

Cesar Maximo Oliva González, Oxana V. Kharissova, Lucy T. Gonzalez,
Yolanda Peña Méndez, Boris I. Kharisov, Igor E. Uflyand

Chapter 2

Ferrite nanoparticles in the modern catalytic processes — 37

Pranab Ghosh, Sultana Yeasmin

Chapter 3

**Polymer-grafted magnetic nanoparticles toward intelligent designing of drug
delivery: recent advances and future perspectives — 73**

Suresh Maddila, Nagaraju Kerru, Sreekantha B. Jonnalagadda

Chapter 4

Magnetic nanocatalysts for wastewater treatment — 97

Anshu Dandia, Sonam Parihar, Krishan Kumar, Surendra Saini, Vijay Parewa

Chapter 5

**Combination of green chemistry and magnetic nanocatalyst: a sustainable
approach for the synthesis of value-added materials — 131**
