1	Introduction	1
2	Study Site	3
3	Methods	11
3.1	Data Acquisition and Processing	11
3.1.1	Geometry	11
3.1.2	Hydrology	14
3.2	Internal Structure	23
3.3	Recession Analysis	32
3.4	Thermokarst Lake Water Level Fluctuations	36
3.5	Artificial Tracers	40
3.6	Recharge Patterns	46
4	Results and Interpretation	51
4.1	Internal Structure	51
4.2	Recession Analysis	57
4.3	Thermokarst Lake Water Level Fluctuations	58
4.4	Artificial Tracers	59
4.5	Recharge Patterns	72
5	Discussion	91
5.1	Conceptual Model	91
5.2	Comparing results to existing rock glacier studies	114
6	Conclusion	137
7	Outlook	139
	References	145
