1	Introduction	1
1.1	General Considerations.....	3
1.2	Anamnesis	4
1.2.1	Subjective Disorders	4
1.2.2	Relevant Parameters	7
2	Clinical Examination	9
2.1	Observation.....	10
2.1.1	Statics	10
2.1.2	Nonstatic Observation	26
2.2	Palpation and Joint Mobility	28
2.2.1	Heel Cord.....	29
2.2.2	Heel	31
2.2.3	Plantar Fascia	32
2.2.4	Upper Ankle Joint	32
2.2.5	Lower Ankle Joint.....	35
2.2.6	Processus Anterior Calcanei	42
2.2.7	Calcaneo-Cuboidal Joint	42
2.2.8	Fibular Muscles and Tendons.....	42
2.2.9	Naviculo-Cuneiform Joints	44
2.2.10	Second and Third Tarso-Metatarsal Joints.....	44
2.2.11	Fourth and Fifth Tarso-Metatarsal Joints	44
2.2.12	First Tarso-Metatarsal Joint.....	44
2.2.13	Second and Third Metatarsal Heads.....	45
2.2.14	Fourth Metatarsal Head	46
2.2.15	Lesser Intermetatarsal Plantar Space	47
2.2.16	Metatarso-Phalangeal Joints.....	47
2.2.17	Sesamoids of the First Ray	49
2.2.18	Toes	49
2.2.19	Sensitivity.....	50
2.3	Active Joint Mobility and Functional Exam.....	50
2.3.1	Active Joint Mobility	50
2.3.2	Functional Exam	51
3	Radiological Screening	53
3.1	Conventional Radiographs	54
3.1.1	Hindfoot	54
3.1.2	Foot	56
3.1.3	Special Incidences.....	60
3.2	Computed Tomography	61
3.3	Magnetic Resonance Imaging	62
4	Basic Surgical Orthopaedic Treatment.....	65
4.1	Functional Correction of the Hindfoot in the Sagittal Plane.....	67
4.1.1	Muscle Balance.....	67
4.1.2	Upper Ankle Repair	70
4.2	Alignment of the Hindfoot in the Frontal Plane	73

4.3	Alignment of the Heel in the Frontal Plane	75
4.4	Alignment of the Heel in the Sagittal Plane	77
4.5	Lateral Subtalar Impingement	78
4.6	Static Articular Stabilization of the Hindfoot	79
4.6.1	Syndesmosis Reconstruction of the Upper Ankle Joint	79
4.6.2	Ligament Reconstruction of the Ankle Joints	80
4.7	Arthrodeses About the Hindfoot	81
4.7.1	Upper Ankle Fusion	81
4.7.2	Subtalar Fusion	83
4.7.3	Tibio-Talo-Calcaneal Fusion	85
4.7.4	Talo-Navicular Fusion	86
4.8	Horizontal and Sagittal Correction of the Heel and Midfoot	86
4.8.1	Correcting Eversion	86
4.8.2	Correcting Inversion	93
4.8.3	Correction by Global Fusion: Triple Arthrodesis	95
4.9	Horizontal and Sagittal Correction of the Midfoot	97
4.9.1	Correcting Eversion	97
4.9.2	Correcting Inversion	103
4.10	Horizontal and Sagittal Correction of the Metatarsus	104
4.10.1	Medial and Central Tarso-Metatarsal Fusion	104
4.10.2	Lateral Tarsometatarsal Arthroplasty	106
4.11	Correction of the Anterior Heel	107
4.11.1	Muscle Balance	107
4.11.2	First Tarsometatarsal and First Intermetatarsal Space Fusion	108
4.11.3	Extension and Shortening Osteotomy of the Central Metatarsals	110
4.12	Correction of the Metatarso-Phalangeal Joints	114
4.12.1	First Ray	114
4.12.2	Lesser Rays	116
4.13	Functional Reorientations of the Toes	117
4.13.1	The Sagittal Plane	117
4.13.2	The Horizontal Plane	121
5	Surgical Treatment of Traumatic Lesions	125
5.1	Healing of Traumatized Biological Tissues	126
5.1.1	Bone	126
5.1.2	Cartilage	126
5.1.3	Granulation Tissue	126
5.2	Tendon Ruptures	127
5.2.1	Achilles Tendon Rupture	127
5.2.2	Anterior Tibial Tendon Rupture	129
5.2.3	Posterior Tibial Tendon Rupture	129
5.3	Fractures	129
5.3.1	Ankle Fractures	130
5.3.2	Fractures of the Talus	136
5.3.3	Calcaneus Fractures	141
5.3.4	Fractures of the Navicular Bone	144
5.3.5	Tarso-Metatarsal Fractures	145
5.3.6	Metatarsal Fractures	149
5.3.7	Fractures of the Sesamoid Bones	151

6	Operative Techniques	155
6.1	Positioning of the Patient	158
6.2	Skin and Subcutaneous Handling	159
6.2.1	Instruments	159
6.2.2	Skin Plasty	159
6.3	Surgical Approaches	162
6.3.1	Upper Ankle Joint	162
6.3.2	Fibula	164
6.3.3	Medial Utility	165
6.3.4	Lateral Hindfoot	166
6.3.5	Lateral Midfoot	166
6.3.6	Medial Tarso-Metatarsus	168
6.3.7	Central Tarso-Metatarsus	168
6.3.8	Lateral Tarso-Metatarsus	169
6.3.9	Central Metatarsus	169
6.3.10	Fourth Metatarsus	169
6.3.11	Fifth Metatarsus	170
6.3.12	Lesser Toes	170
6.4	Post-operative Care	171
6.5	Bone and Joint Reconstruction and Alignment	171
6.5.1	Supramalleolar Osteotomy	171
6.5.2	Lateral Malleolus Osteotomy	172
6.5.3	Upper Ankle Fusion	173
6.5.4	Osteochondroplasty of the Talus	175
6.5.5	Cheilectomy of the Upper Ankle Joint	176
6.5.6	Cheilectomy of the Lower Ankle Joint	178
6.5.7	Reorientation Osteotomy of the Tuber Calcanei	179
6.5.8	Reorientation Arthrodesis of the Subtalar Joint	181
6.5.9	Tibio-Talo-Calcaneal Arthrodesis	183
6.5.10	Posterior Calcaneal Osteotomy	185
6.5.11	Arthrolysis of the Talo-Calcaneo-Navicular Joint	186
6.5.12	Central Talus Osteotomy	187
6.5.13	Central Calcaneus Osteotomy	188
6.5.14	Triple Arthrodesis	192
6.5.15	Naviculo-Cuneiform Arthrodesis	195
6.5.16	Talo-Metatarsal Arthrodesis	196
6.5.17	Fusion of the First Tarsometatarsal Joint and First Inter-metatarsal Space (E137-138)/(O385)	197
6.5.18	Second and Third Tarsometatarsal Arthrodesis	201
6.5.19	Fourth and Fifth Tarsometatarsal Arthroplasty	203
6.5.20	Diaphyseal Osteotomy of the First Metatarsus	204
6.5.21	Diaphyseal Osteotomy of the Second and Third Metatarsus	205
6.5.22	Diaphyseal Osteotomy of the Fourth Metatarsus	207
6.5.23	Proximal Metaphyseal Osteotomy of the Second, Third and Fourth Metatarsus	208
6.5.24	Diaphyseal Adduction Osteotomy of the Fifth Metatarsus	209
6.5.25	Intracapital Extension Osteotomy of the First Metatarsus (Watermann) [119]	210

6.5.26	Intracapsular Extension Osteotomy of the Second and Third Metatarsus (Gauthier) [69] (O426).....	212
6.5.27	First Metatarso-Sesamoid-Phalangeal Joint Fusion.....	213
6.5.28	Osteotomy of the First Phalanx of the Big Toe.....	214
6.5.29	Shortening Osteotomy of the First Phalanx of the Lesser Rays.....	215
6.5.30	Proximal Interphalangeal Fusion.....	216
6.5.31	Distal Interphalangeal Fusion.....	217
6.6	Ligamentous Reconstruction of the Ligaments About the Ankle Joints	218
6.6.1	Syndesmosis	218
6.6.2	Anterior Fibulo-Talar Ligament	219
6.6.3	Cervical Talocalcaneal Ligament Plasty.....	221
6.7	Tendinous Balance Reconstruction	222
6.7.1	Heel Cord Lengthening.....	222
6.7.2	Gastrocnemius Fasciotomy	223
6.7.3	Gastrocnemius Tenotomy	223
6.7.4	Heel Cord Plasty.....	224
6.7.5	Reconstruction of Fibular Tendons	226
6.7.6	Posterior Tibial Tendon Repair	227
6.7.7	Posterior Tibial Tendon transfer onto the Dorsum of the Foot.....	229
6.7.8	Long Toe Extensors Transfer on the Dorsum of the Foot.....	230
6.7.9	Fibularis Longus Tendon Transfer onto Fibularis Brevis	231
6.7.10	Flexor Hallucis Longus Tendon Transfer onto Fibularis Brevis	232
6.7.11	Flexor Hallucis Longus Tendon Transfer onto the Basis of the First Metatarsus.....	233
6.7.12	Flexor Hallucis Longus Tendon Transfer on the First Phalanx	233
6.7.13	First Dorsal Interosseus Transfer on the First Phalanx of the Hallux (E70) (O456)	234
6.7.14	Flexor Digitorum Longus Tendon Transfer on the First Phalanx	235
6.7.15	Extensor Digitorum Minimi Transfer on the Abductor Digiti Quinti.....	237
6.8	Intermetatarsal Neurectomy (E143 R191)	238
6.9	Stretching	239
6.10	Orthoses	239
7	Complex Reconstructions	241
7.1	Pes Cavus	242
7.1.1	Compensated Pes Cavus Varus.....	243
7.1.2	Decompensated Pes Cavus Varus.....	245
7.2	Pes Planus	250
7.2.1	Flexible Flat Foot	250
7.2.2	Rigid Flat Foot.....	255
7.3	Surgical Reconstructions of Diabetic Arthropathies	259
7.3.1	The Pathology	259
7.3.2	Midfoot Diabetic Arthropathy.....	260
7.3.3	Hindfoot Diabetic Arthropathy	263
7.4	Revisions After Failed Surgical Treatment	265
7.4.1	Revisions After Failed Arthroplasty.....	265
7.4.2	Malunited Osteo-Articular Reconstructions.....	267

Contents

7.5	Amputations	271
7.5.1	Transphalangeal Amputation	271
7.5.2	Transmetatarsal Amputation	271
7.5.3	Tarso-Metatarsal Amputation (Lisfranc).....	273
7.5.4	Midfoot Amputation (Chopart).....	273
7.5.5	Hindfoot Amputations	275
7.5.6	Single Ray Amputation	275
