Videos.....	x
Foreword	xi
Preface.....	xii
Contributors.....	xiii
1 Anatomy of the Lateral Skull Base.....	2
<i>Mustafa Kapadia, Livio Presutti, Alejandro Rivas, and Daniele Marchioni</i>	
1.1 Introduction	2
1.2 The Temporal Bone.....	4
1.3 Internal Auditory Canal.....	5
1.4 Facial Nerve.....	6
1.5 Jugular Foramen.....	7
1.6 Infratemporal Fossa	11
1.7 Cerebellopontine Angle	15
1.7.1 Relevant Nervous Contents.....	15
1.8 Internal Carotid Artery	16
1.9 Basilar Artery.....	19
1.10 Venous Drainage from the Skull Base.....	21
1.10.1 Cavernous Sinus.....	22
1.11 Neck at the Base of Skull	23
1.12 Medial Wall of Tympanic Cavity: The Transcanal Door to the Fundus of the IAC	24
2 Microscopic Approaches to Lateral Skull Base: Overview.....	32
<i>Daniele Marchioni, Mohamed Badr El Dine, Luca Bianconi, and Daniele Bernardeschi</i>	
2.1 Introduction	32
2.2 Translabyrinthine Approach	33
2.2.1 Indications.....	33
2.2.2 Advantages	33
2.2.3 Limitations.....	33
2.2.4 The Use of the Endoscope	33
2.2.5 Surgical Approach	33
2.2.6 Hints and Pitfalls	39
2.3 Translabyrinthine Approach and Cochlear Implant	50
2.3.1 Indications.....	50
2.3.2 Surgical Steps	50
2.4 Translabyrinthine Approach and Brainstem Implant	52
2.5 Indications.....	52
2.5.1 Surgical Steps	53
2.5.2 Postoperative Care.....	54
2.5.3 Complications.....	54
2.6 Retrolabyrinthine Approach	54
2.6.1 Rationale	54
2.6.2 Indications.....	54
2.6.3 Advantages	54
2.6.4 Limitations.....	54
2.6.5 Use of the Endoscope	55
2.6.6 Surgical Technique	56
2.6.7 Endoscopic-Assisted Surgery	57
2.6.8 Final Steps	61
2.6.9 Vestibular Nerve Resection.....	61
2.6.10 Hints and Pitfalls	63
2.6.11 Postoperative Care and Complications	66
2.7 Different Infratemporal Fossa Approaches	66
2.7.1 Infratemporal Fossa Type A.....	66
2.7.2 Infratemporal Fossa Types B and C	73
3 Transcanal Endoscopic Dissection of Lateral Skull Base	93
<i>Noritaka Komune</i>	
3.1 Introduction	93
3.2 Overview of the Temporal Bone: Microscopic Dissection from Lateral and Above	93
3.3 Transcanal Endoscopic Dissection to the Lateral Skull Base.....	94
3.4 Endoscopic Approaches to the Lateral Skull Base	97

4	Instruments and Operating Room Setup	102		
	<i>Daniele Marchioni, Alessia Rubini, Stefano De Rossi, Muaaz Tarabichi, and Gabriele Molteni</i>			
4.1	Introduction	102	4.8	Instruments
4.2	Operating Room Setup	102	4.9	Retractor for Lateral Skull Base
4.2.1	Setting for Microscopic and Endoscopic Lateral Skull Base Surgery	102	4.10	Bone Rongeur
4.2.2	Setting for Microscopic and Endoscopic Middle Cranial Fossa Surgery	102	4.11	Special Instruments for Endoscopic/ Microscopic Lateral Skull Base Surgery
4.2.3	Setting for Exoscopic Lateral Skull Base Surgery ..	103	4.12	Drill and Microdrill
4.3	The Operative Microscope	103	4.13	Piezosurgery
4.4	The Rigid Endoscopes	104	4.14	Bipolar
4.5	3D Exoscope	105	4.15	Dissectors
4.6	Xenon Light Sources for Endoscopic Surgery .	105	4.16	Suction Tubes
4.7	Nerve Integrity Monitor	105		
5	Radiologic Assessment in Lateral Skull Base Surgery	114		
	<i>Davide Soloperto, Elisa Ciceri, and Daniele Marchioni</i>			
5.1	Introduction	114	5.3.1	Lesions Involving External Auditory Canal (EAC), Middle Ear, and Mastoid
5.1.1	Anatomy of Lateral Skull Base	114	5.3.2	Internal Auditory Canal (IAC) and Cerebellopontine Angle (CPA) Lesions.
5.2	General Considerations about CT and MRI in Lateral Skull Base	114	5.3.3	Lesions Involving Jugular Foramen
5.3	Lateral Skull Base Lesions	116		
6	Transcochlear and Transotic Endoscopic Assisted Approaches	158		
	<i>Daniele Marchioni, George Wanna, Mustafa Kapadia, Nicola Bisi, and Luca Bianconi</i>			
6.1	Introduction	158	6.2.9	Final Steps
6.2	Transcochlear Approach	158	6.3	Transotic Approach
6.2.1	Indications	158	6.3.1	Indications
6.2.2	Advantages	158	6.3.2	Use of the Endoscope
6.2.3	Limits	158	6.3.3	Surgical Approach
6.2.4	Use of the Endoscope	158	6.3.4	Endoscopic Assisted Surgery
6.2.5	Surgical Approach	158	6.3.5	Final Steps
6.2.6	Endoscopic Assisted Surgery	162	6.4	Postoperative Care
6.2.7	Extradural Lesions	163		
6.2.8	Intradural Lesions	163		
7	Endoscopic Assisted Retrosigmoid Approach	204		
	<i>Daniele Marchioni, Marco Bonali, Matteo Fermi, Barbara Masotto, Gianpietro Pinna, Matteo Alicandri Ciufelli, Giacomo Pavesi, and Livio Presutti</i>			
7.1	Surgical Anatomy	204	7.5	Advantages
7.2	Retrosigmoid Endoscopic Assisted Surgery ...	204	7.6	Surgical Approach for Acoustic Neuroma Removal
7.3	Indications	205	7.7	Surgical Approach for Neurovascular Conflicts
7.4	Contraindications	205		

7.7.1	Trigeminal Neuralgia.....	211	7.8	Surgical Approach	214
7.7.2	Hemifacial Spasm	211			
7.7.3	Glossopharyngeal Neuralgia.....	213	7.9	Complications	217
8	Middle Cranial Fossa Approaches: Traditional Surgery and Endoscopic Assisted Procedure.....	232			
	<i>Daniele Marchioni, Raphaele A. Chemtob, Elliott D. Kozin, Daniel J. Lee, and Davide Soloperto</i>				
8.1	Introduction	232	8.4.3	Dural Opening and Tumor Dissection	237
8.2	Surgical Anatomy.....	232	8.4.4	Endoscopic Assisted Surgery	238
8.3	The Middle Cranial Fossa and the Anterior Petrosectomy Approaches.....	233	8.4.5	Closure	239
8.3.1	Indications.....	233	8.4.6	Postoperative Care.....	239
8.3.2	Advantages	234	8.4.7	Complications.....	239
8.3.3	Limitations.....	235	8.4.8	Endoscopic Middle Fossa Approach to Repair Superior Semicircular Canal Dehiscence.....	239
8.3.4	Use of the Endoscope	235	8.5	Anterior Petrosectomy or Extended Middle Fossa Approach.....	242
8.4	Middle Fossa Approach for IAC Lesions	235	8.5.1	Rationale	242
8.4.1	Surgical Steps	235	8.5.2	Surgical Steps	243
8.4.2	Identification of the IAC for Acoustic Neuroma Resection	235	8.5.3	Endoscopic Assisted Anterior Petrosectomy	246
			8.5.4	Lesions with Intradural Extension	248
			8.5.5	Postoperative Care.....	250
9	Classification and Indications of Transcanal Lateral Skull Base Surgery.....	277			
	<i>Daniele Marchioni, Brandon Isaacson, Alessia Rubini, Antonio Gulino, and Livio Presutti</i>				
9.1	Introduction	277	9.4.1	Exclusive Endoscopic Transcanal Transpromontorial Approach.....	281
9.2	The Group of Transcanal Approaches	278	9.4.2	Expanded Transcanal Transpromontorial Approach	283
9.3	Transcanal Suprageniculate Corridor	278	9.5	Transcanal Infracochlear Corridor	284
9.3.1	Indications.....	278	9.5.1	Indications.....	284
9.3.2	Advantages	279	9.5.2	Advantages	284
9.3.3	Limitations.....	280	9.5.3	Limitations.....	285
9.4	Transcanal Transpromontorial Corridor	280			
10	Endoscopic Transcanal Suprageniculate Approach	288			
	<i>Daniele Marchioni, Nirmal Patel, Nicholas Jufas, Alexander J. Saxby, and Jonathan H.K. Kong</i>				
10.1	Introduction	288	10.4	ETSA for Tumors of the Geniculate Ganglion ..	291
10.2	Surgical Anatomy.....	289	10.4.1	Reconstruction of the Facial Nerve	291
10.2.1	Precochleariform Segment of the Tympanic Portion of the Facial Nerve	290	10.4.2	Surgical Technique	291
10.2.2	Geniculate Ganglion	290	10.5	ETSA for Cholesteatoma Involving the Suprageniculate Ganglion Area.....	297
10.2.3	Greater Superficial Petrosal Nerve	290	10.5.1	Surgical Steps	297
10.3	Endoscopic Transcanal Suprageniculate Approach	290	10.5.2	Inner Ear Involvement	298
10.3.1	Indications.....	290	10.6	ETSA for Decompression of the Geniculate Ganglion and of the Tympanic Facial Nerve...	298
10.3.2	Contraindications	290	10.6.1	Surgical Steps	298
10.3.3	Advantages	290	10.6.2	Postoperative Care and Follow-up	301
10.3.4	Disadvantages.....	290			
10.3.5	Preoperative Assessment.....	291			

11	Transcanal Transpromontorial Approaches to the Internal Auditory Canal and the Cerebellopontine Angle	330
	<i>Daniele Marchioni, Barbara Masotto, Alejandro Rivas, Lukas Anschütz, and Livio Presutti</i>	
11.1	Introduction	330
11.2	Exclusively Endoscopic Transcanal Transpromontorial Approach	331
11.2.1	Indications	331
11.2.2	Contraindications	331
11.2.3	Advantages	332
11.2.4	Disadvantages	332
11.2.5	Preoperative Assessment	332
11.2.6	Surgical Technique	332
11.2.7	Hints and Pitfalls	339
11.2.8	Postoperative Care	345
11.3	Enlarged Transcanal Transpromontorial Approach	347
11.3.1	Indications	347
11.3.2	Contraindications	347
11.3.3	Advantages	347
11.3.4	Disadvantages	347
11.3.5	Preoperative Assessment	348
11.3.6	First Step: Exposition of EAC Bone	348
11.3.7	Shambaugh Skin Incision	348
11.3.8	Retroauricular Incision	349
11.3.9	Second Step: Calibration of the Promontorial Access	349
11.3.10	Third Step: Middle Ear Dissection	355
11.3.11	Fourth Step: Transpromontorial Approach to the IAC	356
11.3.12	Fifth Step: Tumor Dissection	357
11.3.13	Sixth Step: Closure	361
11.3.14	Hints and Pitfalls	361
11.3.15	Postoperative Care	363
12	Endoscopic Assisted and Transcanal Procedures in Cochlear Implant	409
	<i>Daniele Marchioni, Davide Soloperto, Luca Bianconi, Joao Flavio Nogueira, Domenico Villari, and Marco Carner</i>	
12.1	Introduction	409
12.2	Trans-attic Endoscopic Assisted Cochlear Implantation	409
12.2.1	Endoscopic Anatomy of the Round Window	409
12.2.2	General Considerations on Cochlear Implants	410
12.2.3	Indications	410
12.2.4	Cochlear Implant in Otosclerosis	410
12.2.5	Cochlear Implantation in CHARGE Syndrome	414
12.2.6	Surgical Steps	416
12.2.7	Endoscopic Step	416
12.3	Transcanal Infrapromontorial Approach with Simultaneous Cochlear Implant	420
12.3.1	Indications	421
12.3.2	Limitations	422
12.3.3	Surgical Steps	422
12.3.4	Preservation of the Cochlea and the Cochlear Nerve	423
12.3.5	Postoperative Care	429
13	Endoscopic Transcanal Infracochlear Approach	443
	<i>Seiji Kakeatha, Daniele Marchioni, and Brandon Isaacson</i>	
13.1	Introduction	444
13.2	Rationale	444
13.3	Advantages	444
13.4	Disadvantages and Limitations	444
13.5	Indications	445
13.6	Contraindications	445
13.7	Surgical Considerations about the Round Window Chamber and the Hypotympanum	445
13.8	Surgical Procedure	445
13.8.1	Cholesterol Granuloma	450
13.8.2	Cholesteatoma	452
13.9	Postoperative Care	452
13.10	Intraoperative Complications	452
14	Complications and Management in Lateral Skull Base Surgery	460
	<i>Daniele Marchioni, Andrea Martone, and Matteo Alicandri Ciufelli</i>	
14.1	Cranial Nerves Deficit	461
14.1.1	Facial Nerve Reparation	461
14.1.2	Primary Nerve Grafting	461
14.1.3	Cable Nerve Grafting	461
14.1.4	Nerve Substitution	464
14.1.5	Cross-Facial Nerve Graft	465

14.2

CSF Leak

465

14.3

Bleeding

469

14.3.1

Intraoperative Bleeding

469

14.3.2

Postoperative Bleeding.....
