Foreword <i>V.G. Ramesh</i>	vii
Foreword <i>R.C. Mishra</i>	ix
Preface	xi
Contributors	xiii
Section I: Controversies in Aneurysm Surgery	
1. Microsurgery or Endovascular Treatment for Aneurysms: Is There Still a Debate? <i>Sanjeev Pattankar and Basant K. Misra</i>	3
2. Modality-Naïve Outpatient Treatment of Unruptured Aneurysms <i>Clemens M. Schirmer</i>	21
3. Surgery for Paraclinoid Segment Aneurysms: Anatomical and Surgical Principles <i>Sanjay Behari, Priyadarshi Dikshit, Ashutosh Kumar, Yashveer Singh, and Kamlesh Singh Bhaisora</i>	28
4. Stent-Assisted Coiling for Acutely Ruptured Aneurysms: Controversies <i>Paritosh Pandey, Ullas V. Acharya, and Abha Verma</i>	42
5. Clinical Pearls in Aneurysm Surgery <i>Suchanda Bhattacharjee and Manas Panigrahi</i>	56
Section II: Controversies in AVM Surgery	
6. Surgery on Arteriovenous Malformations <i>Atul Goel</i>	63
7. Stereotactic Radiosurgery for Eloquent Region Arteriovenous Malformations <i>Ravi Sharma and Manmohan Singh</i>	79
8. Multimodality Treatment of Intracranial Arteriovenous Malformations <i>Rawad M. Abbas, Kareem El Naamani, and Pascal M. Jabbour</i>	91
9. Controversies in Endovascular Embolization of Brain AVM in Eloquent Areas <i>Srinivasan Paramasivam</i>	117
10. Clinical Pearls: Controversies in Management of Intracranial Eloquent Area Arteriovenous Malformation <i>Chiragkumar Patel and Manas Panigrahi</i>	130
Section III: Controversies in Vascular Tumors of Brain	
11. Cavernous Angioma: Role of Surgery versus Radiosurgery <i>S.K. Gupta, Raghav Singla, Mandeep Singh Kataria, Sandeep Mohindra, and Manjul Tripathi</i>	137

12.	Controversies and Management Strategies of Brainstem Cavernomas <i>Dwarakanath Srinivas and Kevin Jude Sudevan</i>	146
13.	Management Issues in Multiple Hemangioblastomas <i>Adesh Shrivastava, Manjul Tripathi, Manas Prakash, and Suresh Nair</i>	157
14.	Clinical Pearls: Controversies in Vascular Tumor of the Brain <i>Suchanda Bhattacharjee and Manas Panigrahi</i>	167

Section IV: Vascular Tumors of Spinal Column and Cord

15.	Controversies in the Treatment of Vertebral Hemangiomas <i>Satish Rudrappa, Venugopal Sarath Chander, and Ramachandran Govindasamy</i>	181
16.	Spinal Arteriovenous Malformations <i>Karuna Kabadi, Srinivas Reddy, and Rajakumar Deshpande</i>	189
17.	Clinical Pearls in Surgical Management of Vascular Tumors of Spinal Column and Cord <i>Pratikkumar Koradia and Manas Panigrahi</i>	216
