

Contents

1. Introduction	1	27. The profunda femoris artery	61
2. Aortic arch	3	28. Popliteal artery	62
3. Coronary arteries	10	29. Arteries of the lower leg	63
4. Posterior intercostal arteries	14	30. Dorsal arteries of the foot	64
5. Oesophageal arteries	16	31. Plantar arch	65
6. Bronchial arteries	18	32. Axillary artery	66
7. Pulmonary arteries	20	33. Development of the arteries of the arm	68
8. Development of the abdominal aorta	23	34. Brachial artery and superficial brachial artery	69
9. Inferior phrenic arteries	24	35. Arteries of the forearm	71
10. Suprarenal arteries	25	36. Superficial palmar arch	74
11. Renal artery	26	37. Deep palmar arch and palmar digital arteries	76
12. Testicular artery	28	38. Arteries on the dorsal side of the hand	77
13. Celiac trunk	30	39. Subclavian artery	78
14. Hepatic arteries	32	40. Inferior thyroid artery	80
15. Cystic artery	34	41. Vertebral artery	82
16. Splenic artery	36	42. External carotid artery	83
17. Gastric arteries	38	43. Maxillary artery	86
18. Pancreatic arteries	41	44. Development of the arteries of the head	88
19. Superior mesenteric artery and celiac trunk	46	45. Ophthalmic artery	90
20. Superior mesenteric artery and colic arteries	48	46. Cerebral arterial circle	92
21. Appendicular artery	50	47. Arteries of the spinal cord	94
22. Inferior mesenteric artery	52		
23. Internal iliac artery	54	Literature	97
24. Arteries of the female genital tract	56		
25. Obturatorial artery	58	Index	119
26. Development of the arteries of the lower limb	60
