

Table of contents

List of tables	13
List of figures	15
Acknowledgements	17
Chapter 1 Introduction	19
1.1. Overview	19
1.2. Research scope	22
1.3. Volume synopsis	24
Chapter 2 Setting the theoretical framework	27
2.1. Academic discourse, academic communities and academic disciplines	27
2.2. Genre analysis	31
2.3. Medical discourse and medical genres	36
2.3.1. The genre of medical posters	41
2.4. Evidentiality key concepts	47
2.4.1. Introduction	47
2.4.2. Evidentiality: definition and literature review	50
2.4.3. Evidentiality and epistemic modality: setting the boundaries?	59
2.4.4. Evidentiality in this volume	63
2.4.5. Evidentiality and construction grammar	69
2.4.6. Issues of conventionalization in evidentiality	73
2.4.7. Patterns of responsibility attribution	75
2.4.8. Evidentiality, factuality and the factual claim	81
2.4.9. Summary	87

2.5. Corpus Linguistics	89
2.6. Conclusion	93
Chapter 3 Medical posters discourse	95
3.1. The medical poster	97
3.1.1. Poster types	101
3.1.2. Summary	117
3.2. Medical poster sessions	117
3.2.1. The 2011 NCRI National Cancer Conference	122
3.2.2. The Meningitis and Septicaemia in Children and Adult 2011 Conference	128
3.3. Conclusion	130
Chapter 4 Methodological approach(es)	133
4.1. Introduction	133
4.2. Corpus design and corpus-building	134
4.3. The sample corpus	139
4.3.1. Introduction	139
4.3.2. Building the sample corpus: why and how	140
4.4. Main corpus selection	142
4.5. Using CL Tools: Wordsmith Tools and WMatrix	143
4.5.1. WordSmith Tools	143
4.5.2. Concordance analysis	144
4.5.3. WMatrix	148
4.5.4. Statistical significance metric	150
4.6. Source and mode of knowledge. Text-driven and text-based identification	151
4.7. Source of knowledge: None. Mode of knowledge: <i>Belief</i>	154
4.8. Source of knowledge: Hypothesis. Mode of knowledge: <i>Deduction</i>	156
4.9. Source of knowledge: Language. Mode of knowledge: <i>Hearsay</i>	157
4.10. Source of knowledge: Evidence. Mode of knowledge: <i>Induction</i> or <i>inference</i>	158

4.10.1. Source of knowledge: Evidence. Mode of knowledge: <i>Induction</i> – <i>Commonly-shared</i> knowledge	159
4.10.2. Source of knowledge: Evidence. Mode of knowledge: <i>Induction</i> – Inference based on perception	160
4.10.3. Source of knowledge: Evidence. Mode of knowledge: <i>Induction</i> – Inference based on reasoning/perceptual reasoning	162
4.11. Sources and modes of knowledge: do potential evidential markers function as evidentials in context?	165
4.12. Sources and modes of knowledge. Summary	168
4.13. Conclusion	170
Chapter 5 Identifying evidential markers in a sample corpus	171
5.1. Introduction	171
5.2. The sample corpus: methodological issues and manual analysis results	172
5.3. <i>Belief</i> evidentials	178
5.4. <i>Deduction</i> evidentials	179
5.5. <i>Hearsay</i> evidentials	180
5.5.1. <i>According to</i>	181
5.5.2. Author/Institution, year or (footnote to ref. list)	181
5.5.3. <i>Hearsay</i> evidentials as verb phrases	183
5.5.4. <i>Indicate</i>	183
5.5.5. <i>Find</i>	184
5.5.6. <i>Record</i>	185
5.5.7. <i>Reported, represented and stated</i>	185
5.6. <i>Induction</i> evidentials	188
5.6.1. <i>Induction</i> evidentials: commonly-shared knowledge	188
5.6.2. <i>Induction</i> evidentials: based on perception	189
5.6.2.1. Metadiscursive <i>induction</i> evidentials based on perception ..	189

5.6.2.2. Metaphorical <i>induction</i> evidentials based on perception	191
5.6.2.3. <i>Appear*</i> and <i>Seem*</i>	191
5.6.2.4. <i>Demonstrat*</i>	194
5.6.2.5. <i>Illustrate</i>	197
5.6.2.6. <i>Indicat*</i>	197
5.6.2.7. <i>Reveal*</i>	200
5.6.2.8. <i>Seen</i>	201
5.6.2.9. <i>Show*</i>	202
5.6.2.10. <i>Clear</i>	203
5.6.3. <i>Induction</i> evidential: based on reasoning ...	204
5.6.3.1. <i>Confirms</i>	204
5.6.3.2. <i>Demonstrated</i>	205
5.6.3.3. <i>Find</i>	206
5.6.3.4. <i>Suggest</i>	206
5.7. Implications for the main study	208
5.8. Conclusions	210
Chapter 6 Expanding the list of evidential verbs	213
6.1. Introduction	213
6.2. Evidential marker identification in the main corpus	214
6.3. Enlarged list of potential evidential expressions	223
6.4. Blurred cases: verbs that can convey two or more or different evidential meanings	224
6.5. Recap	227
Chapter 7 Distribution, type of verbal evidentiality in the main corpus	229
7.1. Quantitative analysis	229
7.2. Qualitative analysis	237
7.2.1. Poster <i>Introduction</i> Section	238
7.2.2. Poster <i>Methods</i> Section	242
7.2.3. Poster <i>Results</i> Section	242
7.2.4. Poster <i>Conclusions</i> Section	247
7.3. Conclusion	249

Chapter 8	Patterns of source attributions and forms of factual claims	253
8.1.	Responsibility attribution across	
	IMRC: Quantitative analysis	254
8.1.1.	Responsibility in <i>belief</i> evidentiality	256
8.1.2.	Responsibility in <i>deduction</i> evidentiality ...	256
8.1.3.	Responsibility in <i>hearsay</i> evidentiality	256
8.1.4.	Responsibility in <i>commonly-shared</i> evidentiality	257
8.1.5.	Responsibility in <i>perception</i> evidentiality ..	259
8.1.6.	Responsibility in <i>reasoning</i> evidentiality ..	260
8.1.7.	Summary	263
8.2.	Responsibility attribution across	
	IMRC: Qualitative analysis	263
8.2.1.	Human responsibility: self-mention	264
8.2.2.	Human responsibility: scholarly quotation .	267
8.2.3.	Abstract responsibility: unquoted literature	267
8.2.4.	Abstract responsibility: quoted literature ...	268
8.2.5.	Abstract responsibility: research data	269
8.2.6.	Abstract responsibility: research processes	275
8.2.7.	Unspecified responsibility	277
8.2.8.	Summary	281
8.3.	The factual claim: quantitative analysis	283
8.3.1.	Summary	286
8.4.	Evidential patterns of responsibility attribution and factual claims: Discussion and conclusions	286
Chapter 9	Rhetorical function of evidential categories	295
9.1.	Rhetorical function of <i>belief</i> evidentiality	295
9.2.	Rhetorical function of <i>deduction</i> evidentiality	297
9.3.	Rhetorical function of <i>hearsay</i> evidentiality	298
9.4.	Rhetorical function of <i>induction</i> evidentiality based on <i>perception</i>	301
9.5.	Rhetorical function of <i>induction</i> evidentiality based on <i>reasoning</i>	303
9.6.	Rhetorical function of <i>induction</i> evidentiality based on <i>commonly-shared knowledge</i>	306
9.7.	Summary and conclusions	307

Chapter 10 Focusing on specific verbs	309
10.1. <i>Suggest</i>	309
10.1.1. Quantitative analysis	311
10.1.2. Qualitative analysis	315
10.1.2.1. <i>Suggest</i> and unquoted literature asserting a factual claim	315
10.1.2.2. <i>Suggest</i> and research data expressing a factual claim	318
10.1.2.3. <i>Suggest</i> and research processes expressing a factual claim	321
10.1.2.4. <i>Suggest</i> and <u>unspecified</u> responsibility attribution: the case of anaphorical THIS	325
10.2. <i>Show</i>	325
10.2.1. Quantitative analysis	326
10.2.2. Qualitative analysis	332
10.2.2.1. Evidential sub-categories of <i>show</i>	332
10.2.2.2. <i>Show</i> as a <i>perception</i> evidential	335
10.2.2.3. <i>Show</i> as a <i>perception</i> evidential: research data asserting a factual claim	335
10.2.2.4. <i>Show</i> as a <i>perception</i> evidential: research processes asserting the factual claim	336
10.2.2.5. <i>Show</i> as a <i>reasoning</i> evidential	337
10.2.2.6. <i>Show</i> as a <i>reasoning</i> evidential: self-mention asserting a factual claim	337

10.2.2.7. <i>Show as a reasoning</i> evidential: unquoted literature asserting a factual claim	339
10.2.2.8. <i>Show as a reasoning</i> evidential: research data asserting a factual claim	340
10.2.2.9. <i>Show as a reasoning</i> evidential: research processes asserting a factual claim	342
10.2.2.10. <i>Show as a reasoning</i> evidential: <u>unspecified</u> responsibility	342
10.3. <i>Suggest and Show: Conclusions</i>	343
Chapter 11 Concluding remarks	345
11.1. Evidential verbs in medical posters	346
11.1.1. What evidential verbal markers?	347
11.1.2. Verbal markers distribution across medical posters	348
11.1.3. Patterns of responsibility across medical posters	349
11.1.3.1. Responsibility	349
11.1.3.2. Factual claim	351
11.1.3.3. Patterns	352
11.1.4. Evidential verbal functions	352
11.2. Theoretical contribution	353
11.3. Methodological contribution	354
11.4. Empirical contribution	355
11.4.1. Quantitative results	355
11.4.2. Qualitative results	356
11.4.3. Case studies	356

11.5. Pedagogical contribution	357
11.6. Limitations and future research	358
Appendix I – Background survey	361
Appendix II – Semi-structured interview to poster presenters	367
Appendix III – Statistical analysis	369
