
Contents

1	Introduction	1
2	Material and Methods	3
3	Structure, Functions, and Connections	
3.1	Preliminary Remarks	5
3.2	Structure	6
3.2.1	Cornu Ammonis (Hippocampus Proper)	7
3.2.2	Gyrus Dentatus (Fascia Dentata, Gyrus Involutus)	8
3.2.3	Structures Joined to the Hippocampus	9
3.3	Functions and Connections	26
3.3.1	Learning and Memory	26
3.3.2	Emotional Behavior	32
3.3.3	Motor Control	33
3.3.4	Hypothalamus	33
3.3.5	Comparative Studies	33
4	Anatomy	
4.1	Preliminary Remarks	39
4.2	Hippocampal Body	39
4.2.1	Intraventricular Part	39
4.2.2	Extraventricular or Superficial Part	40
4.2.3	Relations with Adjacent Structures	40
4.3	Hippocampal Head	41
4.3.1	Intraventricular Part	41
4.3.2	Extraventricular or Uncal Part	41
4.3.3	Relations of the Uncus with Adjacent Structures	42
4.4	Hippocampal Tail	43
4.4.1	Intraventricular Part	43
4.4.2	Extraventricular Part	43
4.4.3	Relations with Adjacent Structures	44
4.5	General Features	45
5	Vascularization	
5.1	Superficial (Leptomeningeal) Blood Vessels	73
5.1.1	Superficial Hippocampal Arteries	73
5.1.2	Superficial Hippocampal Veins	74
5.2	Intrahippocampal (Deep) Blood Vessels	75
5.2.1	Intrahippocampal Arteries	75
5.2.2	Intrahippocampal Veins	76
5.2.3	Hippocampal Head	76
5.2.4	Vascular Network	76

**6 Coronal, Sagittal and Axial Sections of the Hippocampus
 Showing its Relationships with the Surrounding Structures
 (after intravascular India ink injection) 109**

7 Sectional Anatomy and Magnetic Resonance Imaging 129

7.1 Coronal Sections 129

7.2 Sagittal Sections 165

7.3 Axial Sections 193
