1	General Survey	1
1.1	General Survey	1
1.2	Incidence	2
1.3	Tumors Occurring in Patients with Congenital Malformations and Syndromes.....	3
	References.....	3
2	Germ Cell Tumors	5
2.1	Introduction.....	5
2.2	Cytogenetics	7
2.3	Teratoma	7
	2.3.1 Clinical Findings	13
	2.3.2 Pathology.....	13
2.4	Fetus-in-Fetu.....	19
	2.4.1 Prognosis	21
2.5	Yolk Sac Tumor	22
2.6	Gonadoblastoma	24
2.7	Embryonal Carcinoma	26
2.8	Polyembryoma.....	27
2.9	Dysgerminoma and Choriocarcinoma	27
	References.....	28
3	Non-Germ-Cell Gonadal Tumors	31
3.1	Introduction.....	31
3.2	Leukemic Infiltration of the Infant Testis	32
3.3	Follicular Cysts of the Ovary	33
3.4	Juvenile Granulosa Cell Tumor	33
3.5	Sertoli-Leydig Cell Tumors	34
	References.....	35
4	Soft Tissue Tumors	37
4.1	Introduction.....	37
4.2	Vascular Conditions	40
	4.2.1 Hemangioma	40
	4.2.2 Capillary Hemangioma	40
	4.2.3 Cavernous Hemangioma	41
	4.2.4 Infantile Kaposiform Hemangioendothelioma.....	42
	4.2.5 Tufted Angioma	43
	4.2.6 Malignant Vascular Tumors	43
	4.2.7 Lymphangioma.....	44
	4.2.8 Vascular Malformations	45

4.3	Fibrous Connective Tissue (Myofibroblastic) Tumors	46
4.3.1	Fibromatosis	47
4.3.2	Gardner Fibroma	48
4.3.3	Digital Fibromatosis (Recurring Digital Fibroma)	49
4.3.4	Torticollis	49
4.3.5	Myofibromatosis	49
4.3.6	Granular Cell Tumor	50
4.3.7	Fibrous Hamartoma of Infancy	52
4.3.8	Giant-Cell Fibroblastoma	53
4.3.9	Infantile (Congenital) Fibrosarcoma	53
4.3.10	Nodular (Proliferative) Fasciitis	60
4.3.11	Cranial Fasciitis	62
4.3.12	Inflammatory Myofibroblastic Tumor	62
4.4	Fibrohistiocytic Tumors	63
4.4.1	Fibrous Histiocytoma	65
4.4.2	Angiomatoid Fibrous Histiocytoma	65
4.4.3	Juvenile Xanthogranuloma	65
4.5	Skeletal Muscle Tumors	72
4.5.1	Rhabdomyoma	72
4.5.2	Rhabdomyosarcoma	72
4.6	Rhabdoid Tumor	73
4.7	Adipose Tissue Tumors	74
4.7.1	Lipoblastoma	74
4.8	Peripheral Nervous System Tumors	76
4.8.1	Neurofibroma	76
4.9	Primitive Neuroectodermal Tumor (PNET)	78
4.9.1	Melanotic Neuroectodermal Tumor of Infancy	80
4.10	Miscellaneous Soft Tissue Tumors	80
4.10.1	Triton Tumor	80
4.10.2	Polyphenotypic Small Cell Tumor	82
	References	83
5	Tumors and Tumor-Like Conditions of the Skin	87
5.1	Introduction	87
5.2	Vascular Conditions	90
5.2.1	Hemangioma	90
5.2.2	Macular Stains	92
5.2.3	Syndromes Associated with Vascular Conditions	92
5.2.4	Hemangioma Variants	93
5.2.5	Lymphangioma	94
5.3	Epidermal Birthmarks	94
5.3.1	Epidermal Nevus	94
5.3.2	Becker's Nevus (Becker's Melanosis)	95
5.3.3	Sebaceous Nevus	95
5.4	Cutaneous Hamartomas	96
5.4.1	Smooth Muscle Hamartoma	96
5.4.2	Nevus Lipomatosus	96
5.5	Melanocytic Nevi	96
5.5.1	Pigmented Nevus	96
5.5.2	Giant Congenital Melanocytic Nevi	97
5.5.3	Malignant Melanoma	99
5.5.4	Neurocutaneous Melanosis	100

5.6	Neurofibromatosis.....	101
5.7	Tuberous Sclerosis.....	101
5.7.1	Infantile Digital Fibromatosis.....	102
5.7.2	Fibrous Hamartoma of Infancy.....	102
5.7.3	Papilloma.....	102
5.8	Tumors and Tumor-Like Infiltrations of the Skin.....	102
5.8.1	Leukemia.....	102
5.8.2	Neuroblastoma.....	102
5.8.3	Langerhans Cell Histiocytosis.....	104
5.8.4	Juvenile Xanthogranuloma.....	104
5.8.5	Rhabdomyosarcoma.....	106
5.8.6	Rhabdoid Tumor.....	107
5.8.7	Urticaria Pigmentosa (Mast Cell Disease).....	108
	References.....	108
6	Neuroblastoma	111
6.1	Introduction.....	111
6.2	Incidence.....	111
6.3	Clinical Findings.....	111
6.4	Diagnostic Tests.....	121
6.5	Genetic Factors.....	121
6.6	Pathology.....	122
6.7	Spontaneous Regression.....	127
6.8	Neuroblastoma In Situ.....	127
6.9	Ganglioneuroma.....	128
6.10	Prognosis.....	128
	References.....	129
7	Leukemia	131
7.1	Introduction.....	131
7.2	Incidence.....	131
7.3	Hematopoiesis.....	131
7.4	Clinical Features.....	132
7.5	Leukemia Occurring in Infants with Chromosomal Anomalies, Syndromes, and Malformations.....	133
7.6	Differential Diagnosis.....	135
7.7	Diagnosis of Leukemia.....	139
7.8	Pathology.....	142
7.9	Prognosis.....	146
	References.....	146
8	Histiocytoses	149
8.1	Introduction.....	149
8.2	Ontogeny of the Monophagocytic System.....	150
8.3	Classification of Histiocytoses.....	151
8.4	Dendritic Cell Disorders.....	151
8.4.1	Langerhans Cell Histiocytosis.....	151
8.4.2	Juvenile Xanthogranuloma.....	155
8.5	Macrophage-Related Disorders.....	155
8.5.1	Hemophagocytic Syndromes.....	155
8.5.2	Sinus Histiocytosis with Massive Lymphadenopathy.....	158
8.6	Malignant-Related Disorders.....	159
8.6.1	Malignant Histiocytoses.....	159
8.6.2	Acute Monocytic Leukemia.....	159

8.7	Prognosis.....	160
	References.....	160
9	Brain Tumors.....	163
9.1	Introduction.....	163
9.1.1	Incidence	163
9.1.2	Association of Brain Tumors with Heritable Disorders and Other Conditions	164
9.1.3	Clinical Findings.....	165
9.1.4	Pathology.....	165
9.1.5	Cytogenetics.....	166
9.2	Teratoma	166
9.3	Astrocytoma.....	168
9.4	Primitive Neuroectodermal Tumors.....	172
9.5	Medulloblastoma	177
9.6	Cerebral PNET.....	177
9.7	Gangliocytoma.....	178
9.8	Ganglioglioma	178
9.9	Infantile Desmoplastic Ganglioglioma	178
9.10	Ependymoma.....	180
9.11	Choroid Plexus Papilloma	182
9.12	Choroid Plexus Carcinoma	185
9.13	Oligodendroglioma	186
9.14	Craniopharyngioma	187
9.15	Atypical Teratoid/Rhabdoid Tumor.....	188
9.16	Medulloepithelioma.....	188
9.17	Meningioma.....	189
9.18	Vascular Malformations of the Brain.....	189
9.19	Prognosis for Infants with Brain Tumors.....	192
9.20	Miscellaneous Craniofacial Anomalies	193
	References.....	193
10	Tumors of the Eye	197
10.1	Retinoblastoma	197
10.1.1	Cytogenetics.....	197
10.1.2	Clinical Findings	197
10.1.3	Differential Diagnosis	198
10.1.4	Spontaneous Regression.....	198
10.1.5	Pathology.....	199
10.1.6	Prognosis.....	203
10.2	Trilateral Retinoblastoma	203
10.3	Medulloepithelioma.....	204
10.4	Astrocytic Tumors of the Retina.....	204
10.5	Neurofibromatosis.....	205
10.6	Optic Glioma	206
10.7	Orbital Tumors.....	206
	References.....	207
11	Renal Tumors	209
11.1	Introduction.....	209
11.2	Wilms' Tumor.....	216
11.2.1	Pathology.....	216
11.3	Nephrogenic Rests and Nephroblastomatosis	221
11.4	Congenital Mesoblastic Nephroma.....	222
11.4.1	Pathology.....	222

11.5	Rhabdoid Tumor of the Kidney	228
11.5.1	Pathology.....	228
11.6	Clear Cell Sarcoma of the Kidney	229
11.6.1	Pathology.....	229
11.7	Cystic Conditions of the Kidney.....	230
11.8	Ossifying Renal Tumor of Infancy	233
	References.....	234
12	Liver Tumors	237
12.1	Introduction.....	237
12.2	Hemangioma.....	238
12.3	Mesenchymal Hamartoma	241
12.4	Hepatoblastoma	244
12.5	Primary Sarcomas of the Liver	250
12.6	Germ Cell Tumors	252
12.7	Liver Cell Adenoma and Focal Nodular Hyperplasia.....	252
12.8	Miscellaneous Tumors and Tumorlike Conditions	253
	References.....	256
13	Adrenocortical Tumors.....	259
13.1	Introduction.....	259
13.2	Incidence.....	259
13.3	Clinical Findings.....	260
13.4	Adrenal Cortical Adenoma	261
13.5	Adrenocortical Carcinoma.....	265
13.6	Adrenal Cortical Hyperplasia	266
13.6.1	Congenital Adrenal Cortical Hyperplasia Associated with Adrenogenital Syndrome	267
13.6.2	Clinical Findings	267
13.6.3	Pathology.....	268
13.6.4	Adrenocortical Hyperplasia Associated with Cushing's Syndrome	269
13.6.5	Clinical Findings.....	269
13.6.6	Pathological Findings.....	269
13.7	Adrenal Cortical Cytomegaly	269
13.8	Adrenal Cyst	270
	References.....	270
14	Pancreatic Tumors	273
14.1	Introduction.....	273
14.2	Endocrine Tumors and Tumorlike Conditions of the Pancreas	273
14.2.1	Hypertrophy and Hyperplasia of the Islets of Langerhans.....	273
14.2.2	Nesidioblastosis, Nesidioblastoma.....	273
14.2.3	Persistent Hyperinsulinemic Hypoglycemia of Infancy.....	275
14.2.4	Islet Cell Adenoma.....	276
14.3	Exocrine Tumors and Tumorlike Conditions of the Pancreas	277
14.3.1	Adenoma and Cystadenoma.....	277
14.3.2	Adenocarcinoma	278
14.3.3	Pancreatoblastoma.....	278
14.4	Miscellaneous Tumors and Tumorlike Conditions	280
	References.....	280
15	Cardiac Tumors.....	283
15.1	Introduction.....	283
15.2	Cardiac Rhabdomyoma	285

15.3	Pericardial and Cardiac Teratoma.....	287
15.4	Cardiac Fibroma	289
15.5	Cardiac Myxoma	289
15.6	Vascular Tumors	289
15.7	Oncocytic (“Histiocytoid”) Cardiomyopathy	290
15.8	Miscellaneous Conditions.....	290
	References.....	291
16	Salivary Gland Tumors.....	293
16.1	Introduction.....	293
16.2	Sialoblastoma.....	295
16.3	Congenital Pleomorphic Adenoma (Salivary Gland Anlage Tumor).....	296
16.4	Miscellaneous Salivary Gland Tumors and Tumorlike Conditions	296
	References.....	300
17	Lung Tumors and Tumor-like Conditions	301
17.1	Introduction.....	301
17.2	Inflammatory Pseudotumor	306
17.3	Fibromatoses (Myofibromatoses)	307
17.4	Vascular Conditions.....	307
17.5	Congenital Pulmonary Cystic Diseases	307
17.5.1	Congenital Cystic Adenomatoid Malformation	307
17.6	Laryngotracheal Papilloma.....	308
17.7	Congenital Pulmonary Myofibroblastic Tumor.....	309
17.8	Pleuropulmonary Blastoma	310
17.9	Skeletal Muscle Tumors	310
17.10	Peripheral Neuroectodermal Tumor of Thoracopulmonary Origin.....	311
	References.....	312
18	Tumors and Tumor-Like Conditions of Bones	315
18.1	Introduction.....	315
18.2	Chest Wall Hamartoma.....	317
18.3	Nasal Chondromesenchymal Hamartoma	319
18.4	Fibrous Dysplasia of Bone.....	321
18.5	Enchondromatosis (Ollier’s Disease)	321
18.6	Congenital Generalized Fibromatosis (Infantile Myofibromatosis).....	323
18.7	Congenital Fibrosarcoma.....	323
18.8	Ewing’s Sarcoma	323
18.9	Miscellaneous Conditions.....	324
