

## Contents

<b>Introduction .....</b>	<b>1</b>
The standard paradigm .....	2
Towards an evolutionary paradigm .....	6
Presentation of the book .....	7
References .....	9
 <b>Part I: The basic concepts</b>	
<b>1 Individual decision.....</b>	<b>13</b>
1.1 Background and problems.....	14
1.2 Canonical principles.....	22
1.3 Some models .....	31
1.4 Theses and conjectures.....	39
References .....	41
<b>2 The elementary market.....</b>	<b>43</b>
2.1 Background and problems.....	43
2.2 Canonical principles.....	48
2.3 Some models .....	50
2.4 Theses and conjectures.....	64
References .....	65
<b>3 Game situations .....</b>	<b>67</b>
3.1 Background and problems.....	68
3.2 Canonical principles.....	76
3.3 Some models .....	87
3.4 Theses and conjectures.....	108
References .....	110

## Part II: The markets

<b>4</b>	<b>Market with irreversibilities .....</b>	<b>115</b>
4.1	Background and problems .....	116
4.2	Canonical principles .....	117
4.3	Some models .....	118
4.4	Theses and conjectures .....	128
	References .....	129
<b>5</b>	<b>Mimetic interactions .....</b>	<b>131</b>
5.1	Background and problems .....	131
5.2	Canonical principles .....	140
5.3	Some models .....	147
5.4	Theses and conjectures .....	169
	References .....	171
<b>6</b>	<b>Competition between firms .....</b>	<b>173</b>
6.1	Background and problems .....	173
6.2	Canonical principles .....	180
6.3	Some models .....	182
6.4	Theses and conjectures .....	196
	References .....	198

## Part III: The institutions

<b>7</b>	<b>Organization of the firm.....</b>	<b>203</b>
7.1	Background and problems .....	203
7.2	Canonical principles .....	205
7.3	Some models .....	207
7.4	Theses and conjectures .....	232
	References .....	233

---

<b>8</b>	<b>Emergence of institutions .....</b>	<b>237</b>
8.1	Background and problems .....	237
8.2	Canonical principles .....	242
8.3	Some models .....	247
8.4	Theses and conjectures .....	256
	References .....	257
<b>9</b>	<b>State and economic system regulation .....</b>	<b>259</b>
9.1	Background and problems .....	259
9.2	Canonical principles .....	263
9.3	Some models .....	265
9.4	Theses and conjectures .....	282
	References .....	287
	<b>Epilogue.....</b>	<b>291</b>
