1	Introduction	1
	References.	3
2	Basics of Robotic Process Automation (RPA)	5
2.1	What Is RPA?.	5
2.2	Motivations for the Use of RPA.	10
2.2.1	Technological Motivations.	10
2.2.2	Operational and Economic Motivations	11
2.3	Limitations and Disadvantages of RPA	13
2.4	Central Terms in the Context of RPA.	15
	Literature.	15
3	Introduction of RPA in Financial and Management Accounting	17
3.1	Phase Model for the Introduction of RPA	17
3.1.1	Proof-of-Concept as a Starting Point (PoC).	17
3.1.2	Ramp-Up, Scale & Institutionalize and Mature & Innovate	19
3.2	Selection of Suitable Processes for RPA	21
3.2.1	Selection Criteria for Processes	21
3.2.2	Process Optimization Before Automation	30
3.2.3	RPA-Heatmaps for Central Processes in Financial and Management Accounting.	35
3.3	RPA Vendors and Architecture.	37
3.3.1	Structure of an RPA Architecture.	37
3.3.2	Overview of Leading RPA Vendors	40
3.3.3	Combination of RPA with Other Digitization Technologies	42
3.4	RPA Roles	42
3.4.1	RPA Business Analyst	42
3.4.2	RPA Developer & Citizen Developer	43
3.4.3	RPA Architect	44
3.4.4	RPA Support	45
3.4.5	Summary Overview of RPA Roles	45

3.4.6	Examples of an RPA Role Model from Practice	45
3.4.7	Relationship Between RPA Roles and Roles in Financial and Management Accounting	47
3.5	RPA Governance	48
3.5.1	Basics of RPA Governance	48
3.5.2	Monitoring and Control of RPA.	51
3.5.3	Compliance and Data Protection in the Use of RPA	53
3.5.4	RPA Board	54
3.6	RPA Operating Model	54
3.6.1	Basics of the Operating Model for RPA	54
3.6.2	Operating Models for RPA	56
3.6.3	RPA Development Approaches Within the Operating Models	63
3.6.4	Software-as-a-Service Approach for RPA	65
3.7	RPA-Specific Change Management.	66
3.7.1	Basics of Change Management	66
3.7.2	Impact of the Introduction of RPA on Employees.	67
3.7.3	Arousing Employee Enthusiasm for RPA	67
3.7.4	Successfully Embedding RPA in the Organisation	69
3.7.5	Knowledge Management for RPA.	70
3.8	RPA Performance Measurement	73
	Literature.	76
4	From RPA to IPA: How Software Robots Are Becoming Smarter	81
4.1	Evolution from RPA to IPA	81
4.2	Technologies in Use at IPA	83
4.2.1	Technologies for ‘Seeing’	84
4.2.2	Technologies for ‘Speaking’	87
4.2.3	Technologies for Thinking & Learning	89
	Literature.	91
5	RPA in Practice: Results of an Empirical Study	95
5.1	Data Collection and Database	95
5.1.1	Data Collection	95
5.1.2	Composition of the Database.	97
5.2	Results of the Empirical Investigation.	99
5.2.1	Scaling and Experience with RPA	99
5.2.2	Effect of RPA on Success	101
5.2.3	Selection of Suitable Processes for RPA	101
5.2.4	RPA Platforms and Types	106
5.2.5	RPA Governance	109
5.2.6	RPA Operating Model	111
5.2.7	RPA-Specific Change Management.	114
5.2.8	RPA Performance Measurement	117

Literature.	118
6 Application Examples for RPA in Financial and Management Accounting	121
6.1 Monthly Reporting in Management Accounting	121
6.2 Invoice Dispatch at the KION Group.	122
6.3 Application Processing at KfW	122
6.4 Preparation of the Quarterly Closing Report at Union Investment	123
6.5 Accounting for Accruals and Deferrals	123
6.6 Cost Allocation in Cost Accounting.	124
6.7 Electronic Booking Document at Heraeus.	124
6.8 Creation and Validation of Upload Files	125
Literature.	125
7 Conclusion and Outlook	127
