1	Radial Forearm Flap	1
	Development and Indications	2
	Anatomy	3
	Advantages and Disadvantages	4
	Flap Raising	5
	Comments	20
2	Lateral Arm Flap	21
	Development and Indications	22
	Anatomy	22
	Advantages and Disadvantages	23
	Flap Raising	24
	Comments	37
3	Anterolateral Thigh / Vastus Lateralis Flap	39
	Development and Indications	40
	Anatomy	41
	Advantages and Disadvantages	43
	Flap Raising	45
	Myofascial Flap	47
	Comments	62
4	Latissimus Dorsi Flap	63
	Development and Indications	64
	Anatomy	65
	Advantages and Disadvantages	66
	Flap Raising	67
	Comments	79
5	Scapular Flap	81
	Development and Indications	82
	Anatomy	82
	Advantages and Disadvantages	84
	Flap Raising	85
	Comments	104
6	Fibular Flap	105
	Development and Indications	106
	Anatomy	107
	Advantages and Disadvantages	109
	Flap Raising	111
	Comments	129

7	Iliac Crest Bone Flap	131
	Development and Indications	132
	Anatomy	133
	Advantages and Disadvantages	134
	Flap Raising	135
	Comments	154
	Perforator Flaps	155
	Development	156
	Classification and Definition	157
8	Anterolateral Thigh Perforator Flap	159
	Development and Indications	160
	Anatomy	161
	Advantages and Disadvantages	162
	Flap Raising	164
	Comments	175
9	Soleus Perforator Flap	177
	Development and Indications	178
	Anatomy	179
	Advantages and Disadvantages	181
	Flap Raising	182
	Comments	193
10	Deep Inferior Epigastric Artery Perforator Flap	195
	Development and Indications	196
	Anatomy	197
	Advantages and Disadvantages	199
	Flap Raising	201
	Comments	215
	References	217
	Subject Index	237
