

CONTENTS

1.	Rudiments.....	1
2.	The Upper Central Series.....	6
3.	Tensor Products and the Lower Central Series.....	9
4.	Idempotent Radicals on the Category of Nilpotent Groups.....	17
5.	Groups with Abelian Central Quotient.....	26
6.	The Hall-Petresco Formula and Residual Boundedness.....	43
7.	Completions, and the Structure of Complete Groups.....	52
8.	Localization.....	61
9.	Nilpotent Actions, Kolchin's Theorem, and Engel Conditions...	77
10.	Nilpotent Groups Admitting Exponents in a Ring.....	83
11.	Unipotent Representations and Malcev Completions of R-groups.....	96
12.	The Malcev Correspondence.....	104
