Bewegungs-, Gesundheits- und Freizeiterziehung durch Sport

Movement-, Health-, and Recreation Education through Physical Activity

Education du Mouvement, de la Santé et des Loisirs par le Sport

Education del Movimiento, de la Salud y de la Recreación a través del Deporte

Einführung — Introduction — Introduction — Introducciôn (K. Fcigc). 25—28

Hauptreferat

Bewegungs-, Gesundheits- und Freizeiterziehung durch Sport (O. Grupe). 29

Section 1: Movement Education through Physical Activity

Einführungsreferat

• Bewegungserziehung durch Sport (U. Göhner). 43

Kurzreferate

Das Menschliche der menschlichen Bewegungen (E. Jokl). 51

Education, Movement and the Curriculum (P.) Arnold). 56

The Relevance of Movement Concepts toward Formulating
Physical Education Curriculum (M. O. Ajisafe). 60

Continuums of Sport Socialization in the United States (R. A. Vernacchia). 64

Section 2: Health Education through Physical Activity

Einführungsreferat

The New Fitness: Health Education through Physical Activity (R. Kaplan). 68

Kurzreferate

The School Health Curriculum: Seattle and Berkeley Models O. Varnes / B. Rienzo)	73
Relationship between Physical Activity and some other Health Habits among Finnish Youth (L. Laakso / M. Rimpelä / R. Telama)	76
A Program of Activity Behaviour Modification for Obese Individuals (F. J. Schneider)	81
Prävention mittels Sport in Frauengruppen unterschiedlichen Alters und unterschiedlicher sozialer Schichten (E. Simai / M. Messing / D. Voigt)	85
Perceived Exertion during Level and Grade Running on Equivalent Work Intensities (S. Tanaka)	90
Erfolge gesundheitserzieherischer Maßnahmen aus sportmedizinischer Sicht. Dargestellt am Beispiel eines Lauftreffs (K.-R. Stuhldreyer / K. Jung)	94
Ein Jahr Kinder-Lauftreff— Zielvorstellungen, Besonderheiten, Ereignisse (G. Meyer / K. Jung)	100

Section 3: Recreation Education through Physical Activity

Einführungsreferat

Recreation Education through Physical Activity (S. Stensaasen)	106
--	-----

Kurzreferate

Die Berücksichtigung von Aspekten des Freizeitsports in der Tages- und Fachpresse Österreichs (S. Redl)	112
Neue Spiele: Bereicherung von Sport- und Freizeit-Programmen? (A. Sielken)....	116
Der Einfluß des Sportlehrers auf das sportbezogene Freizeitverhalten von Schülern (M. Messing/ A. Brux)	119
Tennis in allen Lebensaltern — Kann und soll man im höheren Lebensalter noch Tennis lernen? (N. Hölting)	124
Freizeitaktivität: Tanz — Im Disco-Fieber oder als kompetenter Tänzer? (C. Zipprich)	129
Popularization of Ringo as a Method of Movement-, Health- and Recreation Education (W. Strzyzewski)	132

Teil II — Part II — Part II — Parte II

Evaluation von Lehr- und Lernprozessen im Sport

Evaluation of Teaching and Learning Processes in Physical Activity

Evaluation des Processus d'Enseignement et d'Apprentissage en Sport et Education Physique

Evaluation de los Procesos de Enseñanza y Aprendizaje en el Deporte

Introduction (H. Haag). 139

Basic Lectures

- Teaching and Learning Processes in Physical Activity: The Central Problem of Sport Pedagogy (L. F. Locke). 140
- Significance of Evaluation of Teaching and Learning Processes in Physical Activity (K. Heinilä). 154
- Foundations of Evaluation of Teaching and Learning Processes in Physical Activity (F. Fetz). 164

Section 1: Physical Fitness

- Evaluation of Physical Fitness in Physical Education (H. C. G. Kemper). 175
- A Summary of Research on Movement Education, Personality and Intelligence of Young Children (E. D. Friedman). 181
- The Motor Performance Fitness Test — Practical Approach to Measurement in Physical Education in the Netherlands (H. C. G. Kemper / R. Verschuur). . . . 186
- The MOPER Fitness Test and its Use in Physical Education Classes (J. H. F. Bovend'Eerd). 192
- On Coordinative-Motor Efficiency at School Age (H. Gärtner / P. Hirtz). 198
- Development of a Test to Measure Motor Fitness (H. Haag / R. Singer). 201

Section 2: Motor Skills in Sport

- Observation — An Important Part of Didactic Proficiency (J. M. Pauwels). 208
- Development of Testbatteries for the Evaluation of Motor Skills in Sports — Example Basketball — (S. v. Döhren). 217
- Characteristics of a Basic Skills Test for Elementary School Boys and Girls — Reliability, Validity, Norms — (F. L. Martens). 222
- Development of a Motor Skill Test for Judoists Aged 9—14 (R. Micth). 228
- The Development of an Objective Evaluation Procedure for the Quantification of Beginners Swimming Movements (M. Thewissen / U. Persyn / D. Daly). 232
- Diagnosis of Skill Level (Butterfly, Backstroke, Breaststroke, Crawl) through Subjective Observational Technique (K. Reischle). 239
- Development of Series in Motor Learning by a Table of Specification (H. Siegmon). . 243
- The Development of a Test to Determine the Level of Motor Skills in Volleyball (W. Zernitzky). 246

Section 3: Knowledge about Sport

The Evaluation of Knowledge about Sport (D. Mood)	251
The Problem of Evaluating Cognitive Learning Objectives in Physical Education (W. Kneyer).	255
Construction of a Knowledge Test for Swimming for Senior-High-School Students (J- Falke).	260

Section 4: Affective Variables in Physical Activity

Possibilities and Problems of Evaluating Emotional Affective Aims and Objectives for Physical Education — a Survey (J. Bielefeld)	264
Attitude Scale toward the Health Value of Sport (K. Willimczik / E. Trippel).	272
A Multi-Phase Evaluation of Physical Activity Motivation through a Questionnaire and Focused Interview (P. Vuolte / R. Telama).	277
The Influence of Instruction on Motivation in Skiing (H. G. Sack / H. Hornschu)..	282
The Effect of Three Assessment Feedback Schedules on Attitude toward Physical Activity and Self Concept (R. S. Petracek).	287
Development of a Concept for a Scientific Foundation of Instructional Research (G. Hecker).	291
Motivation in Steps or Science as an Instalment Contract (W. Kleine).	293
Sequence of a Model for Instructional Research (R. Erdmann)	296

Section 5: Personality Traits of the Physical Education Teacher

Personality and Situational Considerations within the Teaching and Learning Processes of Physical Education and Sports (L. B. Hendry).	301
The Personality of the Physical Education Teacher from the Pupil's Point of View (M. Messing).	313
The Relation of Personality Traits to Didactic Thinking Abilities among Physical Education Students (J. Tiainen / A. Tiainen).	317

Section 6: Teaching Abilities in Physical Education Classes

Teaching Ability in Physical Education Classes. Inductive and Deductive Observation (K. Egger).	321
The Effect of Two Different Pre-Service Training Systems on the Teaching Behaviour of Physical Education Students (U. Hanke).	329
An Approach to a Multi-Dimensional Analysis of Verbal and Non-Verbal Teacher Behaviour in Physical Education Classes (E. Rehbein).	333
Changes in the Teaching Behaviours of Pre-Service Teachers of Movement / Physical Education in Association with a Micro teaching Course (J. E. Saunders) ...	340
A Look at Teachers Behaviours: An Objective Analysis (C. L. Vendien).	345
A Study of Sport Pedagogy as Science for the Practice of Physical Education Instruction — As Shown through the Example of Teachers Verbal Communication Analysis (J. Yokoyama).	351

Section 7: Interaction between Teachers and Students in Physical Education Classes

Interaction Analysis: Theory and Practice O. T. F. Cheffers).	356
---	-----

Interactions between Teachers and Students in a Physical Education Setting.	
Observation of Student's, Behaviour (M. Pieron / J. M. Haan).	364
Teacher and Student Activities During Physical Education Lessons (V.Varstala/R. Telama/O. Akkancn).	368
Section 8: Curriculum — Evaluation	
• Foundations of Curriculum — Evaluation in Physial Education (A. E. Jewett).	375
• Evaluation of Learning Processes in Physical Education (H. Gall).	385
Evaluation of a Curriculum in Physical Education for Primary School Children (H.J. Engler/G. Hecker/G. Hölter/K. Zergiebel).	389
Problems Concerning the Teacher's Behaviour in Classes of Physical Education at College Level (H.-M. Sendzik).	395
A Mastery Learning Instructional and Curriculum Model for Physical Education (A. A. Annarino).	399
The Ultimate-Test — An Innovative Physical Education Curriculum (F. Schneider)	403
Accumulative Observation and Analysis: Interpretive Methodology in Physical Education Evaluation Studies (E. Ward).	407
Evaluation Project — Physical Education at Vocational Schools (H. Tollich).	411
Selection of, and Rationale for, Test Instruments Utilized in the Assessment of the Status of Physical Education in the Province of British Columbia, Canada (R. Mosher/A. Carre/R. Schutz).	415
The Effectivity of Health-Orientated Sports Programs — Results of a Multi-Dimensional Evaluation Study (I. Rittmeyer / K. Willimczik)...	419
Assessment of Physical Proficiency and Prescription of Physical Activities for Normal Mentally Retarded Individuals — Curriculum Criteria for Sports Activities (R. R. Bergel).	425
Appendix.	430
