

Table of Contents

The Adrenals	1
<i>Embryology and Histology</i>	3
Embryology, Adrenal Gland, Mouse (Bernard Sass)	3
Histology, Adrenal Gland, Mouse (Charles H. Frith)	8
Accessory Adrenocortical Tissue, Mouse (Bernard Sass)	12
Accessory Adrenocortical Tissue, Rat (George A. Parker and Marion G. Valerio)	16
<i>Hyperplasia and Neoplasia</i>	18
Hyperplasia, Adrenal Medulla, Rat (John D. Strandberg)	18
Pheochromocytoma, Adrenal Medulla, Rat (John D. Strandberg)	22
Pheochromocytoma, Adrenal Medulla, Mouse (Charles H. Frith)	27
Ganglioneuroma, Adrenal, Rat (Gerd Reznik and Jerrold M. Ward)	30
Neuroblastoma, Adrenal, Rat (Gerd Reznik and Jerrold M. Ward)	35
Focal Hyperplasia, Adrenal Cortex, Rat (John D. Strandberg)	37
Adenoma, Adrenal Cortex, Rat (John D. Strandberg)	41
Adenocarcinoma, Adrenal Cortex, Rat (John D. Strandberg)	46
Adenoma and Carcinoma, Adrenal Cortex, Mouse (Charles H. Frith)	49
<i>Nonneoplastic Lesions</i>	57
Amyloidosis, Adrenal, Mouse (Bernard Sass)	57
Lipogenic Pigmentation, Adrenal Cortex, Mouse (Charles, H. Frith)	60
Lipogenic Pigmentation, Adrenal Cortex, Rat (George A. Parker and Marion G. Valerio)	64
Subcapsular-Cell Hyperplasia, Adrenal, Mouse (Dawn G. Goodman)	66
Chemically Induced Adrenocortical Lesions (John T. Yarrington)	69
Nodular Cortical Hyperplasia, Adrenal, Thymectomized Mouse (Frantisek Zak)	75
Lipid Hyperplasia, Adrenal Cortex, Rat (Frantisek Zak)	80
<i>Lesions Due to Infections</i>	85
Mouse Hepatitis Viral Infection, Adrenal, Mouse (Stephen W. Barthold)	85
Adenovirus Infection, Adrenal, Mouse (Stephen W. Barthold)	87
Murine Cytomegalovirus Infection, Adrenal, Mouse (Stephen W. Barthold)	91
Polyoma Virus Infection, Adrenal, Mouse (Stephen W. Barthold)	93
Lymphocytic Choriomeningitis Virus Infection, Adrenal, Mouse (Stephen W. Barthold)	95

The Pituitary	99
<i>Overview</i>	101
Functional and Pathologic Interrelationships of the Pituitary Gland and the Hypothalamus (Charles C. Capen)	101
<i>Histology, Ultrastructure, and Immunocytochemistry</i>	121
Pituitary Gland, Rat (R. Yoshiyuki Osamura)	121
<i>Hyperplasia and Neoplasia</i>	130
Histochemical Identification of Hormones in Pituitary Tumors, Rat (R. Yoshiyuki Osamura and Shozo Takayama)	130
Adenoma and Carcinoma, Pars Distalis, Rat (William W. Carlton and Christian L. Gries)	134
Adenoma, Pars Intermedia, Anterior Pituitary, Rat (William W. Carlton and Christian L. Gries)	145
Craniopharyngioma, Pituitary Gland, Rat (William W. Carlton and Christian L. Gries)	149
Pituitary Tumors Induced by Estrogen, Rat (R. Yoshiyuki Osamura)	153
Pituicytoma, Neurohypophysis, Rat (William W. Carlton and Christian L. Gries)	156
<i>Nonneoplastic Lesions</i>	161
Cysts, Pituitary; Rat, Mouse, and Hamster (William W. Carlton and Christian L. Gries)	161
Inflammation, Pituitary; Rat, Mouse, and Hamster (William W. Carlton and Christian L. Gries)	164
Cystoid Degeneration, Anterior Pituitary, Mouse (Alexander M. Cameron and Winslow Sheldon)	165
 The Thyroid	 169
<i>Histology</i>	171
Ectopic Thyroid, Mouse (Charles H. Frith)	171
Ectopic Thyroid, Rat (George A. Parker and Marion G. Valerio)	172
Ectopic Thymus, Thyroid, Rat (George A. Parker and Marion G. Valerio)	173
<i>Hyperplasia and Neoplasia</i>	176
Follicular Cell Hyperplasia, Thyroid, Rat (Gary A. Boorman)	176
Follicular Cell Adenoma, Thyroid, Rat (Gary A. Boorman)	177
Follicular Cell Carcinoma, Thyroid, Rat (Gary A. Boorman)	180
Adenoma, Thyroid, Mouse (Charles H. Frith and James E. Heath)	184
Carcinoma, Thyroid, Mouse (James E. Heath and Charles H. Frith)	188
C-Cell Hyperplasia, Thyroid, Rat (Gary A. Boorman and Ronald A. DeLellis)	192
C-Cell Adenoma, Thyroid, Rat (Gary A. Boorman and Ronald A. DeLellis)	197

Medullary Carcinoma, Thyroid, Rat (Gary A. Boorman and Ronald A. DeLellis)	200
Goiter, Adenoma, and Carcinoma of the Thyroid Induced by Amitrole and Ethylenethiourea, Rat (Hiroyuki Tsuda)	204
<i>Nonneoplastic Lesions</i>	212
Lymphocytic Thyroiditis, Rat (Glen C. Todd)	212
 The Parathyroids	215
<i>Overview: Function and Structure</i>	217
Structural and Biochemical Aspects of Parathyroid Gland	
Function in Animals (Charles C. Capen)	217
Parathyroid Glands, Hamster, Introduction (Parviz M. Pour)	248
<i>Histology</i>	249
Anatomy, Histology, Parathyroid, Hamster (Parviz M. Pour) . . .	249
Anatomy, Histology, Ultrastructure, Parathyroid, Mouse (Parviz M. Pour, Shafgat R. Qureshi, and Shahrokh Salmasi) . . .	252
Anatomy, Histology, Ultrastructure, Parathyroid, Rat (Parviz M. Pour, Jeffrey T. Wilson, and Shahrokh Salmasi) . . .	257
Ectopic Parathyroid, Mouse (Charles H. Frith and Judy Fetters) .	263
<i>Hyperplasia and Neoplasia</i>	265
Hyperplasia, Parathyroid, Hamster (Parviz M. Pour)	265
Hyperplasia, Parathyroid, Rat (Parviz M. Pour, Jeffrey T. Wilson, and Shahrokh Salmasi)	268
Adenoma, Carcinoma, Parathyroid, Hamster (Parviz M. Pour) . . .	275
Adenoma, Carcinoma, Parathyroid, Rat (Parviz M. Pour, Jeffrey T. Wilson, and Shahrokh Salmasi)	281
<i>Nonneoplastic Lesions</i>	288
Cysts, Parathyroid, Hamster, Rat, Mouse (Parviz M. Pour, Jeffrey T. Wilson, Shafgat R. Qureshi, and Shahrokh Salmasi) .	288
 The Pancreatic Islets	295
<i>Hyperplasia and Neoplasia</i>	297
Hyperplasia, Adenoma and Carcinoma of Pancreatic Islets, Mouse (Charles H. Frith and Winslow D. Sheldon)	297
Pancreatic Islet-Cell Hyperplasia, Golden Hamster (J. K. Frenkel)	304
 The Hypothalamus	309
Technical Aspects in the Study of Pathologic Lesions in the Hypo- thalamus of the Rat (Giovanni L. Rossi and Gilberto Bestetti) .	311

XII Table of Contents

Stereotaxic Map, Cytoarchitectonic and Neurochemical

Summary of the Hypothalamic Nuclei, Rat (Miklos Palkovits)	316
Hypothalamic Lesions Associated with Streptozotocin Diabetes, Rat (Gilberto Bestetti and Giovanni L. Rossi)	331

The Pineal Gland 339

Histology, Ultrastructure, Pineal Gland, Rat (John E. Johnson, Jr.)	341
Pinealoma, Rat (Joe D. Burek, Matthew J. van Zwieten, and Henk A. Solleveld)	350

Subject Index 355
