

Table of Contents

Chapter 1

Introduction and Overview	1
Boundary Conditions Surrounding Symptom Reporting	2
Demographic and Cultural Comparisons	5
Experimental and Theoretical Approaches	10
Plan of This Book	18

Chapter 2

Perceptual Processes I: Competition of Cues	19
The Perceptual Process	19
Orienting and Competition of Cues	21
Concluding Remarks	33

Chapter 3

Perceptual Processes II: Schemas, Selective Search, and Inference	37
Selective Monitoring of Specific Sensations	39
Selective Monitoring of Categorical or Higher Order Body States	47
Inference of Physical Symptoms	49
Generality of Schema-Directed Search	51
Implications and Conclusions	53

Chapter 4

Accuracy of Perception Relative to Physiological State	59
Measurement of Accuracy: Between-Subjects Versus Within-Subject Approaches	60
Situational and Dispositional Factors and Accuracy	68

Is Accuracy Unidimensional?	73
Conclusions and Future Directions Concerning Accuracy	75
<i>Chapter 5</i>	
Cognitive Organization I: Emotions	81
Symptoms and Emotions: Perceptual Specificity	82
Causal and Temporal Relationships Between Symptoms and Emotions	90
Physiological Search for the Symptom–Emotion Link	97
Toward an Understanding of the Emotion–Symptom Link	99
Summary	102
<i>Chapter 6</i>	
Cognitive Organization II: Blood Pressure and Blood Glucose	103
Blood Pressure and Blood Glucose Research Projects	104
Bases of Cognitive Organization: Through the Looking Glass ...	119
Conclusions and Implications	125
<i>Chapter 7</i>	
Personality and Developmental Correlates	133
Measurement and Construct Validity of Symptom Reporting ...	134
Personality Correlates of Symptom Reporting	135
Habits and Daily Behaviors of the Symptom Reporter	139
Developmental Issues in Symptom Reporting	144
Composite Picture of the Symptom Reporter	149
<i>Chapter 8</i>	
Summary and Conclusions	153
Adaptive and Functional Bases of Symptoms	156
Applications of Symptom Research	158
Current Problems and Future Directions	162
<i>Appendix A</i>	
Symptom/Emotion Checklist: A State Measure	165
Sample Symptom–Emotion Checklist	165
Measurement Parameters of Checklist	166
<i>Appendix B</i>	
The PILL: A Trait Measure	169
The Pennebaker Inventory of Limbic Languidness	169
Measurement Parameters of the PILL	171
References	173
Author Index	189
Subject Index	195
