List of Contributors	<i>vii</i>
Foreword	<i>ix</i>
Preface	<i>xi</i>
About the Companion Website	<i>xiii</i>
1 Anatomy of Multi-rooted Teeth and Aetiopathogenesis of the Furcation Defect	1
<i>Bernadette Pretzl</i>	
2 Clinical and Radiographic Diagnosis and Epidemiology of Furcation Involvement	15
<i>Peter Eickholz and Clemens Walter</i>	
3 How Good are We at Cleaning Furcations? Non-surgical and Surgical Studies	33
<i>Jia-Hui Fu and Hom-Lay Wang</i>	
4 Furcation: The Endodontist's View	55
<i>Federica Fonzar and Riccardo Fabian Fonzar</i>	
5 Why do We Really Care About Furcations? Long-term Tooth Loss Data	91
<i>Luigi Nibali</i>	
6 Regenerative Therapy of Furcation Involvements in Preclinical Models: What is Feasible?	105
<i>Nikolaos Donos, Iro Palaska, Elena Calciolari, Yoshinori Shirakata, and Anton Sculean</i>	
7 Regenerative Therapy of Furcations in Human Clinical Studies: What has been Achieved So Far?	137
<i>Søren Jepsen and Karin Jepsen</i>	
8 Furcation Therapy: Resective Approach and Restorative Options	161
<i>Roberto Rotundo and Alberto Fonzar</i>	
9 Furcation Tunnelling	177
<i>Stefan G. Rüdiger</i>	
10 Innovative and Adjunctive Furcation Therapy: Evidence of Success and Future Perspective	191
<i>Luigi Nibali and Elena Calciolari</i>	

11 Furcation: Why Bother? Treat the Tooth or Extract and Place an Implant?	209
<i>Nikos Mardas and Stephen Barter</i>	
12 Is it Worth it? Health Economics of Furcation Involvement	229
<i>Falk Schwendicke and Christian Graetz</i>	
13 Deep Gaps between the Roots of the Molars: A Patient's Point of View	249
<i>Luigi Nibali</i>	
14 Assessment of Two Example Cases Based on a Review of the Literature	257
<i>Luigi Nibali</i>	
15 Furcations: A Treatment Algorithm	269
<i>Luigi Nibali</i>	
Index	285
