Introduction	VII
Purpose of This Atlas	VII
Unique Features of This Atlas	VII
 Materials and Methods	 IX
The Strain of the Rabbits	IX
Gross Morphology and Histologic Sections	X
Determination of the Sectioning Angle (Orientation)	X
Preparation of the Mid-Sagittal Section of the Rabbit Head and Brain	X
Variability in Localization of Brain Structures of Rabbits	XI
Photography of the Histologic Sections	XII
Nomenclature	XIII
Correction of the Magnification of the Photos for These Stained Sections	XIII
 References and Bibliography	 XIV
Acknowledgement	XV
 Gross and Surface Views of Brains	 1
Coronal Sections through Brain	15
Horizontal Sections through Brain	53
Sagittal Sections through Brain	89
High Magnification of Cerebral Cortex	111
X-Ray Examination of Skeleton Systems	113
Spinal Nerves and Vertebrae	119
Transverse Sections through Spinal Cord	123
 Subject Index	 135
