

CONTENTS

Semiochemistry

T.E. Acree, D.M. Soderlund	1
----------------------------------	---

Viewing Behavior-Modifying Chemicals in the Context of Behavior: Lessons from the Onion Fly

J.R. Miller, M.O. Harris	3
--------------------------------	---

The Odor of Methyl Jasmonate Stereoisomers

T.E. Acree, R. Nishida	33
------------------------------	----

Oriental Fruit Moth Pheromone: Attraction of Females by an Herbal Essence

R. Nishida, H. Fukami, T.C. Baker, W.L. Roelofs, T.C. Acree	47
---	----

Isolation and Characterization of Natural Products that Attract or Repel Wild Vertebrates

R.W. Bullard	65
--------------------	----

Pheromone of a True Bug (Hemiptera-Heteroptera): Attractant for the Predator, Podisus maculiventris, and Kairomonal Effects

J.R. Aldrich	95
--------------------	----

Chiral Semiochemistry

R.M. Silverstein	121
------------------------	-----

Behavioral Analysis of Pheromones

T.C. Baker	141
------------------	-----

Steam Distillation-Extraction Isolation of Insect Attractive Volatiles from Protein Hydrolyzates

R. Teranishi, R. Buttery, T.R. Mon	169
--	-----

X

Volatile Sample Preparation Using Bonded Phase Adsorbents

T.H. Parliment 181

Microanalytical Methods for Structure Determination of Novel
Insect Pheromones

B.A. Leonhardt 203

Identification of Sex Pheromone Components in Trichoplusia ni
and Argyrotaenia velutinana, Predicted from Biosynthetic
Precursors

L. Bjostad, C. Linn, W. Roelofs, J.-W. Du 223

Characterization of Some Tortricid Sex Pheromones Using the
Insect Antenna as a Gas Chromatographic Detector

P. Guerin, H. Arn, H.-R. Buser 239

HRGC-MS and HRGC-FTIR Analysis of Cherimoya (Annona cherimolia
Mill.) Fruit Volatiles

P. Schreier, H. Idstein, W. Herres 251

Volatile Constituents of Oilseed Sunflower Heads (Helianthus
annuus L.)

R.A. Flath, T.R. Mon, C. Rogers 265

Preparative High Performance Liquid Chromatography of Bitter
and Nonbitter Citrus Limonoids

R. Rouseff 275
