

Table of Contents

1 Treatment of Allergic Angioedema	1
<i>K. Hartmann</i>	
Introduction	1
Therapy for Acute Angioedema	2
Therapy for Chronic Angioedema	2
2 Emergency Therapy for Angioedema of the Upper Airway	4
<i>T. K. Hoffmann, H. Bier, G. Kojda, M. Bas</i>	
Introduction	4
Symptoms	4
Diagnostics	4
Therapy	5
Conclusion	7
3 Hereditary Angioedema: Clinical Manifestation and Therapy	8
<i>W. Kreuz, E. Aygören-Pürsün, I. Martinez Saguer, E. Rusicke</i>	
Introduction	8
Biological Characteristics of C1-INH.	8
Diagnosis and Classification of C1-INH Deficiency.	8
Epidemiology and Genetics of C1-INH Deficiency.	9
Clinical Symptoms of Hereditary Angioedema .	10
Current Treatment of Hereditary Angioedema .	12
Conclusion	13
4 Special Aspects of the Treatment of Hereditary Angioedema in Children	15
<i>J. Ramakers, T. Niehues</i>	
Introduction	15
Clinical Picture	15
Diagnosis	16
Differential Diagnoses	16
Therapy	16
Patient Information and Psychosocial Aspects .	17

5	Acute Phase Proteins in Kinin-Induced Angioedema	19
	<i>M. Bas, H. Bier, M. Oppermann, T. K. Hoffmann, G. Kojda</i>	
	Introduction	19
	The Role of Bradykinin in	
	Non-Allergic Angioedema	20
	Acute Phase Proteins in	
	Bradykinin-Induced Angioedema	21
	Conclusion	22
6	Bradykinin and the Kallikrein-Kinin System: Kallikreins, Bradykinin and Vascular Signal Transduction	23
	<i>V. Adams</i>	
	The Kallikrein-Kinin System	23
	Animal Models with Participation of the Kallikrein-Kinin Systems	24
7	Drugs Affecting the Kallikrein-Kinin System	28
	<i>B. Rosenkranz, W. Fan, J. Zimmermann</i>	
	The Kallikrein-Kinin System	28
	Antagonists of the Kallikrein-Kinin System ..	28
8	RAAS Blocker and Bradykinin Metabolism: The Role of Bradykinin for Clinical Efficacy	32
	<i>P. Gohlke</i>	
	Introduction	32
	The Kallikrein-Kinin System	33
	ACE Inhibitor and Kinins	34
	AT ₁ Receptor Antagonists and Bradykinin	36
	Conclusions	36
9	A New Look at the Therapeutic Effects of ACE Inhibitors: ACE as Signal Transduction Molecule	38
	<i>K. Kohlstedt, I. Fleming</i>	
	Angiotensin Converting Enzyme (ACE)	38
	ACE Inhibitors and ACE Signalling	39
	Perspective: New Viewpoint with Regard to RAS	40
10	Current and Future Treatment Options for Hereditary Angioedema	42
	<i>K. Bork</i>	
	Index	46
