

Table of Contents

Preface.....	III
List of participants.....	VII
List of seminars.....	XI
P. BRAAM	
Quantum field theory: the bridge between mathematics and the physical world.....	1
J.P. BOURGUIGNON	
Yang-Mills theory: the differential geometric side.....	13
F. BURSTALL	
Twistor methods for harmonic maps.....	55
J. RAWNSLEY	
Twistor methods.....	97
J.L. KAZDAN	
Partial differential equations in differential geometry.....	134
K. GROVE	
Metric differential geometry.....	171
R. GREENE	
Complex differential geometry.....	228
