

Contents

1	Morphology of Acute Pancreatitis	
1.1	Acute Pancreatitis: A Brief Introduction to the Pathology V. BECKER (With 4 Figures)	3
1.2	The Pathophysiological Relevance of Adiponecrosis in Acute Pancreatitis P. STÖMMER (With 4 Figures)	7
1.3	Ultrastructure of Human Acute Pancreatitis D.E. BOCKMAN, M. BÜCHLER, and H.G. BEGER (With 11 Figures)	12
2	Definition – Epidemiology – Etiology	
2.1	Epidemiology of Acute Pancreatitis G. CAVALLINI, A. RIELA, G. BROCCO, G. BERTELLI, M. FALCONI, R. MICCIOLO, P. PEDERZOLI, and L.A. SCURO (With 2 Figures)	25
2.2	Hyperlipoproteinemia in the Pathogenesis of Acute Pancreatitis H. DITSCHUNEIT (With 4 Figures)	32
2.3	Immunologic Aspects of Acute Pancreatitis P.M. POUR, E. UCHIDA, Z. STEPLEWSKI, E. MROCZEK, M. BÜCHLER, and H.G. BEGER	41
3	Pathophysiology	
3.1	Changes in Duct and Vascular Permeability: The Key to the Development of Acute Pancreatitis H.A. REBER	47
3.2	Enzyme Activation and Liberation: Intracellular/Extracellular Events C. FIGARELLA, M. AMOURIC, and O. GUY-CROTTE (With 6 Figures)	53
3.3	Pancreatitis-Associated Proteins G. ROHR and V. KEIM	61

3.4	Release of Vasoactive Substances in Ascites and Blood in Acute Pancreatitis G. BALLDIN (With 5 Figures)	63
3.5	Phospholipase A ₂ in Acute Pancreatitis T.J. NEVALAINEN and H.J. AHO (With 3 Figures)	71
3.6	The Significance of Bacterial Infection in Acute Pancreatitis H.G. BEGER, S. BLOCK and R. BITTNER (With 1 Figure)	79
3.7	Bacterial Contamination of the Pancreas with Intestinal Germs: A Cause of Acute Suppurative Pancreatitis E. HANCKE and G. MARKLEIN (With 1 Figure)	87
3.8	Influence of <i>E. Coli</i> on the Course of Acute Pancreatitis in Mini Pigs B. SEMSCH, J. HEITZ, G. BERGER, and R. HÄRING (With 4 Figures)	90
4	Diagnostic Measures	
4.1	Blood Determination and Imaging Procedures	
4.1.1	Clinical Symptoms and Signs and Diagnostic Requirements in Acute Pancreatitis P. MALFERTHEINER and M. BÜCHLER (With 2 Figures)	103
4.1.2	Elastase 1 in Acute Pancreatitis M. BÜCHLER, W. UHL, and P. MALFERTHEINER (With 5 Figures)	110
4.1.3	Evaluation of Sonography in the Diagnosis of Acute Pancreatitis J. FREISE (With 13 Figures)	118
4.1.4	Early Objective Diagnosis and Staging of Acute Pancreatitis by Contrast-Enhanced Computed Tomography W. MAIER (With 5 Figures)	132
4.2	Discrimination Between Edematous-Interstitial and Necrotizing Pancreatitis	
4.2.1	Biochemical Staging of Acute Pancreatitis M. BÜCHLER, W. UHL, and P. MALFERTHEINER (With 9 Figures)	143
4.2.2	Serum Ribonuclease for Detecting Pancreatic Cell Necrosis A.L. WARSHAW (With 2 Figures)	154
4.2.3	Peritoneal Fluid and the Diagnosis and Prognosis of Acute Pancreatitis M.J. MCMAHON	159

4.2.4	Sepsis Indicators in Acute Pancreatitis S. BLOCK, R. BITTNER, and H.G. BEGER	164
4.2.5	Indications and Results of Fine Needle Aspiration of Pancreatic Exudate P.A. BANKS and S.G. GERZOF	171
5	Staging and Prognosis	
5.1	Clinical Staging in Acute Pancreatitis F. KÜMMERLE	177
5.2	Prognostic Indicators in Acute Pancreatitis: Clinical Experience and Limitations H.G. DAMMANN, M. DREYER, T.A. WALTER, J. GEBHARD, and E. GRABBE (With 11 Figures)	181
5.3	Prognostic Criteria in Necrotizing Pancreatitis H.G. BEGER, R. KUNZ, and R. BITTNER	198
5.4	Bacterial Toxins in Ascites and Blood in Patients with Acute Pancreatitis R.J. POOS and H.G. BEGER	201
6	Clinical Course of Acute Pancreatitis	
6.1	Haemodynamic Changes in Acute Pancreatitis W. OETTINGER and H.G. BEGER (With 4 Figures)	207
6.2	Factors Influencing Pulmonary Function in Acute Pancreatitis A. DELLER and H. WIEDECK (With 2 Figures)	211
6.3	Pancreatic Abscess and Infected Pancreatic Necrosis: Different Local Septic Complications in Acute Pancreatitis R. BITTNER, S. BLOCK, M. BÜCHLER, and H.G. BEGER	216
7	Biliary Pancreatitis	
7.1	Gallstone-Associated Acute Pancreatitis C.W. IMRIE	227
7.2	Biliary Pancreatitis: Endoscopic Diagnostic and Therapeutic Techniques M. STARITZ and K.-H. MEYER ZUM BÜSCHENFELDE (With 5 Figures)	233
7.3	A Strategy for the Surgical Management of Gallstone Pancreatitis C.F. FREY	242

7.4	Treatment of Biliary Pancreatitis: Approach, Technique, and Results R. MEISTER (With 4 Figures)	251
8	Standards and Limits of Conservative Treatment	
8.1	Acute Pancreatitis: Standards of Conservative Treatment H. GOEBELL and M.V. SINGER	259
8.2	Baseline Management in Acute Pancreatitis I. IHSE, A. EVANDER, and J.T. HOLMBERG (With 4 Figures)	266
8.3	Antiproteases: Effective Treatment with Gabexate Mesilate M.V. SINGER and H. GOEBELL	272
8.4	Peritoneal Lavage and Dialysis for the Treatment of Acute Pancreatitis M.J. MC MAHON and P.G. LANKISCH	278
8.5	Enteral and Parenteral Nutrition in Acute Pancreatitis G. H.-K. DÜRR (With 1 Figure)	285
8.6	Principles of Intensive Care of Patients with Acute Pancreatitis U.R. FÖLSCH	289
9	Clinical Management of Patients with Severe Acute Pancreatitis	
9.1	Medical and/or Surgical Treatment of Severe Acute Pancreatitis W. DOMSCHKE (With 4 Figures)	295
9.2	Indication for Sugery in Necrotizing Pancreatitis	
9.2.1	Indications for Surgery in Extended Pancreatic Necrosis M. LEMPINEN (With 3 Figures)	305
9.2.2	Indications for Surgical Intervention in Necrotizing Pancreatitis with Extrapancreatic Necrosis C. GEBHARDT	310
9.2.3	Bacterial Infection of Pancreatic Necrosis R. ROSCHER and H.G. BEGER	314
10	Surgical Treatment of Necrotizing Pancreatitis	
10.1	Timing and Indication for Surgical Treatment in Necrotizing Pancreatitis H.-D. RÖHER and D. MAROSKE (With 4 Figures)	321

10.2	Indication, Techniques, and Results of Resection of the Pancreas J.H. ALEXANDRE, J.L. BOUILLOT, and J. DHOTE	328
10.3	Necrosectomy and Postoperative Local Lavage in Patients with Necrotizing Pancreatitis: Results of a Prospective Clinical Trial H.G. BEGER, M. BÜCHLER, R. BITTNER, W. OETTINGER, S. BLOCK, and T.J. NEVALAINEN (With 3 Figures)	335
10.4	Surgical Procedures for Acute Necrotizing Hemorrhagic Pancreatitis V. SCHUMPELICK, F. GRABBE, and F. PIEPER (With 3 Figures)	347
10.5	Management of Pancreatic Abscesses A.L. WARSHAW (With 2 Figures)	354
11	Results and Follow-Up After Acute Pancreatitis	
11.1	Follow-Up After Acute Pancreatitis: Morphology and Function M. BÜCHLER, A. HAUKE, and P. Malferttheiner	367
11.2	Short- and Long-Term Results After Necrotizing Pancreatitis F. MARTIN, P. PEDERZOLI, and G. P. MARZOLI	375
11.3	Causes of Death in Hemorrhagic Necrotizing Pancreatitis H. KÖHLER, G. LEPSIEN, and H. D. BECKER	377
11.4	Substitution of Pancreatic Enzymes: Basic Information by In Vitro Investigations M. OTTE and P. RIDDER (With 1 Figure)	383
	Subject Index	387
