VORWÖRT

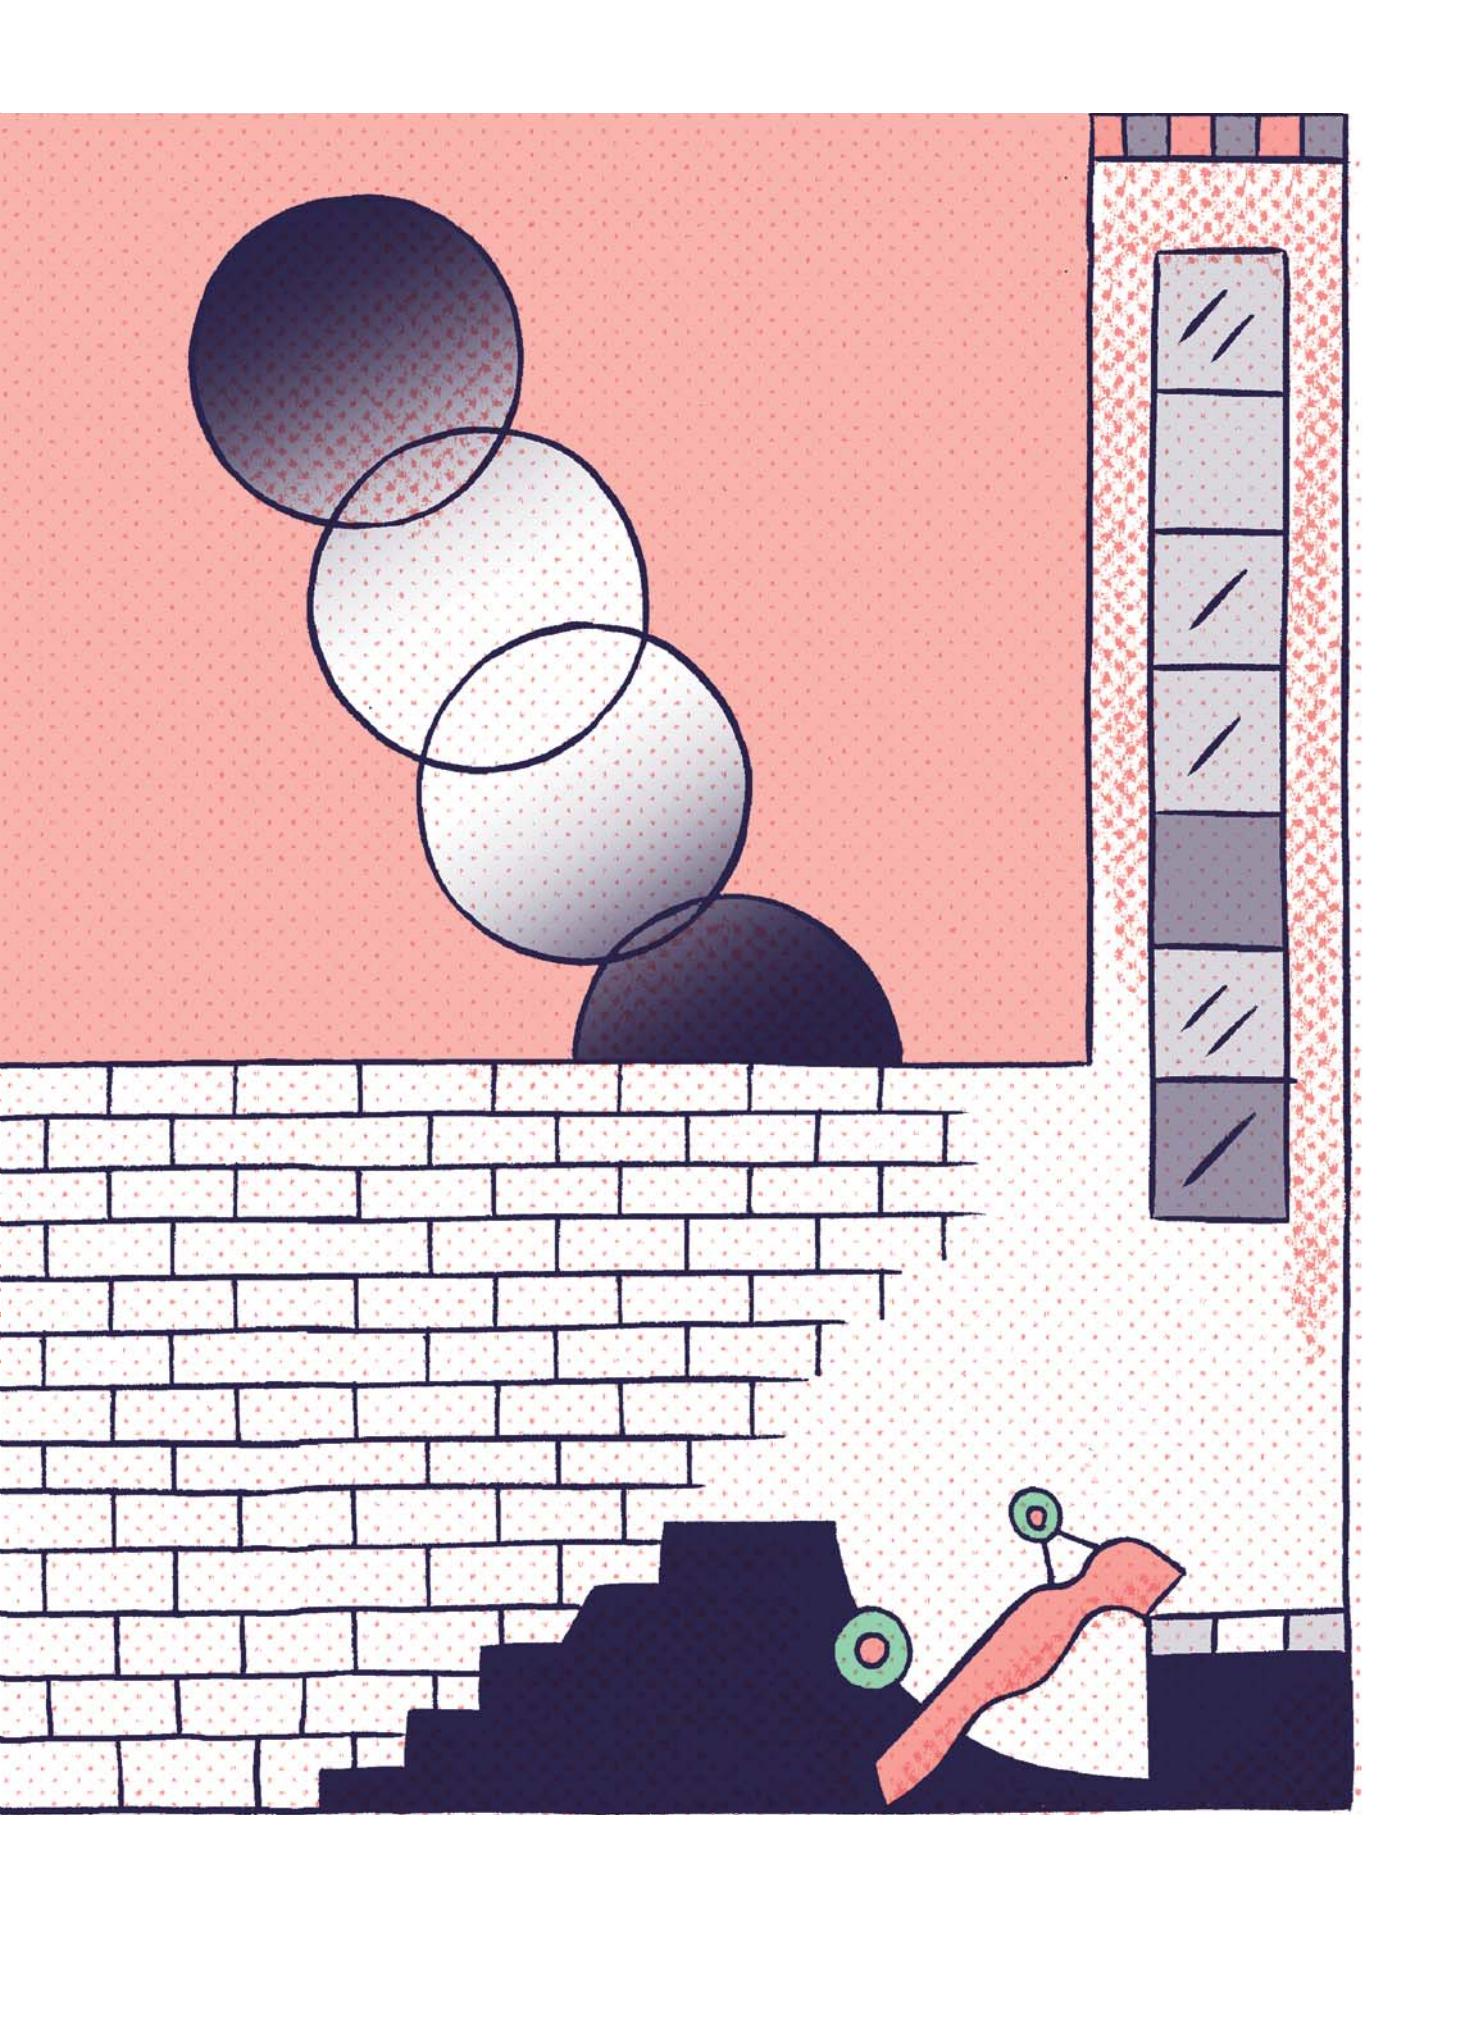

DAS HIER IST DAS PARADIES. JAJA, DAS SIEHT MAN NICHT AUF ANHIEB UND ANDERS VORGESTELLT HATTEN WIR UNS DAS AUCH. ABER TAUSCHEN WÜRDEN WIR MIT KEINEM/KEINER. HIER BEWEGEN WIR UNS FREI, SIND FORSCHER*INNEN, UNTERSUCHEN, WAS IMMER UNS INTERESSIERT, GEBEN UNS DER ABLENKUNG HIN. PROKRASTINATION! DER STIFT IST NICHT UNSER FREUND UND DAS PAPIER IST NICHT UNSERE FREUNDIN. ABER SIE WERDEN DA SEIN UND AUF UNS WARTEN, WENN WIR ZURÜCK KOMMEN. UND UNS HINSETZEN. UND ZU ERZÄHLEN ANFANGEN. UND DANN... ZEICHNEN WIR UNS... UND EUCH!

This is paradise. Yeah yeah, you don't see it straightaway and we'd pictured it differently, too.

But we wouldn't trade places with anyone. Here we move freely, we are researchers, we examine whatever interests us; give ourselves over to distraction. Procrastination! The pen is not our friend and neither is the paper. But they will be there and wait for us, when we come back. And sit down. And begin to tell stories. And that's when... we'll draw ourselves... and you! June 2017

Wiese der Lust > Beach of Boredom //

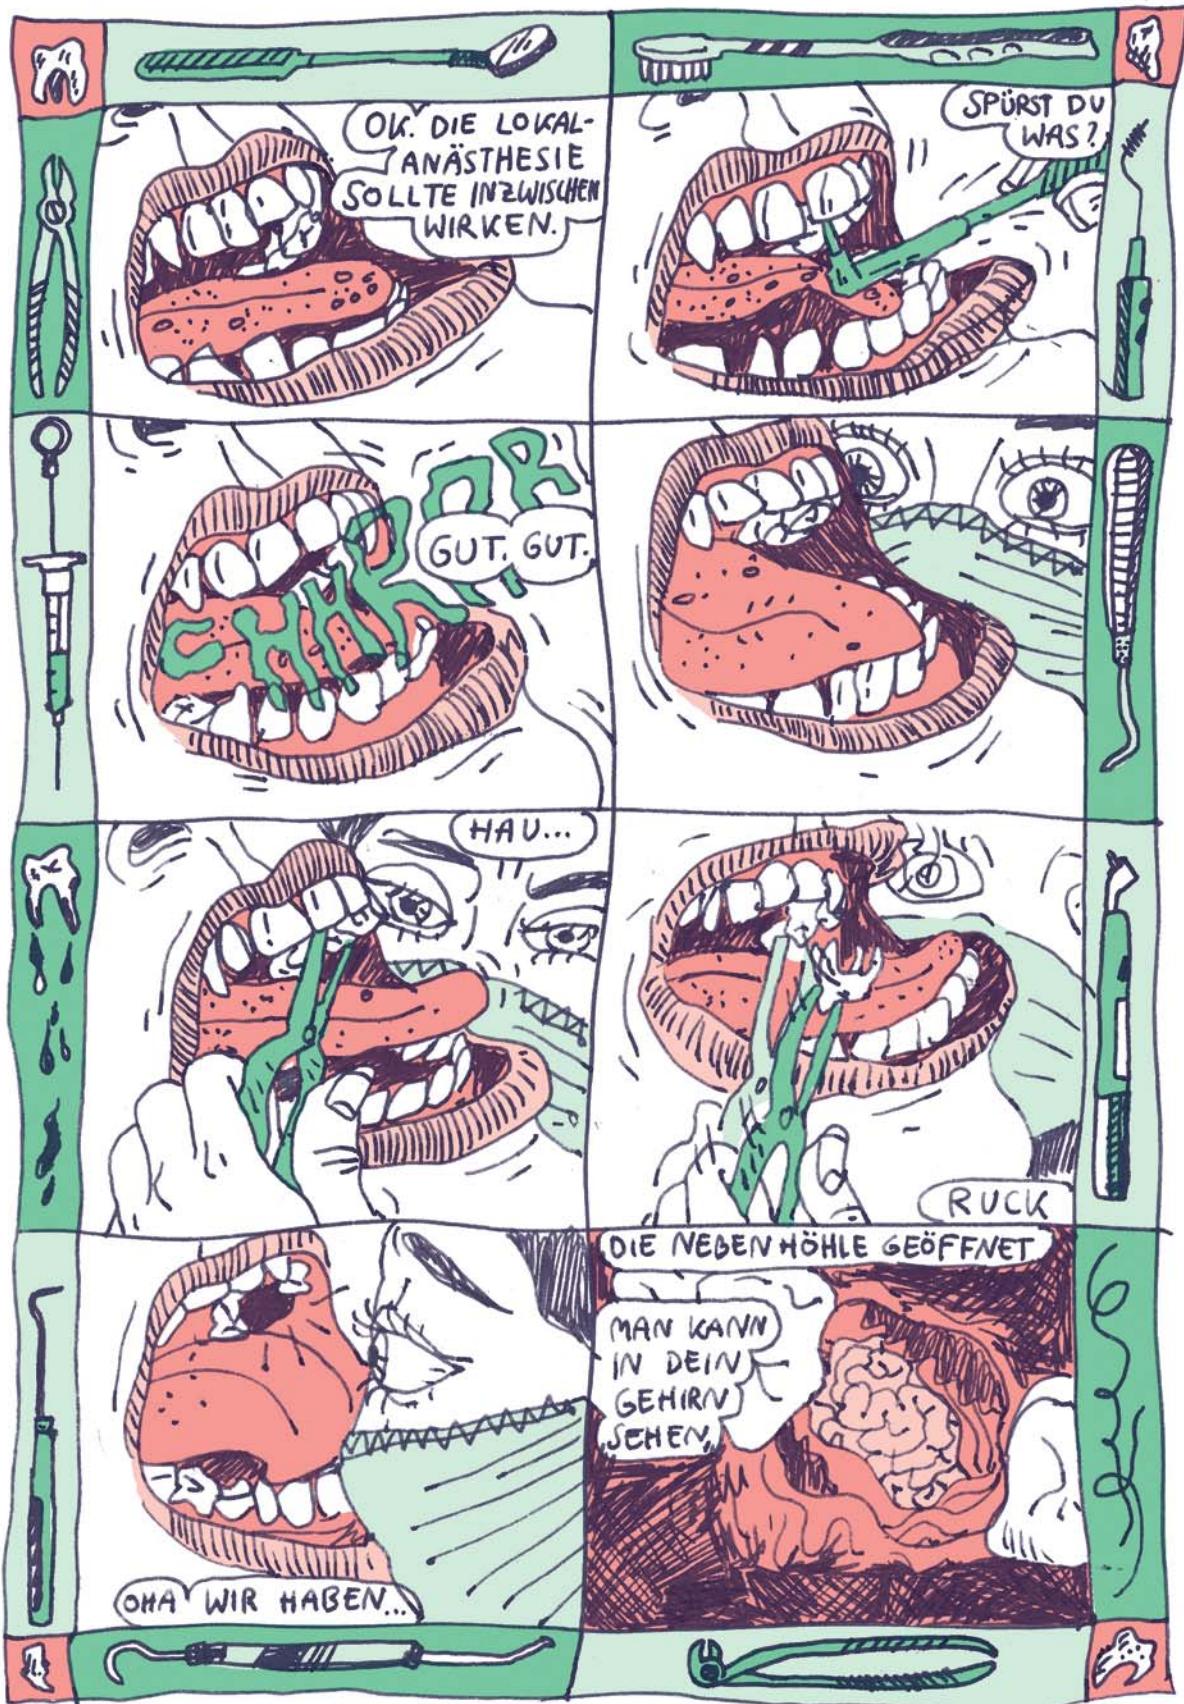

Florian Biermeier > A tragedy // Avocado – Oh! Pleasant face! / Are you the one to end my chase? / Disgrace! / Touched by half of humanity? / Just to examine consistency? / In between the squashed and slimed / I found the one I shall call mine / Once just a fruit. Now precious treasure / Will I guide you home to snack you with pleasure / I take your clothes / To see through tears... / Your rotting flesh... / Ridiculing my hopes and my fears! / Hohohoho! / Next page / You monstrous dread in gorgeous dress... / Laugh delightedly >

at homunculus' mess! / My flesh is sear, fruitfully withered / My heart cold as a stone as you should have figured / Avocad – Oh woe is me! / You're already dead, I knew, should not have trusted in thee / You little runt cowardly lie at your own mug! / True was the hope that you felt! / Greedily you've chased me for pleasure – a drug! / Rightly you lie there and pelt! / Assholecado! / The devil begotten! / Already knew but must have forgotten... / You beast! You bastard! Inescapable fate! / AVOCADO! / Incarnation... / ...of hate

Jolanda Obleser // Ok. The local anesthesia should be effective by now. / Can you feel anything? / Alright. / Heave / ho! / Oh. We have... / opened the paranasal sinus. / I can see inside your brain.
